REASONS WHY THE AMERICAN WATCHES Made at WALTHAM, MASS. IS THE BEST.

TT is made on the best principle. Its frame is composed of SOLID PLATES. No jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famou novelty, as well as for its effectiveness) and is there fore properly made. The watch is what all mechanism should be-ACCURATE, SIMPLE, STRONG AND ECONOMICAL. Except some high grades, too costly r general use, foreign watches are chiefly made by women and boys. Such watches are composed of se eral hundred pieces, screwed and rivited together, and order. All persons who have carried "ancres," "lepines" of the truth of this statement.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low priced watch for the million to take the place TimothyseED. of these foreign impositions-the refuse of foreign factories-which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this may be under-stood from the fact, that after so many years of public ial, we now make MORE THAN HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES, and that no others have ever given such universal satisfaction.
While this department of our business is continued with increased facilities for perfect work, we are at pre-sent engaged in the manufacture of watches of the very HIGHEST GRADE KNOWN TO CHRONOMETRY, unequalled by anything hitherto made by ourselve unsurpassed by anything made in the world For this purpose we have the amplest facilities. We ave crected an addition to our moin buildings expressly for this branch of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and ex actness. The choicest and most approved materials only are used and we challenge comparison between this grade of our work and the finest imported caro nometers. We do not pretend to sell our watches for Beidler Susan less money than foreign watches, but we do assert without fear of contradiction that for the same money our Birchfield Geo. W. product is incomparably superior. All our watches, Barnhart & Son of whatever grade, are fully warranted and this war- Beirne Juo. RELIEF IN TEN MINUTES. Bryan's Pulmonic Wafers!

Jan. 12, 1866-1y.

BIYAR'S PHIMORIC WARETS!

The original Medicine established in 1837, and first article of the kind ever introduced under the name of "PULMORIC WAFER," in this or any other country; all other Pulmonic Walers are counterfelts. The genuine can be known by the name BRYAN being syamped on each Wafer.

Those Wafers have been before the public for nearly thirty years, and the immense sale attained, not only in america but in foreign countries, fully attent their intrinsic worth. The medical prepottes are superior to any other a ticle offered for the cure of Pulmonary or Bronchiai affections, and the quantity contained in each box is nearly double that of the many worthless imitations advertised. Bryan's Pulmonic Wafers Bryan's Pulmonic Wafers

Catarrh, Bronchitis, Difficult Breathing, spitting of
Blood, Pains in the Chest, Incipient Consumption and
all diseases of the longs. Not only affording temporary relief, but effecting a rapid and lasting cure and

They do not nauseate like alcoholic-compounds, and
the medicinal roporties are combined in a form so afereable and pleasant to the taste, that any child will
readily take them. One dose will always afford

RELIEF IN TEN MINUTES. To Vocalists and Fundio Prakkens, these Waiers are peculiarly valuable; they will in one day remove the most sowere occasional housesness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base imitations, which disappoint the just expectations of the purchaser, and injure the character of the genuine im dictio. middine.
See that the word, "BRYAN," is stamped on each
Wafer, and also observe the fac simils of the signature
of the Proprietor "JOB MOSES" on each wrapper, to
counterfeit which is forgery. The Offending parties
will be dealt with to the full extent of the law
