The Revolution of Ideas, Sylvanus G Grove, Columbia. - Mr. Grove, demonstrated the impossibility of stopping the mind of man. He showed the change from the philosophy of the ancients to the apostolic practice of dealing with the real and avoiding the speculative. He maintained that the light of the present age is superior to that of the past. This gentleman's performance was excellent in every particular.

Circumstances Develop Faculties .- J. E. McKelvy. The speaker held that the achievements in the world have been marked by peculiar circumstances. He contended that man was the creature of circumstances which control his action. Mr. McKelvy possesses many of attributes of an orator and his performance was a very excellent one.

Calamities give birth to great minds .-Joseph G. Hamblen, Princess Ann, Md. Statesmen were not called forth until the times required them. The science and art of war gives birth to great minds. It brings forth the latent strength of nations and individuals. Mr. Hamblen's delivery was forcible and his voice and manner were

Classical Oration—Popular Proverbs.— L. E. McComas, Hagerstown, Md. Mr. McComas held that proverbs embodied in short sentences contain the wit and wisdom of all nations, that they are casily retained and are as old as language itself; that truths are condensed in popular proverbs and that from them we learn the characteristics of a people. Proverbs are universal in use, they grow stronger with age and instil morality into mankind. This was one | York. Sold by Druggists. brilliant one wherever he may go. The other addresses were the Masters' Oration by John C. Graham, Esq., of Carlisle, and the Valedictory by Wilberforce Wells, of Philadelphia. We had not the pleasure of hearing either but we have no doubt that the orators reflected great credit

on themselves and their Alma Mater. This year two-to Dickinson entirely novel-celebrations were observed, and we understand the annual custom imaggirated. The first was what is termed class-day exer cises and consisted of an oration, a poem and a history of the class together with a prophecy -each of the performances by members of. the Senior Class elected for the purpose by their fellows. We were not present but learn that the exercises were quite interest-

The second affair was a delightful party given at Mt. Holly Springs by the graduating class to their friends. After a splendid collation had been discussed the ceremony of the wooden spoon was conducted by Mr. Thomas Maurer, who on behalf of the class in a neat little speech presented the spoon to Mr. C. J. String, who received it quite gracefully, expressing his gratification in a feeling manner. We understand that the most popular member of the class is selected as the recipient of the honor, the gift being esteemed the highest mark of good feeling.

AMERICAN ORGANS.

(From "Godey's Ladies' Book" February,

REED ORGANS, &c. THE following remarks and suggestions relative to this immensely popular instrument will doubtless interest and profit very many of our readers, we commend the article to their careful.

our readers, we commend the article to their careful perusal:—
A bundred and one makers of Organs, Cottage, Parlor, Cabinet, American, School Organs, etc. etc., are each claiming to make the best instrument in the world. Being comparatively a new instrument as at present constructed, we are convinced the public are much less capable of judging of its merits, or demerits, than of most other instruments. If there is really an essential difference in them, if there are some excellent and some worthless ones, the public should have some criterion for judging of them, some facts which will enlighten them. We cheerfully concede the space for this article knowing that there is hardy a family, or church, or school in all the land, but is more or less interested in this topic. We are also aware of its being a great misfortune, a real calamity, to any of them to purchase an inferior or worthless Organ, ruinous to good pluying, and often a source of much annoyance and vexation. We know this article to camante from a candid and intelligent source, and thus we give it to

interested in this topic. We are also aware of its being a great misfortune, a real calamity, to any of them to purchase an inferior worthless Organ, rulnous to good pluying, and often a source of much annoyance and voxation. We know this article to emanate from a candid and intelligent source, and thus we give it to our readers.

The question is often asked, what are "reed organs?" We adswer, they are, in most cases, nothing in the world but the old melodeon in disguise. Many of the so-called organs have the same beliows, the same reeds, and the same general internal arrangement. With the beliows turned on edge to gain room, they have simply put on a more pretentious exterior and a more high sounding name. But an organ, to be in reality an organ, must have a wind chest or reservoir for air separate from the beliows, into which wind-chest the reeds open, and the tone has room to expand and perfect itself into the full round tone, similar to the flute or pipe organ, over, smooth, firm, and mellow; and this tone from reeds cannot be obtained in any other way known. Nothing so annoys a true organist as to have the volume of sound swelling and jerking spasmodically with every variation of force on the bellows, which is always the case where the reeds open direct into the bellows or air passages, instead of a wind-chest or sound-box. And yet some makers even go so far as to claim this spasmodic or automatic jerking of the bellows on the reeds as an excellence, just as though they did not know that it must very soon throw the reeds out of tune, and injure the bellows; and as though it were not an easier matter to obtain a much better and more easily managed swell by other methods. The truth is, any organ, so celled, or melodoen which has the wind acting directly upon the reeds, is nothing more nor less than a huge accordeon, dress it up as you may. And when organists and true musicians become awa, eof the fact that they can obtain the swell should always be separate and distluct from the bellows, so an not to be acte

From the Rev. Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia, at present Pastor of the Baptist Church, Chester, Pa. I have known Hooland's German Bitters favorably for a number of years, I have used them in my own lamily, and have been so pleased with their effects, that I was induced to recommend them to many others.

From Rev. W. D. Seigfried, Pastor of Twelfth Bap-list Church, Phila. Gentlemen:—I have recently een laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous rem-edies were recommended by friends, and some of them tested, but without relief. Your Heofland's German tested, but without relief. Your Heofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of these bitters induced me to try them. I must confess that I had an aversion to Patent Medicines from the "thousand and one" quack "Bitters," whose only aims seems to be to pain off sweetened and drugged liquor upon the community in a sly way, and the tendency of which, I fear, is to miske many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the strunch, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours

Very respectfully yours. W. D. SEIGFRIED, No. 254 Shackamaxon Street,

From Rev. J. Newton Brown, D. D., editor of the Encyclopedia of Religious Knowledge and Christian Chronicle Philadelphia.

Altaough not disposed to favor or recommend Patent Medicines in general-through distrust of their lugredonts and effects, Tyet know of no sufficient reasons why a man may not testrif to the lenefits be believes houself to have received from any simple preparation, in the h-ps t at he may thus contribute to the benefit of others. I do this the more readily in regard to Hoofland's German Bittors, prepared by Pr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, itobert Shoemaker, Esq., 107the removal of this prejudice by proper ceits and for encouragement to, try them when suffering from great and long continued debility. The use of three bottles of these litters at the beginning of the present year, was followed by vident relief and restoration to a degree of bodily and montal vigor which I had not felt for six months before, and had almost despaired of regaining I therefore thank God and my friend for directing me to the use of them.

From the Rev. E. D. Fendall, Assistant Editor Christian Chronicle, Phila.

I have derived decided benefit from the use of Hoof and's German Bitters, and feel it my privilege to rec mmend them as a most valuable tonic, to all who ar nmend them as a most valuable tonic, to all who a iffering from general debility or from diseases arising om derangement of the liver. Yours, truly. E. D. FENDALL. From Rev. D. Merrige, Pastor of the Passyunk Bap-ist Church, Phila. tist Church, Phila.

From the many respectable recommendations given given to Dr. Hoofland's German Bitters, I was induced to give them a trial. After using several bettles I found them to be a good remedy for debility, and a most excellent tonic for the stomach.

D. MERRIGE.

From the Rev. THOS. WINTER, D. D., Pastor of Roxborough Baptist Church.

Dean Sin: I feel it due to your excellent preparation thodiand's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for yeare, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced a great and unexpected relief. My health has been very materially benefited. I confidently recommend the article where I met with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours,
