fevers or to coughs and stal consumptions. It is in recognition of this iruth that the inventive talent of the yountry ha for years been devising some method, or attempted to devise it, for keeping the feet dry, and yet that should not give inconvenience to the wearer. Rubber shoes, in one form or another, have hitherto been our reliance; but it is well known, as among their many evils, that while they keep the feet dry from extornal moisture, they sweat treem over much, and by thus inducing an undue tenderness increase a susceptibility to colds rather than otherwise. They are also cumbersome to the feet, and withal are very expensive. The demand is for comething that shall make the ordinary bost and shoe impervious to water, without affecting their elegance or durability, and, it possible, without adding sensibly to the cost of their manufacture. These, it will be conceded, are most important, features, and we conscientiously affirm that they are absolutely attained in the invention herewith presented to the public

The invention consists in inserting between the inner and outer sole, when the boot is making, a thin Mexalle Plaze, exceedingly duettle, combining fiexibility with toughness, very light, and every way apapted to the ond desired, while the additional expense is merely nominal. It furnishes a perfect barrier against the admission of wet or dampupess, though the feet may be exposed over so long upon wet pavements or damp ground.

To ladies and children the Mexalle Soles will be of 1 Challenge Competition'! IN the way of variety, elegance of style quality and cheapness of my stock of Dry Goods.-Especially would I call attention to my large assort LADIES' DRESS GOODS, which I selected with special care in the Philadelphia and New York markets a few days since. If you have taken a drop too much, TAKE A FULL DOSE. They only cost 25 cents a box.
TRY THEM. Blue Mass, and other preparations of Mercury, actually produce more suffering and death than the diseases which they Profess to cure. And yet this corresive mineral so denounced by the allopathic doctors, is prescribed by them almost universally in Liver Complaint, Consumption of Langs, &c. THE MANDRAKE PILLS

are composed entirely of roots and herbs, obtained from the great storehouse of Nature, and their salutary ef-ects will appear as soon as the medicine is brought to the test of a fair experiment. SCHENCR'S MAN-DRAKE FILLS do not produce any nausea or sickness of the stomach; but whon given for Dyspepsis, it may be proper to use them in connection with SCHFNCK'S SEAWEED TONIC. By this judicious treatment the digestive faculties are speedily restored to their full vigor, and the worst cases of indigestion may be cured. When we reflect that the liver is the largest internal organ of the body, that to it is analyzed the invocations. name we renect that the liver is the largest inter-nal organ of the body, that to it is assigned the impor-tant duty of filtering the blood and preparing the bile, that it is subject to many disorders, and that when it is diseased or inactive the whole body suffers sympais discussed or inactive the whole body suffers sympa-thetically, it is not surprising that a medicine which can restore the healthy operations of the Liver should produce wonderful changes in the general health, and effect curse which may appear to be almost miraculous. Headache of long continuance, severe pains in the side. Headache of long continuance, sovere pains in the side breast and shoulders, aching of the limbs, a feeling ogeneral weakness and wretchedness, and other alarm ing and distressing symptoms, indicative of imperfec-or disordered action of the liver, are speedily removed by the use of SCHENCK'S MANDRAKE PILLS. by the use of SCHENCK'S MANDHAKE PILLS.
Costiveness, piles, bilter or our cructations, and that indescribable feeling of oppression, montal anxiety, languor, lethargy, and depression of spirits which unfit a man for the management of business and the enjoyment of life, are all relieved by the use of SCHENGR'S MANDRAKE PILLS.

Dr. Schenck.—Dear Sir: 1 take pleasure in sending you a certificate in addition to many you have already received from suffering humanity. I can scarcely find language sufficiently strong to express my heartfelt gratification of the wonderful cures your MANDHAKE PILLS and SEAWEED TONIC have effected in the entire cure of one of the most stubborn cases of the affection of the liver. For three years I suffered beyond description; all my friends, as well as myself, came to the conclusion that my time in this life was short. conclusion that my time in this life was short. Such was the terrible condition to which I was reduced that life to me had become a harthen; my whole system was in a state of inflammation; I could not not, I could not sleep; my whole body was filled with pain; swelling would arise in my wrists and ankles, rendering them totally useless. On several ecasions I was attacked with a rush of blood to the head, which would fell me to the ground, and I would be carried away for dead. I applied to several eminent physicians of our city, who administered all the medicines that they thought would reach my case, but of no avail.

One of them said he could do no more for me, and advised me, as a last resort, to drink cod liver oil. Not rolishing the horrid trash I declined to take it. Accident put your advertisement in my hands. I called rollshing the horrid trash I declined to take it. Accident put your advertisement in my hands. I called on, you; , you axamined me and told me the nature of my disease. You then ordered me the Pilis and Tonic with an observance of diet, pledging your word that in one week I would find myself another man. I followed your advice, and, as you predicted, an astonishing cure was effected. I continued your Pilis and Tonic for some time, and now thank fod for his goodness, and your valuable medicine, I am once more restored to perfect health. I most carnestly recommend these who are suffering from affection of the liver to give your Pilis and Tonic a fair trial, and a cure will be effected. I have sent many persons to you, and they have all been cured.
