The scrofulous ontamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, fiith and filthy habits, the depressing vices, and, abovg all, by the venereal infection. Whatever be insortigin, it is hereditary in the constitution, descending "from parents to children unto the third and "from parents to canteren unto the third and fourth generation ;" indeed, it seems to be the rod of Him who says, "I will visit the iniqui-ties of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Correspondent to the churches and finally consumption; in the glands, swellings which suppurate and become ulcerous surce; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver comduce moleculon, dyspepsia, and liver com-plaints; on the skin, eruptive and cutaneous affections.
