By order of the Committee. JAMES A. DUNBAR, Chairman May 22, 1865.

DECLINE IN THE PRICES OF BEEF .- The sales of beef cattle in New York city last week were large-amounting to about four thousand five hundred head of all kinds; and the prices are lower. The Eccning Post. says: The range was eleven and a half to nineteen cents a pound for the meat-a fall of eight cents in five or six weeks. Sheep and lambs sold for eight to eleven cents .--The rates for meats of every description are falling, and in a few weeks they will be materially less than now. The stock of cattle and other animals is sufficient to meet the demands.

RIGHT.-The Secretary of War, we glad to observe, is vacating the clerkships it his office, and bestowing them on soldier who have seen long terms of service, who are disabled, and competent to fill them .-This is right. We hope that the same principle will be adopted in every other department of the Government. Recently, a Mr. Palmer-all honor to him-who held a position in the Custom House, Providence, R I., resigned his position in favor of a onearmed soldier. Let us make it a point to take care of our mained and crippled heroes

THE WAY OF RESTORATION .- A COPPOpondent of the New York Technole mentionseeing a captain in Lees late army at bi home plowing a small garden lot with his war horse. He had lost all his slaves and most of his personal property. But he had a wife and children, whom he was bound to support. Labor is the true way to restore the South. THE NEW FRENCH MINISTER, on Satur day week, presented his credentials to the President, accompanying them by a few remarks, to which the latter briefly replied .-M. Montholon referred to the ancient alliance of the two countries, and the wishes o the Emperor for the complete restoration of peace and concord on the continent of Ame rica, and the consolidation and greatness of the United States, expressing also the deep sympathy of the Emperor and of France of the grief in which the most atrociouerimes had plunged this country.

REVENUE FRAUDS .- The United State authorities in New York have seized, during the early part of the present month, on thousand barrels of high wines, and twelve hundred barrels of alcohol. The seizure was made on the ground that the property wasold fraudulently under the internal revenu law. The manufacturers of the wines and alcohol are J. A. Rhomberg & Co., of Du buque, Iowa, whose distillery is now in nossession of the authorities. Another distillery has also been seized on account of violation

NATIONAL FINANCES .- By the large income of ready cash into the National Treasury, from taxes and from the immense sale of 7-30 bonds, the finances of the Government are working fair, and but for the fact that the payment to the officers and soldiers of the army, to be retired from the service, are more than usually heavy, a very short time would see every dollar of the ascertained indebtedness paid.
