IOWA THE BANNER STATE. - Lincoln has swept Iowa like a hurricane. Every county heard from shows Union gains, and the grand majority, including the soldier's vote, will exceed 50,000. Some estimates place it as high as 60,000 to 70,000. Iowa Thas furnished over 60,000 men for the army of the Union and her people at home are as loyal as her soldiers are brave. She has done better at the ballot-box in propertion, than any other of the western States, and has fairly won the Union banner of the northwest.

One of these cars was an empty house or box car with sliding doors upon the sides. Into this one the boys had climed and young Johnson was standing at the side of the open door looking backwards, when a board protruding from a coal bin standing close to the track caught the iron handle of the car door pushing it violently the head from the body and killing him almost instantly. The deceased was an interesting lad of about fourteen years, and and his sudded and untimely death has wellnigh distracted the family.

ATTEMPTED INCENDIARISM. -On last Sunday, about noon, an attempt was made o fire a larn belonging to Mr. B. Law, in the Southern part of the Borough. The fire was discovered before it had made much progress, and was speedily extinguished. The barn, or stable, was located on a lane near the public grave-yard, and it is thought by some that youngsters were in the habit o epairing thither for the purpose of gambng, and that it was accidentally fired by a igar or matches. Others incline to the pinion that it was the result of deliberate ncendiarism. Be it as it may, it behooves us all to be vigilant just now in regard to fires .- American.
