Patent Metallic Sole. A NEW INVENTION.

WETTING THE FEET is the most profife cause of disease and death known to humanity. It is almost sure to bring on a cold; and colds, neglected, and often when not neglected, lead to fevers or to coughs had latal consumptions. It is in recognition of this fruth that the inventive talent of the country ha for years been devising some method, or attempted to devise it, for keeping the feet dry, and yet that should not give inconvenience to the wearer. Rubber shoes, in one form or another to ave hitherto been our reliance; but it is well known as among their many wils that while they keep the feet dry from external mousture they sweat them over much, and by this inducing an undue tenderness increase a susceptibility to colds rather than otherwise. They are also cumbersome to the feet and withat are very expensive. The demand is for comething that shall make the ordinary foot and shoe impervious to water, without aftering their elegance or dura, lifty, and, it possible, without adding sensibly to the cost of their manufacture. These, it will be conceded are most important leadures, and we conscientiously after the they are also outely attained in the invention here with press sted to the public.

SAMUEL K. HUMRICH,

CCHENCK'S MANDRAKE PILLS FOR LIVER COMPLAINT. A SUBSTITUTE FOR CALOMEL.

If your bowels are costive, TRY THEM, If you have worms, TRY THEM. If your breath is bad, If you feel drowsy, TRY THEM. If you have taken a drop too much, TAKE A FULL DOSE.

They only cost 25 cents a box. TRY THEM. Blue Mass, and other preparations of Mercury, actually produce more suffering and death than the diseases which they Profess to cure. And yet this corriste mineral so denounced by the allopathic dectors, prescribed by them almost universally in Liver Conplaint, Consumption of Luugs, &c. THE MANDRAKE PILLS

THE MANDRAKE PILLS

are composed entirely of roots and herbs, obtained from
the great storehouse of Nature, and their salutary eftects will appear as soon as the medicine is brought to
the test of a fair experiment. SCHENGE'S MANDRAKE PILLS do not produce any nausea or sickness
of the stomach; but when given for Dyspepsia, it may
be proper to use them in connection with SCHENGE'S
SEAWEED TONIC. By this judicious treatment the
digestive faculties are speedily restored to their full
vigor, and the worst cases of indigestion may be cured.

When we reflect that the liver is the largest internal organ of the body, that to it is assigned the important duty of filtering the blood and preparing the bile,
that it is subject to many disorders, and that when it
is diseased or inactive, the whole body suffers sympathetically, it is not supprising that a medicine which
can restore the healthy operations of the Liver should
produce wonderful changes in the general health, and
effect ures which may appear to be aimost miraculous.
Headache of long continuance, sever-pains in the side,
breast and shoulders, aching of the limbs, a feeling of
general weakness and wretchedness, and other alarming and distressing symptoms, indicative of imperfect
or disordered action of the liver, are speedily removed
by the use of SCHENCK'S MANDIAKE PILLS.

Costlveness, piles, bitter or your cructations, and
that indescribable feeling of oppression, mental anxie-

superscriptions and distressing symptoms, indicative of imperfect or disordered action of the liver, are speedily removed by the use of SCHENCK'S MANDRAKE PILLS.

Costleeness, piles, bitter or sour eructations, and that indescribable feeling, of oppression, mental anxiety, languor, lethargy, and depression of spirits which unfat a man for the management of business and the enjoyment of life, are all relieved by the use of SCHENCK'S MANDRAKE PILLS.

Dr. Schenck.—Dear Sir: I take pleasure in sending you a certificate in addition to many you have already received from suffering humanity. I can scarcely find language sufficiently strong to express my heartielt gratification of the wonderful cures your MANDRAKE PILLS and SEAWEED TONIC have effected in the entire cure of one of the most stubborn cases of the affection of the liver. For three years I suffered beyond description; all my friends, as well as mysolf, came to the conclusion that my time in this life was short. Such was the terrible condition to which I was reduced that life to me had become a burthen; my whole system was in a state of inflammation; I could not eat, I could not sleep; my whole body was filled with pain; swelling would arise in my wrists and ankles, rendering them totally useless. On several occasions I was attacked with a rush of blood to the head, which would find the could do no more for me, and advised me, as a last resort, to drink cod liver oil. Not relishing the horrid trash I declined to take it. Accident put your advertisement in my hands. I called on yeu; you examined me and told me the nature of your was effected. I continued your Pills and Tonic with an observance of ditt, pledging your word thatin one week I would find myself another man. I followed your was effected. I continued your Pills and Tonic for some time, and now thank God for his goodness, and your valunble medicine, I am once more restored to perfect health. I most earnestly recommend those who are suffering from affection of the liver to give your Pills and Tonic a

Tribune says :- I have examined your newly invented Piano-Fortes. They merit all the praise given to them by Messrs Thalberg, Gottschalk, Strackosch, Mason and others. As regards structure, they are original and philosophical; in purity, volume, and continuity of tone; in vocal versimilitude, that crowning excel. lence which enables the planists to "sing" on the in strument, your Planes ever deserve the highest rank Your invention, in my opinion, is destined to work a radical change in the manufacture of Pianos through

ont the world. From the N. Y. Herald, fept. 5 .- Upon a careful ex amination of Drigg's Plano-Forte, we find the results obtained are a very fine singing tone, great purity and brilliancy throughout the entire instrument, not often found in Pianos constructed upon the old plan.

The N. Y. Times, July 12, says:—We have now an instrument without an equal. It can sing with a smooth delicacy, perfectly unattainable on any other instrument; an ordinary player obtains with no exertion, the fullness of a Grand Plane-Forte, and they must speedily supersode the old styles.

Gentlemen:—Having thoroughly examined and tested the Piano-Fortes invented and patented by Mr . B. Driggs, I am of the opinion that the tone result g from his improvements, as exhibited in the in epth and brilliancy, equals that of the best Grand 'iano Fortes, and excels them in pure, musical intonation and actual tone, power thus approximating closer to what I consider perfection in the lustiumen than has yet been achieved by any other system o Yours respectfully L. I have known Hoofland's German litters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects, that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to benefit the afflicted, and is "not a rum drink."

Gentlemen:—I have recently 'een laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of these bitters induced me to try them. I must confess that I had an aversion to Patent Medicines from the "thousand and one" quark "Bitters," whose only aims seems to be to paim off sweetened and drugged liquor upon the community in a sly way, and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was resulty a medicinal preparation I took it with happy effect. Its action, not only upon the streach, but upon the nervous system, was prompt and graifying. I feel that I have derived great and permanent benefit from the use of a few bottles. usines at the Old Stand in the basement of the First lethodist Church. From Rev. J. Newton Brown, D. D., editor of the Encyclopedia of Religious Knowledge and Christian Chronicle Philadelphia. Altaough not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet knew of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident rollef and restoration to a degree of bodily and mental vigor which I had not felt for six months be fore, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN, and intends to keep constantly on hand a full assortment of the unequalled Planos manufactured by Steinway & Sons of New York.
