IT LOOKS LIKE CONSUMPTION. TEVER neglect diseased lungs until consumption sets in and you are pronounced incurable. Always attend to a complaint at once. "A stitch in time saves nine" is an adage quite as applicable to bodily ailments as to business transactions. Resitch in time saves nine" is an adage quite as applicable to be dilly aliments as to business transactions. Remember that your life is in dat gor, however lusignificant may seem to be the malady in its first approaches and, as it is "the best life you have got, and you may never got a better," (to use John wesley's quaint language,) take care of it. The use of Radway's Radway's Ready Relief in the incipient stages of consumption will always avert the grip of that fatal affliction. We have porsonally known cases of diseased lungs which looked just like consumption and which had many of the symptoms accompanying it of confirmed consumption, that gave way immediately to Radway's Ready Relief taken, as a atimulant, in bot sweetoned water on going to bed at night. The perspiration occasioned by it was copious and extremely offensive, but it carried off all the dangerous appearances, and as a natural result of the persistent use of the Ready Relief overy other night for three or four weeks, the diseased lungs became well. The raising of blood ceased. The cough gradually disappeared. The plain in the chest departed experience of the large relation occasioned by it was copious and extremely offensive, but it carried off all the dangerous appearances, and as a natural result of the persistent use of the Ready Relief is certain to effect such a wholesome change if its application be persevered in. Not that we assort it to be a remedy for any decided case of consumption, we cannot conscientiously aver that. But we do say, we utter it with confidence, that it has cured, and that it will cure, many cases which look like consumption, and may be depended upoh. The Ready Relief is certain to effect such a wholesom change if its application be persevered in. Not that we assort it to be a remedy for any decided case of consumption, we provent the such as a such Michigan:

MEMUHIS, MACOMB CO., MICH., 1
Sept. 4, 1862.

"DR. RADWAY—Dear Si.—About four year's since I
was very much affected with DISEASED LUNGS. My
friends thought I had the Consumption. I was entire
y unfit for business, raised blood, and had every
symptom of the above fital disease. One night, ou
going to bed, I thought I would take a sweat, and took
your READY RELIEF (in hot water) as a stimulant to
sweat me. It did so. The perspiration was of a slimy
substance, and offensive smell. I followed taking the
Ready Relief every other night for four weeks, and at
the end of that time was entirely well. This is a true
statement of facts, which I will testify to under eath.
