Patent Metallic Sole. A NEW INVENTION. WETTING THE FEET is the most PETTING THE FEET is the most prolific cause of disease and death known to humanity. It is almost sure to bring on a cold; and colds, neglected, and often when not neglected, lead to fevers or to coughs and notal consumptions. It is in recognition of this right had consumptions. It is in recognition of this right had consumptions. It is in recognition of this right had consumptions. It is in recognition of the country ha for years been devising some method or attempted to devise it, for keeping the feet dry, and yet that should not give inconvenience to the warer. Rubber shows, in one form or another, nave hithertobeen our reliance; but it is well known, as among their many evils, that while they keep the feel dry from external mosture, they swent it em over much, and by thus inducing an undue tenderoess increase a susceptibility to colds rather than otherwise. They are also cumbersome to the feet, and withal are very expensive. The demand is for comething that shall make the ordinary Boot and shoe importous to water, without adjecting their elegance or dura lifty, and, if possible, without adding sensitly if the cost of their manufacture. These, it will be conceded as a most important. Features, and we consecutiously affirm that they are absolutely attained in the invention herewish press noted to the public.

The invention consists in inserting between the 1 in ner and outer side, when the bot is making, a thin Marallia Plats exceedingly dustile, combining flexibility with roughness, very light, and every way apaped to the out of desired, while the additional expense is merely nominal. It furnishes a perfect barrier against the admission of wet or dampless, though the test may be exposed ever so long upon wet payements or damp ground. exposed ever so long upon wet pavements or dan ground

TESTIMONIALS.

The undersigned have for the past six months worn Boots and Shoes possessing Mr. Seedy's METALLIC SOLE, and find them an effectual preventive against dampness and the coids so often taken from damp feet. Most gladly do we testify to the porfect efficiency of their service. The estable sole is not only a grand contribution to the cause of general health, but a positive luxury obviating all necessity of India Rubber shoes, except in muddy weather. All ordinary dampness, and even water upon pavements, is completely folied of its power of harm by this most simple and useful invention. No one who has once used them will ever be without them again, as they increase the cost of boots and shoes by a um which is scarcely worth namica, and insure, positively, dry feet, which is recknowd among the first conditions of health and comfort. We heartly rec. mmend the "Metallic Sole" to all the sonsibit. J. CLEMENT FRENCH,

Dear Sir—in reply to your inquiries regarding your patent Metallic Sore, I take great pleasure in stating that I had them put in a pair of time calf skin boots, which I were the whole of last winter in the west streets of Albany. I have had them, half soled since, and am wearing your Metallic Soles now, with fult in tention never to be without them. I have not had a wet or damp foot during the whole time I have worn thom. I pronounce them the test insole yet made. I am satt fied that no person having once worn them will daw thout them. Wishing you the success you deserve for so valuable an invention for the preservation of healt.,

MR. SAMUEL J. SEELT:

Dear Sir—I take great pleasure in offering my testimony to the usefulness and cumfort fyour patent Metallie Sole. I have used a pair of boots for the passeven mouths, furnished with this Sole, and feel no hesitation in saying that I have never worn shoos that combined so perfectly the desirable qualities of dryness and durability.

EMMA OVERTON, Brooklyn, New York. S. J. SELLY, ESq.:

Dear Sir—in answer to your request. I am pleased to state that I have manufactured shoos containing your Metalic Sole by machinery. I think them a superior article for keeping the feet dry. In manufacturing them there is no trouble from cutting the thread when sewing, nor any difficulty in putting them in the shoe,

Respectfully yours. peetfully yours,

CONSUMPTIVES,

READ WHAT DR. SCHENCK IS DOING.

DR. J. H. SCHENCK.

Dear Stn:—I feel it a duty I owe to you, and to all who are suffering, under the diseases known as Consumption and Liver Complaint; to let them know what great benefits 1, have reseived, from your Pulmonic Syrup and Seawed Tonic in so short a time. By the blessing of God it has cured me thus far.

Dr. schonck, I will now make my statement to you, as follows:—About eighteen months ago I was attacked with a severe cough, and it settled on my lurgs; I could not ritatia haything I ate, and suffered with evening fovers and night sweats. I was very much reduced. The whites of my eyes were very yollow; likewise in skin; my appetite all gone, and unable to digest what I did eat; howels swoolen, irregular and costive. I was very low spirited, and had such violent spolis. I coughing when I laid down a talght and when I arose in the morning that they would last one or two hours.

I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe my wrethed suffering as I would wish to do. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June, 1863, not able to sit up. I had the best of medical attendance the whole of the time. My cough was so very bad that it racked mo very much. I at this time raised a large quantity of thick, yell w, ollousive matter, semetimes with blood, and it was generally accompanied by nausea and afured and thick coated tongue. At the time of coughing so badly I would have sharp, shooting pains in my left side and heart, night sweats, and soreness all through my whole cheet; hadmuch inward faver, pain in my beak and under my shootler blades and in the small of my back, and at times so sever that it would throw me I to spasms. Now my physician gave me up to die. Others I had, and the best of them, but they could do hothing for me, and at that time I was northing but skin addones. I then was in the we

brought the Sunday Morculy. In twak an account of a great cure port in mod by Dr. Schenck. She read it to me, and it was so much like my disease that I asked my husband to go and soe him for me. At this time I had-given up all hopes of over getting well again, and made my peace with God, to be ready whenever he called for me.

On the 27th of January, 1863, my husband called on Dr. Schenck, 32 Bond street, New York, and stated to him my case, with a request for him to call and see me which he die, and examined me with the respirometer. When he was about to go I asked him if he could cure me? His reply was; "I cannot tell, both langs are diseased, and the broughtal tubes are affected on both sides." And yet he seemed to think there were tungs enough left to effect a cure if the diarrhea could be stopped. He said in order to do this, he would have to give me Mandrake Pills in small doses at first, to earry off the morbid matter, and then, with astrin-

were rungs enough set to elect a cut it the diarrhea could be stopped. He said in order to do this, he would have to give me Mandrake Fills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it, which he did, but the constant cough mg, night sweats, and diarrhea had prostrated me so that he was afraid my vital powers were too much prostrated ever to rully, and yet he seemed to think if I could live to get enough Full onle Syrup through my system to cause expectoration there were lungs enough lett for me to recover. He wished me to try the Purnonle Syrup and Seawed Tonic at once, saying it would do me no harm, if it did me no good. The first week it seemed to give me strength, so that on Sunday after I sat up in bod and ate hearty for a sick woman; but the next week I lost all hope and wished my husband not to give me any more medicine. But the doctor had warned him at this, and when the medicine was clearing out the system it made them feel somewhat restless, and to persovere; and he insisted en my taking it; and now I feel the benefit of it. For after eight days I began to gain my stringth, and, with the exception of a cold that put me back some, I have been gaining strength or body, my cough is going away, and all my pants are gone; no soruness of the body, my bowels are regular, and my breath is sweet, and I thank God that I am now going about, and sow and read as well as ever I could. I have taken sixteen bottles of the medicine, eight of each. I now have a good appetite and rest well at night, my cough dees no trouble me in getting up or lying down. I would here say to the afflicted with consumption or liver complaint, that Dr Schonek is no humbug. You can rely on what bee says. Delay not it is an german to triffe with these diseases. If you would be cured go at once; and any one wishing to know the lacts as sherin steted can call at my residence, 177 West Houston street, New York city.

They search out the various maladies by which the patient is suffering, and re-invigerate the falling system. To the aged and infirm a few doses of these valuable PILLS will prove to be PIANO-FORTES. DRIGGS' NEW PATENT.

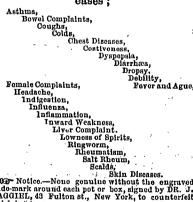

A VERY FOUNTAIN OF YOUTH For in every case they add now life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever RE the only Instruments constructed on a truly scientific principle. They have great or strength, and will remain longer in Tune than any other Piano. The construction is simple and natural all the extraneous lumber in the body of the instrument is dispensed with; the sound boards are merely two arched planks of thin wood, like the front and An Eternal Spring! Iron frame, which is separated and entirely independent of the case, thereby dispensing with the old harp fair.

These Famous Remedies Cannot stay the flight of years, but they can force back, and hold aloof, disease that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When

I have known Hoofland's German Bitters favorably for a number of years. I have used them in my own amily, and have been so pleased with their effects, that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the disreases for which they are recommended, to those bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Hitters is intended to benefit the afflicted, and is "not a rum drink."

H.

From Rev. W. D. Seigfried, Pastor of Twelfth Bap ist Church, Phila. tist Church, Phila.

Gentlemen:—I have recently 'com laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Heoliand's German Bitters were recommended by persons who had tried them, and whose favorable mention of these bitters induced me to try them. I must confess that I had an aversion to Patent Medicines from the "thousand and one" quack "Bitters," whose only aims seems to be to paim off sweetened and drugged liquor upon the community in a sly way, and the tendency of which, I fear, is to make many a confreed drunkard. Upon learning that.-yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the stemach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEIGFRIED, No. 254 Shackamaxon Street, L

From Rev. J. Newton Brown, D. D., editor of the En-cyclopodia of Religious Knowledge and Christian Chropicle Philadelphia. Altaough not disposed to favor or recommend Patent Chronicie Philadelphia.

Altaough not disposed to favor or recommend Patont Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes bimself to have received from any simple preparation, in the hape that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoofland's Gorman Bittors, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by ovident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months be fore, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN, IME undersigned has just received,

From the Rev. E. D. Fendall, Assistant Editor Chris ian Chronicle, Phila. I have derived decided benefit from the use of Hoof-land's German Bitters, and feel it my privilege to rec-ommend them as a most valuable tonic, to all who are suffering from general deblity or from diseases arising from derangement of the liver. Yours, truly. E. D. FENDALI.

From Rev. D. Morrigo, Pastor of the Passyunk Bapiet Church, Phila. tist Church, Phila.

From the many respectable recommendations given given to Dr. Hoofland's Gorman Bitters, I was induced to give them a trial. After using several betties I lound them to be a good remedy for debility, and a most excellent tonic for the stomach. D. MERRIGE. IN.

From the Rev. THOS. WINTER, D. D., Paster of Rexberger between the deserved reputation and the deserved reputation. Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for yeare, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced a great and unexpected relief. My health has been very materially benefited. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.
