FOR GOVERNOR.

Con. TOHN W. GEARY.

GEARY NOMINATED.

We have borely space and time to notice the remination of Maj Gen. John W. (1) vey, by the Union State Convention, a our candidate for Governor. The nomination was made on the first ballot. Gen GEARY having received \$2 votes out of 133, and was immediately declared unanimous. It is scarcely necessary for us to say that the ac tion of the Convention has been most judicious. We constantly advocated his nommation upon the grounds of his eminent qualifications for the office and his great availability as a candidate. We felt sure that the masses of the people were favorable to him from the first and the large vote cast by the convention for him, when the name of several other distinguished and patriotic

citizens were before it proves conclusively how great a hold our soldier candidate has upon the affections of the 'oyal men of Penn-ylvania. We regret that the proceedings of the Convention have come to us too late for publication in this issue, but we will give them in full in our next. Never before in the history of our party has a State Convention been composed of so many of our most emminent public men and never before has there been more harmony and unity of purp so. The platform adopted will meet the ordial approval of all our loval citizens and will completely allay whatever symptoms of discord may have been manifested by any portion of our party. With a platform up n which all can consistently stand, and a cond. rate whose political and inflitary react with any other political organization as long as it exists. Respectfully yours.
