A NOTHER GREAT CURE IN THE CITY OF NEW YORK, Of a highly respectable citizen, well known to the Mercantile community, by

DR. J. H. SCHENCK, THE GREAT LUNG DOCTOR OF PHILADELPHIA Office N. Y. and Galena Lead Co., No. 28 Nassau St., New York, June 1, 1865. No. 28 Nassau St., New York, June 1, 1865.

DR. J. H. SOHENCK—Dear Sir: — For over fifteen years I have been troubled with a severe-cough, and usually two or three times a year with more or less hemorrhage, which to ether, for the last few years, has kept me thin in-flesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be prepared so lar as property matters were concerned, to leave this world at short notice. The physician (and my good friends) sai: that the first cold I took must prove latal. Early in January I took a severe cold, and fortunately was occupying rooms at No. 32 BUND STREET, directly over your office. I think about the 16th of January I procured a bottle of your Pulmonic Syrup and commenced taking it freely. My feet and limbs were very much swellen, and all the symptoms of a spredy death seemed to accompany my cold. I sont for my former physician, and size de to him that I was taking your medicin s, and after showing them to him, and having taken to them. & c., he collied: "You can take them!" secure to accompany my cold. I as an lof my former physician, and stated to fitte that I was taking your medicines, and after showing them to him, and having fasted of them, &c, he replied; "You can take them if you like, they will do you no harm." He said: "You know what I told you last summer, and I say the same now, it you have any business to close up, do not put it off." He said to other friends that he "cou.d see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a lew times, and found me (much to his surprise, he said.) improving and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the coutrary, expressed sad doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmanic Syrup. Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wisned of a nutritious mature, and to exercise about the room as much as possible. I followed your advice, and to the surples of my old physician and friends, I seem much better than I have been for several years, and breasthe better than I have been for several years, and breasthe better than I have been for several years, and breasthe better than I have been for several years, and much better than I have been for several years, and we seen for several years, and medicines invaluable.

Yours, t edicines, and after showing them to him, and having

Yours, truly, Yours, truly,

T. S. SHELDON.

DR. SCHENCK—Dear Sir:—About two years ago I was taken with a very troublecome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a plys clan, who attended me for about three months a phys cian, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our bespitals, and also had the advice and treatment of two other physicians but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day I am well and hearty! I was advised by some of my friends to try Dr. Schenck & Medicines. I accordingly bought bottle after bottle, until I reached the whith; then I found a decided change in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after

y from pulpitation of the heart, and two weeks after commenced taking your modicine this difficulty I commenced taking your modicine this difficulty ceased.

When I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled: my skin was as sallow as though I had the jaundice; I leit dull, heavy and sleepless. Dr. Febenck, after examini g me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pulmonic syrup, Sea-Weed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought way g eat quantities of ble and slime; the Syrup loosened the matter in my tungs, which came off very tree; the Sea-Weed Tonic gave me an appetite, and overything seemed to taste good.

To show what great power the medicines have in puritying my system, and to show how bad I was diseased, b side all the hile that passed my bowds, and the great quantities of placem and matter I expectuated, I broke out all over in large boils, that would continue to gather and run for about six weeks, and I had at one time over twenty-live boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed cuch heat th for five years as I do now, and cannot prake you and your medicines enough. May G dathrough your agency; and if any one desires to know with regard to the bruthfulness of this report, if they will call upon any of my fiends, or upon me, No. 4 Dryden Place, noar Thompson street, below Cadwalader. Philadelphia, they will be perfectly satisfied with the true the true. Yours.

## PIANO-FORTES.

DRIGGS' NEW PATENT.

ARE the only Instruments constructed on a truly scientific principle. They have great or strength, and will remain longer in Tune than any other Piano. The construction is simple and natural all the extraueous lumber in the body of the instruient is dispensed with; the sound boards are merely two arched planks of thin wood, like the front and back of a violin; the strings are attached to a strong Iron frame, which is separated and entirely independent of the case, thereby dispensing with the old harp form of stringing, by substituting straight bridges, eserving at the same time the Over Strung Bass, or which Mr. Driggs is the inventor. By those improve-ments we gain much more vibratory power, at the ame time preserving all its purity and richness of

They have received the blobest testimonials from the ress, and all the principal artists in the country ong which are:

L. M. Gottschalk, Harry Sanderson, Max Maretzek. S. Thalberg, Wm. Mason, Theodore Eisfield, Herman Wollenhaupt, A. Barili, M. Strackosch Francis H. Brown,

Wm. Honry Fry, Chas. Fradel. Mr. SEGESMUND THALBERG, the great planist ays:—I have examined your new Piano-fortes, and I rdially approve of its system of construction. Its orinciple, by which great increase of vibratory power is obtained, being very simple and perfectly philosophical. The tone is grand and noble; it has great capacity for sustaining the sound or singing, and its volume of tone or power I have never heard excelled in lepth, purity, and sympathetic sweetness. Wm. HENRY FRY, late musical critic of the N. Y

ribune says :- I have examined your newly invented dano-Fortes. They merit all the praise given to them ov Messrs Thalberg, Gottschalk, Strackosch, Mason and others. As regards structure, they are original and philosophical; in purity, volume, and continuit f tone; in vocal versimilitude, that crowning excel. lence which enables the planists to "sing" on the in strument, your Pianos ever deserve the highest rank Your invention, in my opinion, is destined to work a radical change in the manufacture of Pianos through

From the N. Y. Herald, Fept. 5 .- Upon a careful ex amination of Drigg's Piano-Forte, we find the results obtained are a very fine singing tone, great purity and orilliancy throughout the entire instrument, not often ound in Pianos constructed upon the old plan. The N. Y. Times, July 12, says:—We have now an instrument without an equal. It can sing with a mooth delicacy, pertectly unattainable on any other instrument; an ordinary player obtains with no exertion, the fullness of a Grand Piano-Forte, and they must speedily superseds the old styles.

Gerriever .- Having thoroughly examined and tested the Plano-Fortes invented and patented by Mr B. Driggs, I am of the opinion that the tone result e from his improvements, as exhibited in the in aments under examination, in point of richnes upth and brilliancy, equals that of the best Grand liano Fortes, and excels them in pure, musical intonation and actual tone, power thus approximating closer to what I consider perfection in the instrument than has yet been achieved by any other system of

Read who Says So. From the Rev. Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia, at present Pastor of the Baptist Church, Chester, Pa. I have known Hodland's German Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and cailing the sitention of those afflicted with the discuss for which they are recommended, to those bitters, knowing from experience that my recommendation will be sustained. Id on this more cheerally as Hoolland's Bitters is intended to benefit the afflicted, and is "not a rum drink Yours, truly.

Yours, truly, LEVI G. BECK. **F** \*

L From Rev. W. D. Seigfried, Pastor of Twelfth Bapist Church, Phila. Gentlemen:—I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Heofiand's German Bitters were recommended by persons who had tried them, and whose favorable mention of these bitters induced one to try them. I must confess that I had an aversion to Patent Medicines from the 'thousand and one' quack "Bitters." whose only aims seems to be to paim off sweetened and drugged liquor upon the community in a sly way, and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the st mach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great great and permanent benefit from the use of a few bottles. Gentlemen:-I have recently | een | laboring unde

Very respectfully yours, W. D. SEIGFRIED, No. 254 Shackamaxon Street.

From A. M Spangler, Editor of the Culturist, No. 25 North Sixth Street. PHILADELPHIA, July 15, 1765. PHILDELPHIA, July 15, 1765.

Some eighteen months since I was a severe sufferer from Dyspepsia. I was not only unable to take plain ood without suffering great distress, but had become o debilitated as to be almost unfitted for active business of any kind. so debilitated as to be aimost unnited for active business of any kind.

After trying a variety of so-called remedief, all of which preved worthless, I was induced, at the suggestion of a medical friend, to give Hoofland's German Bitters a trial. I accordingly purchased six bottles, which were taken in geordance with your directions. The result was complete removal of all distressing symptoms, after eating or drinking, and a full restoration of strength, so that I now eat all ordinary kinds of food with impunity, and am able to attend to all the actives duties of a large and arduous businers as well as at any period of my life, the good effects of the Bitters were manifested before I had taken the first bottle.

bottle.

I have also used it in my family with the happiest results, and take great pleasure in adding my testinony to that of the many others who have been benefitted by them. I find great benefit from the use of a bottle in the spring and fall. They not only create a vigorous appetite, but give a health tone to the stomach, by strengthening its directive powers.

If the above testimony will be the means of inducing any who suffer from dyspensia to give your bitters a trial (when it, I feel confident, will give them relief,) it is at your service.

Yours, truly,

N From the Rev. E. D. Fendall, Assistant Editor Chris ian Chronicle, Phila ign currencee, rmia.

I have derived decided benefit from the use of Hoof-land's German Bitters, and feel it my privilege to rec-ommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours, truly. E. D. FENDALL.

From Rev. D. Merrige, Pastor of the Passyunk Bap at Church, Phila. tist Church, Phila.

From the many respectable recommendations given given to Dr. Hoofland's German Bitters, I was induced to give them a trial. After using several bottles I found them to be a good remedy for debility, and a most excellent tonic for the stomach.

From Rev. Wm. Smith, formerly Paster of the Vincentown and Millville (N. J.) Baptist Churches, Phila. Vincentown and Miliville (N. J.) Esptist Unurches, Phila.

Having used in my family a number of bottles of your Hoofland's German Bitters. I have to say that I regard them as an excellent medicine, specially adapted to remove the diseases they are recommended for They strengthen and invigorate the system when debilitated, and are useful in disorders of the liver, loss of appetite, &c. I have also recommended them to several of my friends, who have tried them, and found them greatly beneficial in the restoration of health Yours, truly. Yours; truly, WILLIAM SMITH,
