 Mess. Colz, STEWARD, & Co. . Gentlemen.--I have, examined the Honey you so indy presented to me. Myself and fimily have eaten of it, and had we not known to the contrary, would have been astonished at honey being thus early taken from the Bees. Your Höney is in all respects, equal to the best Bee Honey I have ever seon; indeed, identical in smell, flavor, taste, and app arance, with that manufactured by the "Little Busy Hees." I can most cordially recommond it to the public, as a pure and most delicious article for family use. My father was an Aparlan, and I have been accus-tomed all my life, to have good honey. Yours truly, JOHN C. LESHER. LEIDIGH & MILLER our readers, we commend the article to their careful perusal:— A bundred and one makers of Organs, cottago, Par-Jor, Cabinet, American, School Organs, etc etc., are each claiming to make the best instrument in the world. Being comparatively a new instrument as at present constructed, we are convinced the public are much less capable of judging of its merits, or demorits, than of most other instruments. If there is really an essential difference in them, if there are some excel-lent and some worltlessones; the public gloud have some criterion for judging of them, some facts which will enlighten them. We cheerfully concele the space for this article knowing that there is hardly a family, or church, or school in all the land, but is more or less interested in this topic. We are also aware of its be-ing a great misfortune, a real calumity, to any of them to purchase an inferior or worthless Urgan, ruinous to good pleying, and often a source of much annoyance and voxation. We know this article to emanato iroom a candid and inteiligent source, and thus we give it to our readers. GRAND OPENING FRAME HOUSE, uel Wolf, dry goods, 14 J. F.
