SEELY'S

Patent Metallic Sole. A NEW INVENTION. WETTING THE FEET is the most prolitic cause of disease and death known to humanity. It is almost sure to bring on a cold; and colds, neglected, and often when not neglected, lead to levers or to coughs and intal consumptions. It is in recognition of this ruth that the inventive talent of the country ha for years been devising some method, or attempting to devise it, for keeping the feet dry, and yet that should not give inconvenience to the wearer. Rubber shoes, in one form or another cave hitherto been our reliance; but it is well known, as among their many evils, that while they keep the feet dry from external moisture, they sweat them over much, and by thus inducing an undue tenderness increase a susceptibility to colds rather than otherwise. They are also cumbersome to the feet, and withal are very expensive. The demand is for comething that shall make the ordinary Bout and shoe impervious to water, without affecting their elegance or dural lity, and, it possible, without adding sensibly the cost of their manufacture. These, it will be conceded are most important features, and we conscentiously affirm that they are absolutely attained in the invention here-with man attents in here-with man attents.

portan features, and we conscientiously affirm that they are ab-outely attained in the invent in here with presented to the public.

The invention consists in inserting between the inner and outer sole, when the boot is making a thin Marallac Playle exceedingly ductile, combining flexibility with toughness, very light, and every way apapted to the end desired, while the additional expense is marely nominal. Humishes a partiest harrier against the almission of wet or dampuess, though the feet may be exposed ever so long upon wet pavenents or damp grounds. ground
To laties and children the METALLIC SOLES will be of
incdentable value, as from their habits of his and delicacy of dress they are particularly exposed to the long
train of ills that attend upon an madequate protection
to the fast.

train of tils that attend upon an fundequate protection to the feet.

These Soles have already been tried by the best of all tests actual bes, and the testimonials to their merits, freely proferred, indicate that they must be speedily and universally adopted by the public. The Patent Metalite Soled Boots and Shoes are being introduced into the le. ding floot and Shoes are being introduced into the le. ding floot and Shoes to stronghout the United States, and will supplant all forms of overshies, except possibly fr deep mud or snow, as they become k own. Be sure to get them and take no other. If your shoemaker does not happen to have them, he can procure them, without difficulty. If he will not, then read yourself to the inventor one dollar and thirty cents, and obtain six pair, assorted sizes, will not, then send yourself to the inventor one dollar and thirty cents, and obtain six pair, assorted sizes, with right to use, which will be promptly forwarded by mail or express pre paid, and which can be made up by may shounaked in the country. Agencies will be extablished in every city and village, and supplied with Soles and proprietary stamps, at seliedule prices, and liberal commission allowed on sales. Also General Agencies for States appointed on application, with proper testimonials to the Inventor.

SAMUEL J. SEELY,

General Depot, corner City Hall Place and Read street, New York.

Postscript.

New York, June 1, 1866.

The proprietors of the above patent, having come in contact with a patent previously issued to William J. Lyman, of Northampton, Mass., covering the same invention and improvingent, the chief, pattles in interest have purchased the same, and, combining their incrests, have organized

THE AMERICAN Patent Metallic Shoc Sole Company,

0 HOOFLAND'S GERMAN BITTERS, WILL CURE EVERY CASE OF Chronic or Nervous Debility,

Diseases of the Kidneys, ınd Diseases arising from a disordered Stomach. REMEMBER, That this Bitters is not Alcholic,

CONTAINS NO RUM OR WHISKEY. AND CANNOT MAKE DRUNKARDS. BUT IS THE BEST TONIC IN THE WORLD.

Read who Says So. From the Rev. Levi Q. Bock, Pastor of the Baptist hurch, Pemberton, N. J., tormerly of the North Rap-ist Church, Philadelphia, at present Pastor of the Baptist Church, Chester, Pa.

I have known Horsland's German Biters favorably for a number of years, I have used them in my own lamily, and have been so pleased with their effects, that I was induced to recommend them to many others, and know that they have operated in a strikingly bouelteid manner. I take great pleasure in these polybousticial manner. I take great pleasure in thus pub-licly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these bitters, knowing from experi-ence that my recommendation will be sustained. If do this more cheerfully as Hoofland's Bitters is intend-ed to benefit the afflicted, and is "not a rum drink."

From Rev W. D. Seigfried, Pastor of Twelfth Baptist Church, Phila.

Gentlemen:—I have recently 'een laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without rellef. Your Heodiand's German litters were recommended by persons who had tried them, and whose favorable mention of these bitters laduced the total them. I must confess that I had an aversion to Patent Medicines from the "thousand and one" quack "Bitters," whose only aims seems to be to paim off sweetened and drugged liquor upon the community in a sly way, and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the st mach, but upon the nervous system, was prompt and graifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEIGFRIED. No. 254 Shackamaxon Street,

From Rev. J. Newton Brown, D. D., editor of the Eucyclopedia of Religious Knowledge and Christian Chronicle Philadelphis.

Although not disposed to favor or rec mmend Patent Medicines in general, through distrust of their ingredients and effects, I yet kn w of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the h-pe that he may thus contribute to the benefit of the state of the superior of the contribution of the superior of the superior

J. NEWTON BROWN,

A From the Rev. E. D. Fendall, Assistant Editor Christian Chronicle, Phila.

I have derived decided benefit from the use of Heofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver.

Yours, truly. E. D. FENDALL. From Rev. D. Merrige, Pastor of the Passyunk Baptist Church, Phila.

From the many respectable recommendations given given to Dr. Hoofland's German Bitters. I was induced to give them a trial. After using several bottles I jound them to be a good remedy for deblity, and a most excellent tonic for the stomach.

D. MERRIGE.

N From the Rey. THOS. WINTER, D. D., Paster of Roxborough Baptist Church.

Dean Sin: I feel it due to your excellent proparation Hoofland's German Bitters, to add my testimony to the deserved reputation It has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced a great and unexpected rollef. My health has been very materially benefited. I confidently recommend the article when I m et with cases similar to my own, and have been assured by many of their good effects.

BEWARE OF COUNTERFEITS. See that the signature of "C. M. JACKSON" is on the wrapper of each bottle.

Should your nearest druggist not have the articl do not be put off by any of the intexicating proparations that may be offer d in its place, but send to u and we will forward, securely packed by express. PRINCIPAL OFFICE AND MANUPACTORY, No. 631 Arch Street, Philadelphia, Pa. JONES & EVANS,

AMERICAN ORGANS. (From "Godey's Ladies' Book" February, 1866.)

REED ORGANS, &c. THE following remarks and sugges-

tions relative to this immensely popular instrument will doubtless interest and profit very many our readers, we commend the article to their cafefu our readers, we commend the article to their cafeful perusat:—

A hundred and one makers of Organs, Cottago, Parlor, Cabinet, American, School Organs, etc. etc., are each claiming to make the best instrument in the world. Being comparatively a new instrument, as at present constructed, we are convinced the public are much less capable of judging of its merits, or demorits, than of most other instruments. If there is really an essential difference in them, if there are some excellent and some worthuse ones, the public should have some oriterion for judging of them, some facts which will enlighton them. We cheerfully concede the space for this article knowing that there is hardly a family, or church, or school in all the land; but is more or less interested in this topic. We are also aware of its being a great misfortune, a real calamity, to any of them to purchase an inferior or worthless Organ, ruinous to good playing, and often a source of much annoyance and vexation. We know this article to enanate from a candid and intelligent source, and thus we give it to our readers.

good playing, and ofton a source of much annoyance and vexation. We know this article to emanate from a candid and intelligent source, and thus we give it to our readers.

The quostion is often asked, what are "reed organs?" We adswer, they are, in most cases, nothing in the world but the old melodeon in disguise. Many of the so-called organs have the same bellows, the same reeds, and the same general internal arrangement. With the bellows turned on edge to gain room, they have simply put on a more pretentious exterior and a more high sounding name. But an organ, to be in reality an organ, must have a wind chest or reservoir for air separate from the bellows, into which wind-chest the reeds open, and the tone has room to expand and perfect it self into the full round tone, similar to the flute or pips organ, even, smooth, firm, and mellow; and this tone from reeds cannot be obtained in any other way known. Nothing so annoys a true organist as to have the volume of sound swelling and jerking spasmodically with every variation of force on the bellows, which is always the case where the reeds open direct into the bellows or air passages, instead of a wind-chest or sound-box. And yet some makers even go so far as to claim this spasmodic or automatic jerking of the bellows on the reeds an excellence, just as though they did not know that it must very soon throw the reeds out of tune, and injure the bellows; and as though it were not an easier matter to obtain a much better and more easily managod swell by other methods. The truth is, any organ, so called, or melodeon which has the wind acting directly upon the reeds, is nothing more nor less than a huge accordeon, dress it up as you may. And when organists and true musicians become aware of the fact that they can obtain those that are organs in fact as well as in name, they will buy no more of the objectionable ones. Then again the swell should always be separate and distinct from the bellows, so as not to be acted on by the hand, or soft blowing, but convenient so either bellows alone will be sufficient for the lighter melodies, thus permitting the player to change about and rest the foot at will; then, if the bellows is of the requisite large size, and having the wind-chest or reservoir, all will be well. As to the reeds, they must be scientifically tuned and voiced, or all the other good qualities in the world cannot produce a good toned instrument. The inquiry now very naturally arises, where can the organ be precured combining, all these essential and desirable qualities? Thore is only one possessing all these points, and that is the AMERICAN ORGAN, made by 8 D. & H. W. Satrin, of Boston, Sireila Ott Wholesale Agent, 581 Broadway, New York. These organs have a wind-chest extending the whole length of the instrument and so constructed as to act at the same time as a reverberating sound-box or board, and having the same important relation and

to act at the same time as a revenierating sound-box or board, and having the same important relation and part to porform that the sounding-board has to the piano. This feature the makers have patented, and to it are owing in a great measure the untriery unequalled fullness and rich less of tone so highly prized by all who have used those organs. They also have the largest and best divided bellews in use, which is another important leature. No part of their work is slighted, no expense or pains spared to make the American Organs perfect musically, as well as meedhanically, and, judging from the immense sale of them at present they bid fair to long maintain the proud position ethey have won by superior merit alone. We would most beartly advise all interested to call upon or address Ma. Firena Orr, the Wholesailo Agent, at r address Mr. Sineria Ott, the Wholesale A Si Broadway, New York, and can assure them

A NOTHER GREAT CURE

IN THE CITY OF NEW YORK, Of a highly respectable citizen, well known to the Mercantile community, by DR. J. H. SCHENCK,

THE GREAT LUNG DOCTOR OF PHILADELPHIA

THE GREAT LUNG DOCTOR OF PHILADELPHIA.

OFFICE N. Y. AND GALENA LEAD Co.,
No. 28 Nassau St., New York, June 1, 1865.

DR J. H. SCHENCE—Dear Sir:—For over fifteen years
I have been troubled with a severe cough, and usually
two or three times a year with more or less homorrhage, which to ether, for the last few years, has kept
me thin in flesh and too weak to do business of any
kind without suffering. In August L.st I had a very
severe hemorrhage, and, according to the judgment of
a good New York physician, I was classed as beyond
the reach of medicine, and was advised to be prepared
so far as property matters were concerned, to leave this
world at short notice. The physician (and my good
friends) said that the first cold I took must prove fatal.
Early in January I took a severe cold, and fortunately
was occupying rooms at No. 32 BOND STREET, directity over your office. I think about the leth of January
i procured a bottle of your Pulmonic Syrup and commenced taking it freely. My feet and limbs were very
much swollen, and all the symptoms of a speedy deach
seemed to accompany my cold. I sout for my former
physician, and sits ed to him that I was taking your
medicine, and after showing them to him, and having
tasted of them, &c., he replied; "You can take them if
you like, they will do you no harm." He said: "You
know what I told you last summer, and I say the same
now, if you have any business to close up, do not put
it off." He said to other friends that he "could see no
hope for me," and my friends and relations concluded
my time had come, At this time I was taking freely
of your medicine, but had not seen you. The dector
called a few times, and found me (much to his surprise, he said,) improving and he could not understand
why. My faith was increasing in your medicines, and
I had a wish to have you examine my case, and see
what you had to say. When you first came to my
room and made the examination, you gave me but litthe encouragement, but on the tou thay ou called, find orom and made the examination, you gave me but little encouragement, but on the contrary, expressed and doubts of my ever being helped out of my then seeming difficulties. The second time that you called, find ling me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmanic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and toid me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surpise of my old physician and friends, I seem much better than I ever expected a person could with one lung, the left being completely aried up. I feel very grateful to you, and consider your advice and medicines invaluable.

Yours, truly,

T. S. SHELDON.

Dr. Schenck—Dear Sir:—About two years ago I wa

Yours, truly,

T. S. SHELDON.

Dr. Scherce—Dear Sir:—About two years ago I wa taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our heapitals, and also had the advice and treatment of two other physicians but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two mouths at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day I am well and hearty! I was advised by some of my friends to try Dr. Schenck's dedicines. I accordingly bought bottle after bottle, until I reached the ninth; then I found a decided chauge in my caugh for the better. I suffered severely from palpitation of the heart, and two weeks alter 1 commoneed taking your medicine this difficulty cassed.

When I first went to Dr. Schänck's office it was with

ly from palpitation of the heart, and two weeks atter commoneed taking your medicine this difficulty cassed.

When I first went to Dr. Schänck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled; my skin was as sallow at the ught I had the jaundice; I lett dull heavy and sleepless. Br. Schenck, after examini g me, said both my longs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pulmonic Syrup, Sea-Weed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Sea-Weed Tonic gave me an appetite, and everything seemed to taste good.

To show what great power the medicines have in purifying my system, and to show how bad I was discased, beside all the bile that passed my bowels, and the great quantities of phiegm and matter I expectorated, I broke out all over in large boils, that would continue to gather and run for about six weeks, and I had at one time over twenty-five bois. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now, and cannot praise you and your medicines enough. My cd abundantly bless and preserve you is the sincere desire of one who has been so mough My Cd abundantly bless and preserve you is the sincere desire of one who has been so mounderfully relieved through your agency; and fany one desires to know with regard to the truthfulfaces of this report, if they will call upon any of my friends, or upon me, No. 4 Dryden Place, near Thompson street, below Cadwalacter, Philadelphia, they will be prefectly extend with the validity of the case. Yours, with much respect, Marky SOHNADDT.

The above case, as described, is perfectly correct. I know it to be true. Yours, T. B. MILLER, Pastor of Hancock M. E. C

Pastor of Hancock M. E. Church.

Dr. SCHENCK Will be professionally at his principal office, No. 15 North Sixth Street, corner of C. Merces, Philadelphia, every faturday, from 9 A. M., No. 32 Bond street, Now York, every Tuosday, from 9 to 3, Sand street, Noston, Mass., every Wednesday, from 9 to 3, and every other Friday at 108 Baltimore street, Baltimore, Md. All advice free, but for a thorough examination of the lungs with his Respiremeter, the charge is three dollars.

Price of the Pulmonic Syrup and Sca-Weed Tonic, each \$1 50 per bottle, or \$7 50 per half dozon. Mandrake Pills, 25 conts per box. For sale by all Druggists and Dealers.

nd Dealers. Jan. 1, 1866—1y. HE Mason & Hamlin Cabinet Organs forty different styles, adapted to sacred and secular music, for \$80 to \$600 each.
