AGENTS WANTED FOR THE PICTORIAL BOOK OF ANECDOTES AND INCIDENTS " OF THE REBELLION:

Heroic, Patriotic, Romantic, Humorous, Tragical.

Tragical.

THERE is a certain portion of the war that will never go into the regular histories, nor be embodied in romance or poetry, which is a very real part of it, and will, if preserved, convey to succeeding generations a better fets of the split of the conflict than many dry reports or careful narratives of events, and this part may be called the gossip, the fun, the pathes, of the war.

These villustrate the character of the leaders, the humor of the soldlers, the devotion of woman, the bravery of men, the pluck of our herces, the romanes and hardships of the service.

The volume is profusely illustrated with over 300 engravings by the first artists, which are really beautiful; worthy of examination as specimens of the art. Many of them are set into the body of the text, after the popular style of Lossing's Pictorial Field book of the letwolution. The book's contents include reminiscences of camp, picket, spy, couch, bivoune, siege and battle-field adventures; thrilling feats of bravery, wit drollery; comical and Indicrous adventures (ct., etc. Amusement as well as instruction may be found in direction and provided the carey art.

history, are skillfully interwoven in this work of literary art.

This work sells itself. The people are tired of dractalls and partisan works, and want something humorous, remained and startling. Our agents are making from \$100 to \$200 per month, clear of all expenses Send for circulars, giving full particulars, and see outerms and proof of the above assertion.
