A. GRAND COMBINATION. -The great combination of equestrian and zoological attractions formed by the union of Thayer & Noyes' popular Circus troupe with Van Amburgh & Co.'s Menagerie, which is to be here on the 5th of August, presents inducements for a general patronage such as are seldom offered in a single establishment.— This is the first season of the combination, and we learn that the favor extended to it is such as to well reward the energetic pro-"jectors of the enterprise for the enormous expenditure they have incurred in effecting the junction of two such extensive companies. Van Amburgh's Menagerie has a world-wide reputation, and the collection the present season is said to be one of the finest ever brought together on this side of the Atlant c, comprising many extremely rare specimens of animated nature. The huge elephant "Hannibal," the largest quadruped on this continent, and much the largest animal of his species ever exhibited in America, is included in the Menagerie, and is an ex hibition of himself. The performances giv en at each entertainment will be of the most våried character, including every description of equestrian, gymnastic and acrobatic feats, introducing one of the most talented and complete circus companies ever organized. Dr. Thayer, the inimitable humorist, will administer his sovereign remedy for low spirits in allopathic doses, and altogether, visitors may depend upon receiving a full equivalent for the price of a ticket. The feats of Mr. Noyes' beautiful trick horse "Grey Eagle," and the performances of Mons. Davis, a pupil of the great Van Amburgh, in the lions' den will be found worthy of particular attention.

We clip the following complimentary notice of the behavior of the officers connected with the Carlisle Garrison, during the recent rebel invasion, from the Hagerstown Herald and Torch:

"Lieutenants Stanwood, Jones, Winches ter, and Draper were in command of squads, and discharged their duty faithfully, and with a coolness and bravery which did credit to themselves. The whole squad was under the immediate command of Lieut. II. S. McLean, who handled it well, and gave evidence that he possesses, in a high degree, the qualities which mark the true soldier. Both officers and men, ever since the beginning of our troubles, have conducted themselves like soldiers, and have won the confidence of our

Lieutenants McLean, Stanwood and Jones have been on duty hereduring the past year, and enjoy an enviable reputation as soldiers and gentlemen. Their duties during the late invasion were of the most arduous character, and were performed in a manner that did credit to themselves, and saved our border from the depredations of the guerillas who led the advance of the rebel column. The citizens of the Cumberland Valley owe a debt of gratitude to the officers and soldiers of the Carlisle

SECOND PROVISIONAL ARTILLERY .-This fine regiment is now in the 9th army corps, and has been through all the severe battles of the wilderness, making its mark, as equal to any of the old veteran regiments. Carlisle is represented in this regiment by Sergeant Chas. D. Hall, James Weaver, and John Zollinger, the latter of whom was severely wounded in the head during the tërrible charge on the rebel works at Petersburg on the 9th inst. As the gallant conduct of this regiment does not seem to have received the attention it deserves, we give the following account from one who was

FROM THE NINTH ARMY CORPS. Cornespondence of the Inquirer.

SECOND PROVISIONAL ARTILLERY, P. V. BEFORE PETERSBURG, July 3, 1864 Son account published has done justice to the Provisional Second Pennsylvania Artiflery, in the terrific charges made on the 17th of June. The brave Burnside gave the orders to storm portions of the enemy's works in front of Petersburg. The regiment was attached to Colonel Marshall's Brigade, General Ledlie's Division. Major Mars-LAND commanded the regiment, Colonel WILHELM having been previously wounded.
Lieutenant-Colonel BARKEY commanded
the brigade. Colonel MARSHALL was wound ded, and several officers in the brigade killed. Captain John Exton commanded the first batallion, and Captain JASTER H. HOLMAN the second. In carrying the first line of the enemy's works the gallant Major
"MARSLAND and Captain Exton were very
seriously, wounded. The command of the
regiment then devolved upon Captain J. H. HOLMAN. In the bayonet charge he carred the colors at the head of his regiment. Upon entering the enemy's work a terrible scene was: witnessed: the enemy's dead and dying were piled up four and five deep, shot principally through the head and breast, by our advancing troops.

Our regiment captured some eighty pris-

oners of the Thirty-fifth North Carolina Regiment, among which were several field and line officers. Captain J. H. Holman, of Philadelphia, turned them over to the gallant General Leplie. The prisoners were very anxious to be taken to the rear.—
They say Richmond will never be taken bove ground. We will see about that.

The rebels never fought with more obstinate desperation The Frst Brigade held only a portion of the line; the enemy were still in position on both sides of them, and those that had been driven out were in advance, firing from another line of rifle-pits. A terrible cross fire from both flanks, and a direct fire from the front. This brigade held their ground splendidly. Our brigade and General Prence's charged the works, however, and drove the Rebels from the flanks, the Rebels maintaining their ground. The fight then became one of hand to hand and breast to breast, and crossing of bayonets. The Rebel and brave Union troops were bayoneted on both sides. Northern steel triumphed, and the Rebels fell back, leaving us in possession of their works together with several hundred prisoners. The ditch inside was filled with their dead and wounded, which gave ample evidence of the terrible struggle. Our loss was severe in killed and wounded, in officers and men. Our regiment has lost many brave officer, and a large number of men, in this campaign, in the Wilderness, Spottsylvania, Cold Harbor, and in front of Petersburg.

SARSAPARILLA THE WORLD'S GREAT REMEDA

SCROFULA AND SCROFULOUS DISEASES.
From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your Sarsafar-Illa, but never yet one bottle which falied of the desired effect and full estisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

From Mrs. Jane E. Rick, a well known and muchesterned lady of Dennisudle, Cape May Co. N. J. "My daughter has suffered for a year past with a cerofulous eruption, which was very troublecome. Nothing afforded any relief until we tried your Sarbaratilla, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known firm of Gage, Murray & Co., manufacturers of enamelied papers in Nashua, N. H.

1 had for several years a very troublesome humor in my ince, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your Sarbararilla. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without adoubt owe it to your Sarbararilla.

Erysipolas—General Debility—Purify the Blood.

From Dr. Robt. Sawim, Houston St., N. Y.
Dr. Ayer: I seldom tail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarbararilla, and I have just now cured an attack of Maliginant Erysipelas with it. No alterative we possess equals the Sarbararilla, you have supplied to the protession as well as to the people."

From J. E. Johnston, Esq., Wakeman., Ohio.

For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dolins' worth of medicine. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarbararilla. Took two bottles, and commonity, and excites the wonder of all."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of sige, was attacked by pimples on his forchead. They rapidly spread until they formed a lonthsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedles, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sausapakilla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

Syphilis and Mercurial Disease. From Dr. Hiram Sloat. of St. Louis, Missourt.

From A. J. French, M. D., an eminent physician of Lawrence, Mass, who is a prominent member of the Legislature of Massachusetts.

"DR. AYER—My dear Sir: I have found your SABBAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswek, N. J., had dreadful ulcers on his legs, caused by the abus of mercury, or mercuriad disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of Ayer's Sarsaparilla relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him. Leucorrhes, Whites, Female Weakness,
