THE CELEBRATED

TRADE MARK! TRADE MARK!

CORSET

The STAR CORSET which is fast becoming the standard Corset of America, is manufactured without seams passing through the goods which remedies the great difficulty of hand-made Corsets—ripping; also, as the material is thoroughly shrunk before being made up, causes them to retain their symmetry much better than the German, Woven, or French Corset, and as for fit, comfort and ease, far excels.

FOR SALE BY

L. T. GREENFIELD,

Exclusive Agent,

4 East Main Street,

CARLISLE, PA.

TO FARMERS!

Pacific Guano Company's Soluble PACIFIC GUANO.

THE ATTENTION of Farmers and other consumers of Fertilizers is invited to this Guano, as worthy of their special notice. Its use for several years in Maryland, Virginia and other Southern States, for all crops, has given it a standard character for excellence unequalled by any other. It possesses all the quickness of Peruvian Guano with permanent qualities not found in that article. 250 lbs of this Guano are found more than equal to 300 lbs of the best Superphosphates. It ripens the wheat crop *five to seven days* earlier than the *phosphates*, which fact alone gives it incalculable advantages. For sale by

JOHN S. RESH & CO.,
General Agents for Pacific Guano Co.,
38 South Delaware Ave., Philad'a,
And 71 South Street, Baltimore.

STOVES AND TIN WARE.

IF YOU WANT TO SEE THE most perfect Parlor Stove ever offered to the public, step into

WM. FRIDLEY'S

Stove Store East Louther street, in the rear of Halbert's Grocery Store and see the

GREAT AMERICAN BASE BURNER

in operation. It is a perpetual Burner, and perfect Radiator, as well as a perfect Ventilator of the room, and is warranted to consume less coal than any other Stove of the same size, ever offered to the public, requiring but one ordinary scuttle of small coal once in twenty-eight hours, being perfectly simple in all its working, having a simple slide to regulate the fire for keeping at night, one kindling of fire being all that is required during the winter. No dust, no gas, no slag or cinder.

1.—An ample Magazine, or Reservoir, for Coal, having a free discharge mouth, the magazine being adjustable to different heights of six to nine inches from the grate, so as to accommodate the supply of Coal as to its size and quantity, thus permitting the maintenance of a certain depth of coal for active combustion within the fire-pot (whether it be of nut or stove size), which is the only way to burn Anthracite coal to advantage. Different sizes of coal require more or less depth for perfect combustion.

2.—A Funnel, or Hopper, for the passage of the coal to the magazine is so arranged as to permit the introduction of fresh coal, without allowing any escape of fumes and gas into the room; and further, when the Stove is left with its top uncovered, compelling any fumes that may escape from the supply in the reservoir, upwards to its top, to pass over the top of the reservoir into the surrounding flue, and so to the chimney outlet.

3.—A Fire-pot with a continuous Flue, over its entire upper edge and down its whole body to the base and outlet flues by which means the heat is transmitted, not in separate flues several inches apart, as is usual in downward draft Stoves, but by a continuous sheet of flame in contact with the entire circumference of the outer casing of the Stove, from the top of the Fire-Pot downwards, giving a far more extended surface of radiation of the heat than any downward draft Stove can hold.

4.—An ample Grate Surface and Air Passages, and a complete arranged Grate, for shaking and dumping, with a good size Ash Pan to receive the ashes and cinder.

☞ We also wish it to be noted, that there is an absolute

SECURITY FROM EXPLOSIONS OF GAS!

upon the removal of the cover from the Stove, which so commonly occurs upon the removal of the covers with other Magazine Stoves, by the effect of the Funnel, as constructed and arranged in reference to the Magazine and its surrounding Flue, that NO GAS CAN ACCUMULATE IN THE UPPER PART OF THE MAGAZINE TO EXPLODE. Nor can a current of air, or draft, be created upwards through the Magazine to the fire, such as happens with the most other Stoves injuring and destroying the Magazine itself.

Every feature of the Stove is calculated to effect

☞ ECONOMY!

IN THE USE OF FUEL, DURABILITY IN ITS CONSTRUCTION AND SYMMETRY IN ITS PROPORTIONS.

In addition to the above Stove, Fridley keeps on hand a full supply of the best Cook, Parlor and Office Stoves.

Tin and Sheet Iron work of all kinds on hand, and Spouting, Roofing and Jobbing of all kinds, done at short notice, and of the best material, Fruit Cans, and Jars of the most approved patents, and in conclusion the best Portable and Brick Sets

Furnaces.

ever offered to the public. For reference call on T. Conlyn; F. C. Fleming; Pr. Geo. Neidigh; A. L. Spangler; H. Saxton; Prof. Hillman; D. J. Loidigh; J. Hosler; and others.

29nov-67 1y

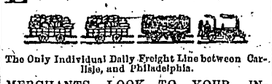
LEE'S LINE.



The Only Individual Daily Freight Line between Carlisle, and Philadelphia.

MERCHANTS LOOK TO YOUR INTERESTS!

IMPORTANT ANNOUNCEMENT TO

MERCHANTS & FREIGHTERS!

That on and after the 1st day of December, 1867, this Line will transport Goods of all descriptions, from Philadelphia to Carlisle, at precisely Company rates.

In making this very important announcement to the Merchants and Shippers the undersigned, feel assured that it will meet with the hearty approval and encouragement of their patrons. Past experience has fully demonstrated that it is highly important to patronize and encourage individual interest and energy, thereby securing fair competition and protection against railroad monopoly.

The many and very important advantages of a

DAILY FREIGHT LINE,

are too well known and appreciated by this community to be overlooked and forgotten. We rely with confidence upon the active cooperation of our numerous patrons and friends in advancing the interests of this line. Experienced conductors accompany each train to see to the safe delivery of all goods entrusted to the Line.

The Philadelphia and Reading Freight Depot

will be used by this Line, for the reception of all Goods; the increased advantages offered in the same, to the Way of Light and Space, will be largely beneficial.

Draymen will find this Depot easy of entrance, being level with the Street.

Be careful to have your Goods marked and ordered to PHILADELPHIA and READING Depot. Goods delivered at this Depot any time before 6 o'clock P. M. will be loaded the same day.

LEE & BRO.

PATENT CENTRAL AND OUTWARD DISCHARGE

WATER WHEEL,

Bearing date April 30, 1867.

JACOB ABRAHIMS & CO.,

Newville, Cumberland County, Pa.,

Proprietors of the above named Patent for the Counties of CUMBERLAND and FRANKLIN, PA., and WASHINGTON COUNTY MD.

We desire to call the attention of Millwrights, Mill Owners and others, to the merits of the above invention; which for Durability, Efficiency and Cheapness, they are confident cannot be surpassed.

Wherever it has been introduced, success has invariably followed, even under the most unfavorable circumstances. *For Back Water and Low Head and economized use of Water, this Wheel is without a rival!*

A Working Model of the Wheel can be examined at the Establishment of the Manufacturers in Newville Pa., where all information may be cheerfully given.

No. 18, West Main Street,

and examine their immense stock of STOVES, TIN WARE, and everything in our line.

Having greatly enlarged our facilities for doing business by securing the splendid Store Room, No. 18, West Main treet, and having just received large invoices of the latest and best devices in the Heater, Stoves Tinware and Japanned Ware line, we feel fully justified in the statement that we can accommodate

All Classes of Customers

more satisfactorily than any similar establishment in this country.

In the stove line we offer the following:

REGULATOR,
EXCELSIOR PENN,
NIAGARA,
COMBINATION,
SUSQUEHANNA,
NOBLE COOK,
QUAKER CITY.

These are all first-class Stoves, which we will warrant to do what they are recommended for; but we have only space to speak particularly of one or two whose merits deserve especial mention.

THE REGULATOR COOK

which possesses advantages which should recommend it to all. It has a *Revolving Top*, by which arrangement the cook can reverse the cooking utensils to any position desired without the lifting of plates and vessels which other stoves require. It is decidedly the best cook stove in the market.

We have also on hand a large stock of

OFFICE, PARLOR AND

DINING ROOM STOVES,

among which may be found the celebrated base burning

MORNING GLORY!

The most beautiful Office and Parlor Stove ever offered to the public.

Too much cannot be said in praise of the MORNING GLORY, which so far has taken the lead of all other stoves in the market. It is a

GAS CONSUMER,

burns its own cinder, and requires very little attention after the fire is made, it being so arranged that it will

FEED ITS OWN COAL!

Is liable to no explosions of gas, and is positively the only stove in the market which has the celebrated

MILL GRATE!

all others are counterfeit imitations.

In the TIN WARE and JAPANNED WARE line we keep constantly on hand of our own and foreign manufacture, the very latest and best patterns, and made of the very best material by careful workmen

All kinds of ROOFING

and general jobbing promptly attended to.

Don't forget No. 18, West Main Street.

WALKER & CLAUDY.
