FOURTH OF JULY .- The "glorious Fourth" was celebrated with more spirit than has been manifested for many years. The day was ashered in by an amount of ringing of church bells, benting of drums and firing of cannon, indicative of immense joy at the return of our national jubilee and productive of an equal amount of discomfort to every person who had any prejudices against rising at three b'clock in the morning. At ten o'clock a procession was formed in the Public Square, consisting of the returned soldiers, Odd Fellows, and the Fire Companies of town, under the direction of Chief Marshal, J. T. Zvo, and quite a host of assissant marshals. The propession after having passed through all the streets of the borough proceeded to the College Campus, where a large concourse of this mar et. After the organization the Rev. Dr. John son opened the exercises with a very appropriate prayer, after which the Declaration of Independence was read by Col. W. M. Penrose. The returned soldiers were then formally welcomed to the celebration in a brief address by J. M. Weakley, Esq., after which Col. R. M. Henderson delivered the OF HARVARD COLLEGE. Oration. Col. Henderson's address was a very happy effort and was listened to by the audience with interest and pleasure. The No. Academical Year 1865-'66, there proceedings were enlivened by very excellent music from the Garrison Band.

After the meeting adjourned the procession formed again, and proceeded to Rheem's Hell where a free dinner was served to the soldiers and firemen. During the fore part of the day every thing went off harmoniously, a d though the heat was tery intense the feeling of patriotism and rejoicing produced by the occasion was sufficient to make every me comfortable and even jubilant. constrength and will remain longer in une throwny to the Plano. The construction is simple and natural, all the extraneous lumber in the body of the instrument is dispensed with: the sound boards are merely two arched planks of thin wood, like the front and back of a violing the strings are attached to a strong from imme, which is separated and entirely independ ent of the case, thereby dispensing with the old harp form eistringing, by substituting straight bidges, pieserving at the same time the Over Strung Bass, of which Mr. Driggs is the inventor. By these improvements we cain much more vibratory power, at the same time the over Strung Bass, of the best much more vibratory power, at the same time preserving all its purity and richness of the country, among which are:

To Farmers & Horse Dealers.

R. J. SHIFFERT the celebrated Vo Iterinary Surgoon, has permanently located in Carlisle, for the purpose of operating upon diseased horses. Dr. has had 20 years experience in treating diseases of Horses, and during the last four years has had from 1000 to 2000 diseased horses under his care. He wishes it understood, that within the last 20 years many flores have come under his notice that have been injured by maltreatment from the hands of men who have no knowledge of either anatomy, or iscasses, or medical treatment of the flores. A great many of these floress he has cured after they have been drugged by such men.

REFERENCES The undersigned having trusted Horses, both externally and internally disease; to the jive fessional skill of DR. JOHN SHIFFRIT. concur in saying that his treatment gave entire satisfaction, and we cheerfully recommend all persons wishing to consult or employ a veterinary surreen to give him a call.
