of well known, approved usefulness to farmors, among which they would call especial attention to WIL LOUGHBY'S Celebrated Patent GUM SPRING GRAIN DRILL, GUM SPRING GRAIN DRILL, which has taken over fifty First Class Premiums at State and County-Fairs. To the Farmers of Cumberland, York and Perry counties we need not speak in detail of the merits of this drill, as scores of them are now in use on the best farms in these counties. Its reputation is established as the most complete Gran Drill now manufactured in the United States. It sows Wheat, Rye, Oats, Barley and Grass, evenly and regular, without bunching the seed. The gum springs pass the drill over stumps and stones, without breaking pins or the drill. For even and regular sowing, the Willoughby Gum Spring Drill is unequalled by any other. Oct. 14, 1864:

contamination is variously caused by mercurial disease, low, living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venered infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" infleed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver comcontamination is variously caused by mercurial duce indigestion, dyspepsia, and liver com-plaints; on the skin, cruptive and cutaneous affections. These all having the same origin, arrections. These are inving the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh"

healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Ery sipelas. Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader

may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims for more subject to discose and its fatal results than are healthy constitu-tions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This ve now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sursaparilla in alterative power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital func-tions, and thus expels the distempors which lurk within the system or burst out on any part of it.
We know the public have been deceived by many compounds of Sursiparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues
