THE GOVERNMENT GRANTS 12,800 acres of land, and its Bonds, to the average ananout of \$23,900 per mile, to aid in the reinstruction of the line, and and the Bonds, to the average ananout of \$23,900 per mile, to aid in the reinstruction of the line, and and thorises the issue of the First Mortgage Bonds now offered for sale, to the same amount and no more. The Government takes a second line, and gives to the Figst Mortgage Bondolders a prior line for their security, to which a large paid-up capital is added. The Bonds cannot be issued except as each section of twenty miles is accepted by Government commissions, so that they always represent a real property.

It is universally admitted that on the completion of the Union Pacific Railroad, its through business will make it one of the most profusible in the world—but its vay or local business is already several times the interest on its bonds; so that, it not another mile were built, they would be a secure investment.

THE NET EARNINGS for eight months of last year on an average of SSG miles are officially reported at \$1,003,136, while the interest on all the Bonds it could issue ou that length of read for that time, reduced to currency, was only SGB,550.

The amount put by the Government for the transportation of troops, munitions, stores and mails has been and doubtless will continue to be, much most continue to the first days of another the road is completed, and mails has been and doubtless will to charter provides that after the road is completed, and the second Mortgage Bonds.
