POLITICAL CHIPPINGS.

Colonel Donn Piat is me king a speech in Ohio, the main point of which is that An-drow Johnson is one of the conspirators, of whom Booth was the instrument, in assassivast power in the interests of the traitors nating President Lincoln. He argues that Booth's call upon Johnson just befor the assassination was for the purpose of posting him, and that if the lights had been put out him, and that if the lights had been put out at the report of the pistol, as was arranged, the assass would nover here been detected, but would have been rewarded by the new President. Furthermore, that the attempted assassimation of Johnson by Atzeroth, in Kirkwood's Hotel was all a shan, got up as a mechanical-affect to acde apany the actual killing of Lincoln and Seward. The Republican prospect in Illinois for a great victory is said to be most excellent. -The Chicago-Joirnat says that good judges predict a majority of forcy thousand, the election of eleven, and possible twelve, of the fourteen Republican emidiates for Con-gress, and an overwholming majority in I have the honor to be, very respectfully,

OUR COUNTY. We mean what we say when we speak of the result of the election in this county as a Union triumph. True the majority against us is about 525, but when we come to ana lyze this result and the causes which produced it, we think it will appear to the dullest comprehension that the nett result of the campaign in Cumberland county is a dead copperhead failure. Let us look at the figures. The Lincoln-McCiellan vote of 1864, is the only one with which the vote of this year can be fairly contrasted, for in both these elections, the entire vote of the county was brought out. Compare then, the majorities of Tuesday last and that of 1864, (which was 770) and we have a UNION GAIN OF 248. And this on what is probably oreigners. the largest vote ever cast in this county."

When we look at the means and appliances which were employed to secure this mea gre-copperhead majority we are more than over convinced that on a fair and full poll of the qualified electors of this county, we are in a clear majority. Take, for inst ance, South Middleton township, where CAREY AHL's manipulations resulted in the unprecedented copperhead majority of 122 against 90, in 1864., In 1864 thatotal vote was 508, while now it is 596. Now the York Springs district in Adams county immediately ad-Joins South Middloton and the former district loses just the number of Copperhead votes that South Middleton gains.
