Exactly five hundred years have elaps ed since a hermit, weary of the labor of having nothing to do, and tired of sitting the dull day through by the side of the stone which supported the sun dial in front of St. Anthony's Chapel, on Highgate Hill-that stone which subsequently became known at Whittington's-resolved to mend the ways between the summit of the hill and the low part of the vale ending in Islington. This hermit was a man of some means, and he devoted them to bringing gravel from the top of the hill and laying it along the unclean track, which then, as now, bore the name of " Hollow Way." By digging out gravel, he gave a pond to the folks on the hill. where it was greatly needed; and he contributed cleanliness and security to the vale, where neither had hitherto been

Travellers blessed the hermit who had turned constructor of highways; the pilgrims to St. Anthony's found their access to the shrine of the saint made easy and pleasant by him; and as for the beneficent hermit himself, his only regret was that, in accomplishing his meritorious act for the good of his fellow-men, he had entirely exhausted all his fortune. The king, however, came to the rescue. He set up a toll-bar, and published a decree addressed to "our well-beloved William Phelippe, the hermit," that he and the public might know wherefore. The king declared that he highly appreciated the motive which had induced the hermit to benefit "our people passing through the highway between Highgate and Smethfelde, in many places notoriously miry and deep." Curiosities of Currency. SORTS OF MONEY.

The currency of the world includes nany kinds of money. Gold, silver, copper, iron, in coins or by weightstamped leather; stamped paper; wooden tallies-shells of various kinds-pieces of silk or strips of cotton-cloth, of a fixed size and quality-are, or have been, all is use among mankind as forms of currency, as convenient or negotiable forms or representatives of property. Many of these kinds of money are simultaneously in use in the same country. Gold, silver, copper, and stamped paper co-exist as different forms of money in the currency of Europe and America; gold, silver, copper, and shells in india; silver, copper and pieces of silk in china; copper, cotton-strips, shells, and the silver dollar in various parts of Africa. Sparta had a currency of iron. SILVER vs. GOLD.
