Those flattering invitations, together with the very favorable notices of the press, as well as the many prospective engagements of the lecturer, fully attest the excellence of the Lec ture itself, not less than the popularity of the theme; and we trust all who can, will go to Rheem's Hall next Monday evening, remembering that the proceeds will be devoted to a most benevolent and worthy cause-our sick and wounded soldiers, and their needy families

First Lieutenant J M. Thompson, 49th P. V, has been on duty at the Car lisle Barracks for the past nine months as adjutant of the drafted camp at that place. His association with our citizens during that time have been of the most pleasant character his courteous and gentlemanly conduct hav ing gained for him hosts of friends and ad mirers. He leaves this morning to rejoin his regiment, and we bid him a hearty God speed Lieut. Thompson has handed us the follow ing testimonial to the efficiency and general

good conduct of his subordinates, and it is with pleasure we give it place in our columns Before leaving this camp to join my regi ment, I desire to noticé several non commissioned officers of Penusylvania regiments who have been on duty at this rendez ous since

last fall. 1st Sergi's. E P. Jeffries, 17th Cav., S. S. Bierer, and Jas. Noble, 11th P. V Sergt's Robert M. Nichols, Donaldson Forley, 13 n Cav , Wilmam Sheldon, 17th Cav., M. Zister, Thomas Penn 16th Cav., Sam'l. Cuthbertson 7th Pa. R. C. George Dosh and John G. Bobb,

87th P. V. These non commissioned officers are all de serving of great commendation for the manner in which they have performed their duty dur ing the past winter It would be unjust for me to say that any one of them has done bet ter than the rest; but I cannot refrain from mentioning the names of four who have been more particularly brought to my notice, being on duty daily and more especially under my observation. They are 1st Sergt. E. P. Jeffries who has been in charge of the Recruits, Ser geant James Noble, who has been acting Or derly Sergeant in the Permanent Company of drafted men, Sarg't. R. M. Nichols, acting Commissary of the Camp, and Serg't. George

Dosh, Chief of Police. The manner in which these last named have performed their duties in their different positions, and the assistance rendered me as Ad jutant of the camp, as well as benefitting the men, has won for them a reputation, which if sustained by continued good behaviour and faithfulness to duty, cannot fail to be hand somely rewarded. CIBCUS COMING -In another part of this paper will be found the advertisement of Messrs Gardner & Hemmings' circus. -We notice some of our cotemporaries are denouncing this show in unmeasured terms Now, while we, do not wish to be considered as championing the show system, or in any way advocating its claims to public patronage, we insist upon saying that from our own personal knowledge this particular circus is no worse, and in fact much better than the thousand and one exhibitions of kindred ilk. which have been repeatedly puffed and ap plauded by these same virtuous newspapers who have no better reasons than those ad vanced as aforesaid, for avoiding entertain men's of this sort, to "go and see the circus."

The Committee doem it undecessary to do more, than thus to present the subject to the people of the three States named. In the coming campaigne's our armies, the labors of the "SANITALY COMMISSION" will be greatly augmented. By the first of Jun-700 of men-one of the largest armies of motern times—will be operating in the field. So large a force, scatter ed over regions to which the men are unaccimated, must necessarily carry along withit a large amount of sickness, suffering and death, to say nothing of the gathered horrors of the bastlefield.

Those sufferings, it is our bounded duty, as men and Christians, to offere, A great and enlightened people, enjoying the blessines of agovernment of their own making, CANNOT REFUSE assistance to men suffering to maintain its authority, and we will not bellow that the "GREAT CENTRAL FAIR," drawing its products from the three States of Pennsylvania, New Jersey and Delawars, so affluent in all mineral, agricultural and industrial wealth, shall fall behind any similar effort which has yet been made for the relief of the Nation's children.

BREAKING OR TWISTING ON THE SHAFT.

Without Cog wheels, the whole strain of forcing the cloth through the Machine is put upon the tower roll as when Cog wheels with our Patent Regulator are used, hesides the extra strain upon the cloth.

In reply to the question, "How Long will it Last!" we can only say, "As long as a wash tub, cooking store, or any other family utensil." See testimony of Orange Judd, of the American Agriculturist, No. 41 Park Row, N. Y., who says of the LINIVERS A. C. LORING WILLIAM COLD.

"We think the machine much more than PAYS FOR IT SILF EVERY YEAR in the saving of garment!—We consider it important that the Wringer be fitted, with Cogs, otherwise a mass of garments may clog the rollers, and the gollers upon the crank-shaft slip and tear the clothes, or the rudder break loose the shaft.—Our own is one of the first made, and it is as GOOD AS NEW after nearly FOUR YEARS' CONSTANM USE."

It is easily and firmly secured to the tub or washing machine, and will fit tube of any size or shape. It will eave its opst every six months in the saving of clothes Those with COG WHEELS ARE WAR. of clothes Those with COG WHEELS ARE WAR-RANTED in every particular. No. 118 SOUTH SAVENTH STREET,

PRILADELPHIA, APRIL 47H, 1804.

The committee on "Ladde, Incomes and Revenues," invite co operation with them in the particular work for which they have been appointed. As no portion of the people are more particular than the working men and women of the country, it is but just and proper that they should alike have an opportunity to contribute to the objects of the Fair. The most equable plan for accomplishing this, and, at the same time the easiest one, at to ask for the contribution of a single Day's Ladde from all classes in the community. Many will contribute a day of their labor willingly, who would not subscribe their money. To reach every department of industry and art will be a work of great labor, but, if attiened, will be productive of immense results.

The success of the plan will depend upon the hearty co-operation of every element of influence within our limits, and we in yite all the guardians of the industrial interests, and all others, to take hold with us in furthering this case as a street of the committee is charged with the following duty, to wit:

The Committee is charged with the following duty, to wit:

First—To obtain the contribution of "one day's labor," or earnings, from every artisan and laborer, foreman, operative and employee; president, cashier, teller and clerk of every incorporated and unincorporated company, railroad and express company, employing firm, bank, manufactory. Iron works, oli works, mill mine and public office; from every private banker and broker, importer, auctioneer and merchant: clerk, agent and salesman; designer, finisher and artist; publisher, printer and mechanic from every government officer, contractor and employee; grover, butcher, baker and dealer; farmer, horticulturist and producer, from every mantua maker, millioer and female operative; every individual engaged in turning the soil; tending the loom, or in any way earning a livelihood, or holiding a firtune within the States of Pennsylvania, New Jersey and l'elaware.

Stoodb.—To obtain the contribution of one day's "Revenue," from all the great employing establishments, firms, corporations, companies, railroads and works.

"Revenue," from all the great employing establishments, froms, corporations, companies, railroads and works.

Third.—To obtain the contribution of one day's income from every retired person and person of fertune—male and female—living upon their mean and from all clergymen, lawyers, physicians, dentists, editors, authors and professors; all other persons engaged in the learned or other professions.

Much of this work must be performed by the personal influence and efforts of ladies and gentlemen associated, or to be associated with the Committee in carrying out this plan.

The Committee feel the assponsibility of the work they have undertaken, which, to be successful, will require a very perfect ramineation of the ip an and they therefore call upon all earnest people, to assemble themselves t gether in every own, township, and county, and form organizations of ladies and gentlemen to cooperate with them in this great work and labor of love. In the manufacturing counties, the coal and oil regions, and in the arricultural districts, towns, so that the young people may have an opportunity thus to render assistance to their relatives and friends fightling the battles of their country in the armies of the nation.

The work of this Committee may be prosecuted where no other effort can be made for the Fair, a sin the miners, and a day's product of the mines, can be obtained, where no portable article could be procured for the miners, and a day's product of the mines, can be obtained, where no portable article could be procured for the miners, and a day's product of the mines, can be obtained.
