A CASE IN POINT. On the 27th of January, 1803, Mr. D. S. Moore, o Grampian II II. ClearBeld C. In 1864 she suffered severe pair in one of her legs attended with swelling which extended from the knee to the hip. In about two months it broke and discharced, and has cuntanued so to do until the present time 0n one occasion a piece of bone three inches in length, and at another time one of a smaler size, came out.— her knee has been still for three years, and at times the pain is very severe.* * * * * INDORSEMENT OF THE PRESS. The many thousands cured at the institution year after year, and the numerousinportant Surgical Ope-rations performed by Dr. Johnston, witnessed by the reporters of the "Sun," "Ollpper," and many other pipers, notices of which have appeared again and again before the public, lesides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the adhieted.

For many years I was the victim of Dys-person in its most aggravated form: my system having become so much decanged and debilituted, that I was a unable to perform any knut of labor. I had resorted to the best doctors within reach, without relief. I used some of the most popular remedies of the day, recom-mended for that disease, but none of them did me any good. My sufferings can be understood by any one suffering from the same disease, but they could not be described in word .
