Cholera, Diarrhœa, and Dysentery A CURE is warranted by DR. TOBIAS, celebrate VENETIAN LINIMENT, if used when first taken by persons of temperate Lablis. This medicine has been known in the United States over 20 years. Thousands have fised it, and found it never failed to cure any complaint for which it was recommended, and all those who first tried it, are now never without it. In the Cholera of 1848, Dr. Tobias attended 40 cases and lost 4, being called in too late to do any good. DIRECTIONS.—Take a teaspoonful in a wine glass of water every half hour for two hours, and rub the abdomen and extremities well with the Liniment. To allay the thirst, take a lump of ice in the mouth, about the size of a marble every ten minutes. It is warranted perfectly innocent to take internally. Sold by all druggists, price 40 and 80 cents. Depot, 56 Courtlandt May 18, 1866-1m.

our rendors, we commond the article to their careful porusal:—

A hundred and one-makers of Organs, Cottago, Parlor, Cabluet, American, School Organs, at etc., are each claiming to make the best instrument as at present constructed, we are convinced the public are much less capable of judging of its merits, or demerits, than of most other instruments. If there is really an essential difference in thom, if there are some excellent and some worthless ones, the public shoot has some criterion for judging of them, some facts which will enlighten them. We cheerfully concede the space for this article knowing that there is hardly a family, or church, or school in all the land, but is more or less interested in this topic. We are also aware of its being a great misfortune, a real calamity, to any of them to purchase an inferior or worthless Organ, ruinous to good phying, and often a source of much annoyance and wexation. We know this article to cannato from a candid and intelligent source, and thus we give it to our caders.

I have known Hoofiand's Gorman Bittors favorably for a number of years, I have used them in my own iamily, and have been so pleased with their clucts, that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus published. licly proclaiming this fact, and calling the stiention of those afflicted with the discases for which they are

or commended, to these bitters, knowing from experience that my recommendation will be sustained. I do this more cheerically as Hoofand's Bitters is butond ed to benefit the afflicted, and is 'not a rum drink'. Henshaw, Edmands & Co.M. Ward, Close & Co. 6. H. H. Hay, Portland, Me. Although not disposed to favor or recommend Patent stellar and effects, I yet known of no sufficient reasons why a man may not testify to the lemefits he behaves almost to have received from any simple preparation, in the hope to at he may thus contribute to the banefit of thores: I do this the more readily in regard to thooding's German Bitters, prepared by Dr. C. M. Jackson, of this eith, because I was prejudiced against them for many years, under the impression that they were shielly an alcoholle mixture. I am indebted to may friend, Robert Shosmaker, Esq., for the removal of this prejudice by proper lests and for encouragement to try them when suffering from great and long continued debility. The use of these bottles of these Bitters at the beginning of the present year, was followed by ovident relief and restoration to a degree of bodily and montal vigor which I had not fold for six months before, and had almost despatred of regaining I therefore thank God and my friend for directing me to the use of them.

From Rev. W. D. Selgfried, Pastor of Twenth Day tist Church, Phila.

Gentlemen:—I have recently leen laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Heodand's German Bittors were recommended by persons who had tried them, and whose favorable mention of these bitters induced me to try them. I must confess that I had an aversion to Patent Medicines from the "thousand and one" quack "Bitters" whose only aims seems to be to paim off sweetened and drugged liquor upon the community in a sly way, and the tendency of which I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the strunch, but upon the nervous system, was prompt and graiffying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours,

RELIEF IN TEN MINUTES.
