## PIANO-FORTES.

DRIGGS' NEW PATENT.

RE the only Instruments constructed on a truly scientific principle. They have great er strength, and wil remain longer in tune than any other Piano The construction is simple and natural. all the extraneous lumber in the body of the instrument is dispensed with; the sound boards are merely two arched planks of thin wood, like the fient and back of a violin; the strings are attached to a strong Iron frame, which is separated and entirely independ ent of the case, thereby dispensing with the old harp form of stringing, by substituting straight blidges, preserving at the same time the Over Strung Bass, of which Mr. Origes is the inventor. By these improvements we gain much more vibratory power, at the same time preserving all its purity and richness of They have received the highest testimonials from the
