LATEST FROM WASHINGTON. ACTIVITY OF THE SHARPSHOOT-

A Rebel Train Captured.

WASHINGTON, Aug. 10. postmaster of the House of Representatives. Unless by direction of the Secretary of War, no passes will hereafter be issued by Colonel Ingraham to parties desirous of visiting prisoners of war, now confined in the Old Capi-

Many of our officers have fallen beneath the fire of the sharpshooters, but our sharpshooters are quite as efficient as those of the rebels. The Moblie Register says that our men kill their artillerists sometimes a mile distant.—
He states that the day before he wrote, a spent ball struck the ground in front of General Lee, and glancing struck his heel, and a few ninutes after a young officer, standing near Lee, was shot through the lungs.

A lot of rebel prisoners arrived here yester-elay afternoon. They were not as destitute looking as the common run of rebel prisoners. Our forces captured a rebel train of twenty five wagons, loaded with grain, near Aldie's Gap, on Sunday.

The robel guerrillas are getting very bold.

They approach within a few miles of our dees and have commenced gobbling up our straggling soldiers.

General Averill's Late Victory HARPER'S FERRY, Aug. 9. General Averill attacked the combined forces of M'Causland, Johnson, Gilmore and M'Neil, on the morning of the 7th, and after a spirited fight completely routed their entire amand, capturing all of their artilleryfour pieces, a vast quantity of small arms. 400 horses and equipments, and 420 prisoners including 6 field officers and 32 company officers. M Causland with his broken and demoralized command, has fled to the mountains. Our loss was comparatively small—7 killed and 21 wounded. Among our killed are Major Congress and 1st Lieut. Clark, of the 3rd Virginia cavalry. They were struck down while gallantly leading a charge.— Capt. Kerr was severely wounded while penetrating the enemy's lines.

fsecond despatch.] "MOBILE, August 8 .- It is painfully hum liating to announce the shameful surrender of Fort Gaines, at half-past 9 o'clock this morn-ing, by Colonel Charles Anderson, of the 21st

Alabama regiment.
"This powerful work was provisioned for six month, and with a garrison of 600 men! He communicated with the enemy's fleet by flag of truce with the sanction of Gen. Page. "Gen. Page inquired by signal what his purpose was, but received no answer. His

attention was attracted by signal guns, and Gen. Page repeatedly telegraphed: 'Hold on to your fort.' The same night he visited Fort Gaines, and found Anderson on board the Yankee fleet arranging the terms of capitulation. He left peremptory orders for Anderson on his return, not to surrender the Fort, and relieved him of his command .-Fort Morgan signalled this morning, but no answer was received except the hoisting of the Yankee flag over the rainparts of Port Gaines!
"Anderson's conduct is officially pronounced inexplicable and shameful."
