From Rev. W. D. Seigfried, Paster of Twelfth Bap-ist Church, Phila. tist Church, Phila.

Gentlemen:—I have recently cen laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of thom tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of these bitters induced me to try them. I must confess that I had an aversion to Patent Medicines from the "thousand and one" quack "Bitters" whose only aims seems to be to paim off sweetened and drugged liquor upon the community in a siy way, and the tendericy of which, I lear, is to make many a confirmed dundard. Upon ETTING THE FEET is the most profite cause of disease and death known to humanity. It is almost sure to bring on a cold, and colds, neglected, and often when not neglected, lead to tevers or to coughs and stale consumptions. It is in recognition of this ruth that the inventive talent of the country ha for years been devising some method or attempted to devise it, for keeping the feet dry, and yet that should not give inconvenience to the wearer. It ubber shoes, in one form or another, nave hitherto been our reliance; but it is well known, as muong their many evils, that while they scepthe feet dry from external mosture, they sweat them over much, and by thus inducing an undue tenderness increase a susceptibility to colds rather than otherwise. They are also cumbersome to the feet, and without safeting their elegance or dura flity, and, it possible, without adding sensibly the cost of their manufacture. These, it will be conceded are most important features, and we conscientiously affirm that the most of the distance of the content of the profit of the content of community in a sly way, and the tendency of which, I lear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the stemach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

From the many respectable recommendations given given to Dr. Hoofland's Geiman Bitters, I was induced to give them a trial. After using several bottles I found them to be a good remedy for "delifity," and a most excellent tohic for the stomach.

DII. J. H. SCHENCK.

Bear Sin:—I feel it a duty I own to yon, and to all who are suffering under the diseases known as Consumption and Liver Complaint, to left them know what great benefits I have received irdn your Pulmonic Syrup and Seaweed Tonic in so short a-time. By the blessing of God it bas cured me thus far

Dr. Schonck, I will now make my statement to you, as follows:—About eighteen months ago I was attacked with a severe cough, and it settled on my lungs; I could not retain anything I ate, and suffered with evening fevers and night sweats. I was very much reduced. The whites of my eyes were very yellow; likewise m; skin; my appetite all gone, and unable to digest what I did eat; bowels swoolen, irregular and costive. I was very low spirited, and had such riclent spells of coughing when I laid down at night and when I arose in the morning that they would last one or two hours. See that "Costar's" name is on each Box, Bottle Address, HENRY R. COSTER, 482 Broadway, N. Y. And all Druggists and Retailers. spells of coughing whou I laid down at night and when I arose in the morning that they would last one of two hours.

I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe my wretched suffering as I would wish to do. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June, 1863, not able to sit up. I had the best of medical attendance the whole of the time. My cough was so very bad that it racked me very much. I at this time raised a large quantity of thick, yell w, offensive matter, sometimes with blood, and it was generally accompanied by nausea and a furred and thick coated tongue. At the time of coughing so badly I would have sharp, shosting pains in my left side and heart, night sweats, and soreness all through my whole chest; hadmuch in ward fever, pain in my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me i..to spasms. Now my physician gave me up to die Others I had, and the lest of them, but they could do nothing nor me, and at that time I was nothing but is kilo audbones. In June last we tent there for the East, and in August last we came to sew York, and I was so reduced that I could only walk a little with my husband's help. After I had been here a short time the sait water breeze made me feel much better for a time and then I had again to call a physician for aid. We had four of the best physicians of New York on the diseases of the lungs, and doctors of all kinds, but of no avail. They said I was past cure, and that my lungs were too far gone for any in one to cure me. But at this time I was on my feet about the house, not able to do much of anything. In Nevember last I grew worse, and the consumption liarrhess set in and lasted about eight weeks. We had tried all and everything that I could grasp at like a dying person for my diseases—cousumption and liver complaint—but of no avail.

In January, 1863, I was brought down again on my bed, and was not expected to live the night out. My husband stayed at my side, and other friends, and they all give me up to die. At this time every one who saw me did not think I would ever leave my bed. All respectively all the sunday Mercury. In it was an account or a great cure perf. runed by Dr. Schenek. Sub read it to me, and it was so much like my disease that I asked my husband to go and see him for me. At this time I had given up all hopes of ever getting well again, and made my peace with God, to be ready whenever he called for me.

1 On the 27th of January, 1863, my husband called on Dr. Schenek, 32 Bond street, New York, and stated to the xord, and middle-aged, they will prove most. To the xord, and middle-aged, they will prove most. The complete the printine state. To the young and middle-aged, they will prove most.

When he was about to go I asked him If he could cure me? His reply was; "I cannot tell, both lungs are diseased, and the brouchial tubes are affected on both sides." And yot he seemed to think there were lungs enough left to effect a cure if the diarrhea, could be stopped. He shid in order to do this, he would have to give me Mandrake Pills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it, which he did, but the constant cough mg, night sweats, and diarrhea had prostreted in so that he was affaid my vital nowers were gents, he hoped to check it; which he did, but the con-tant cough ng, night sweats, and diarrhea had pros-trated m: so that he was afraid my vital powers were too much prostrated ever to rally; and yet he' seemed to think it I could live to get enough Pulmonic Syrup through my system to cause expectoration there were lungs enough ieft for me to recover. He wished me to try the Pulmonic Syrup and Seawed Tonic at once, saying it would do me no harm, if it did me no good. The first week it seemed to give me strength, so that on Sunday after I sat up in bed and atch hearty for a sick woman; but the next week I lost all hope and wished my husband not to give me any more medion sunday after 1 sat up in bed and ate nearly for a sick woman; but the next week I lost all hope and wished my husband not to give me any more medicine. But the dector had warned him of this, and when the medicine was clearing out the system it made them feel somewhat restless, and to persovere; and he insisted on my taking it; and now I feel the benefit of it. For after eight days I began to gain my strength, and, with the exception of a cold that put me back some, I have been gaining strength or body, my cough is going away, and all my pains are gone; no soreness of the body. My bowels are regular, and my breath is sweet, and I thank God that I am now going about, and sew and read as well as ever I could. I have taken sixteen bottles of the medicine, eight of each. I now have a good appetite and rest well at night; my cough does not trouble me in getting up or lying down. I would there say to the afflicted with consumption or liver complaint, that Dr. Schouck is no humbug. You can roly on what he says. Delay not; It is dangerours to trille with these diseases.
