THE

UNION PACIFIC

RAILROAD COMPANY

OFFER A LIMITED AMOUNT OF THEIR

FIRST MORTGAGE BONDS

AT PAR,

PRINCIPAL AND INTEREST

PAYABLE IN GOLD.

The Great Pacific Railroad Line, extending 1721 miles from Omaha, on the Missouri River, to the tide-waters of the Pacific Ocean, is being built by two powerful Companies—THE UNION PACIFIC, beginning at Omaha, building West, and the Central Pacific to California, beginning at Sacramento, building East until the two roads shall meet.

Both Companies have prosecuted the work with great vigor, the Union Pacific having already expended over

THIRTY MILLION DOLLARS,

and the Central over *Twenty Millions*, upon their respective parts of the undertaking. THE UNION PACIFIC HAVE COMPLETED 500 MILES—have iron and other materials for two hundred miles more upon the ground, and one hundred additional miles are ready for the track. They will have a much larger force employed this year than ever before, and it is expected that between

800 and 900 MILES

will be in operation during 1868. There seems to be no reasonable doubt that the distance between Omaha and Sacramento will be traversed by rail in 1870.

THE GOVERNMENT GRANTS 12,800 acres of land, and its Bonds, to the average amount of $28,000 per mile, to aid in the construction of the line, and authorizes the issue of the First Mortgage Bonds now offered for sale, to the same amount and no more. The Government takes a *second* lien, and gives to the First Mortgage Bondholders a prior lien for their security, to which a large paid up capital is added. The Bonds cannot be issued except as each section of twenty miles is accepted by Government commissions, so that they always represent a real property.

It is universally admitted that on the completion of the Union Pacific Railroad, its through business will make it one of the most profitable in the world—but its *way or local* business is already several times the interest on its bonds; so that, if not another mile were built, they would be a secure investment.

THE NET EARNINGS for eight months of last year on an average of 286 miles are officially reported at $1,099,136, while the interest on all the Bonds it could issue on that length of road for that time, reduced to currency, was only $345,85 6.

The amount paid by the Government for the transportation of troops, munitions, stores and mails has been, and doubtless will continue, to be, much more than the interest on the United States Second Mortgage Bonds. It is not, the charter provides that after the road is completed, and until said bonds and interest are paid, at least five per cent. of the net earnings of the road shall be applied to such payment.

The Union Pacific Bonds are for $1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income on their cost of

NEARLY NINE PER CENT.,

AND IT IS BELIEVED, THAT THEY WILL SOON BE AT A PREMIUM.

The Company have but a very limited supply of their Bonds remaining on hand, but any subscriptions accepted to a greater amount than can be filled from Bonds now in the Company's possession, will be supplied from the New Bonds to be issued on that portion of the road completed in the Spring, in the order in which they are received.

The Company reserve the right to advance the price of their bonds to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum, from the date on which the last coupon was paid. Subscriptions will be received in Carlisle by

A. L. SPONSLER,

and in New York

At the Company's Office, No. 20 Nassau Street,

AND BY

John J. Cisco & Son, Bankers No. 59 Wall St.,

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's office or to any of the advertised agents.

JOHN J. CISCO, Treasurer, New York.

DR. WILLIAM SMITH'S

DICTIONARY OF THE BIBLE.

It contains OVER ONE THOUSAND closely printed double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with over TWO HUNDRED engravings on Steel and Wood, and a series of fine authentic maps.

It is highly commended by all learned and eminent men, and by the press generally throughout the country, and is the best book of the kind in the English language.

DO NOT BE DECEIVED.

Owing to the unprecedented popularity of this work, a small English abridgment adapted to juvenile readers, in duodecimo form, of about 600 pages, has been reprinted by another firm in large type, and spread over 800 octavo pages, evidently—by making a book large, than its original—to give the impression that it is our edition. It contains LESS THAN ONE-HALF THE READING MATTER of our COMPLETE AND UNABRIDGED EDITION; but to those who desire this juvenile edition we will furnish the English work, far superior to the American, at $2.75 per copy. Send for Circulars giving full particulars.

Agents Wanted for

THE OFFICIAL HISTORY

OF THE WAR,

Its Cause, Character, Conduct and Results.

By HON. ALEXANDER H. STEPHENS.

A Book for all Sections and all Parties.

This great work presents the only complete and impartial analysis of the Causes of the War yet published, and gives those interior lights and comedowns of the great conflict only known to those high officers who watched the flood-tide of revolution from its fountain spring, and which was so accessible to Mr. Stephens from his position as second officer of the Confederacy.

To a public that has been surfeited with APPARENTLY SIMILAR PRODUCTIONS, we promise a change of fare, both agreeable and salutary, and an intellectual treat of the highest order. The Great American War has AT LAST found a historian worthy of its importance, and at whose hands it will receive that moderate, candid and impartial treatment which truth and justice so urgently demand.

The intense desire every where manifested to obtain this work, its Official character and ready sale, combined with an increased commission, make it the best subscription book ever published.

One Agent in Easton, Pa. reports 72 subscribers in three days.

One in Boston, Mass. 103 subscribers in four days.

One in Memphis, Tenn. 136 subscribers in five days.

Send for Circulars and see our terms, and a full description of the work, with Press notices of advance sheets, &c.
