What a pity that a young man, the hope of hiscountry, the darling of his paronts, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must before con-

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness—
Indeed, without those, the Journey through life becomes a weary pligristics; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill timed sense of shame, or-dread of discovery, deters him from applying to those who; from education and respectability, can alone befrieud him, delaying till the constitutional symptoms of this horrid disease make their appearancel such as ulrearted sore threat, diseased nose, nocturna, pains in the head and limbs, dimness of sicht, deafness, nodes on the -him bones and arms, blotches on the head; face and extremities, progressing with trightful rapidity, till at last the palate of the mouth or the hones of the nose fall in, and the victim of this a wful disease becomes a horril object of commiscration, till death puts a period to his dreadul sufferinge, by sending him to "that Undiscovered Country from whence DISEASE OF IMPRUDENCE.

It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulners of ignorant pretenders, who, by the use of that deadly poison, Mercury, ruin the constitution and make the residue of life miserable. STRANGERS

Trust not your lives, or health, to the cure of the many unlearned and worthless pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's a ivertisement, or style themselves in the newspapers, regularly educated physicians, incappible of curing, they keep you trifling month after month taking their filthy and polsonous compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr. Johnston is the only l'hysician advertising. His credentials or diplomas always hang in his office. His remedies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive private practice than any other physician in the world

INDORSEMENT OF THE PRESS.
