

DeMott & Ward's United Circus and Menagerie. Our readers who wish to attend an entertainment not only of an exceptional, but a marvellous character, should remember the date of Messrs. DeMott and Ward's promised visit. The establishment we have heard with approval of, as one which fully meets the requirements made by the Management upon their bills, and in their advertisements. It is said to be a compact show, replete with excellent material in all respects much better than is given "as called" colossal affairs, which roam through the country, "all of sound and fury," signifying nothing. These young men are both first class performers, and have been before the public in prominent positions long enough to be easily impressed with a knowledge of what kind of an exhibition would prove successful. They have got fine wagons, a neat outfit, superior horses, an excellent troupe, elegant paraphernalia, and keep all things in correct order. The procession is not tardy, but is a fair index of the "wealth of the resources" they produce inside their canvas. They have earned all they have got, and are determined to win patronage by deserving it. Independent of the brilliancy of their acts and Gymnastics, their present feature unlike any precedents. The Performing Bears which have rendered Old Grizzly Adams' name historical, a huge Leaping Buffalo, the Educated Bull of Hindoostan, a real calf Elephant, a calf, not a dwarf nor deformity, and several Dens of Trained Lions, Tigers, and other ferocious felines are included in the quadruped attractions. Something new in the way of exhibitions is a desideratum long looked for. The United Circus and Menagerie will exhibit at Carlisle on Wednesday June 10th.

MARRIED WOMEN, or those of their own who own property in their own right, seem to be a perpetual source of trouble to the courts of Pennsylvania. Every term they come before the courts, and the result is a judgment against the woman who can do and what she may not. It has just been decided that a married woman may not sell stock without her husband's consent, although his signature as a witness on the certificate of transfer has been ruled to be evidence of assent. This ruling shuts the doors of the exchange and gold board to the sex.

They made a grave too cold and damp for a soul so honest and true. The necessity of opening the grave for so lovely a being had been inverted. Plantation Bitter is the remedy used and cured the young and lovely, the middle-aged and the ailing, from confirmed sickness.

Almost all diseases have their beginning in some slight affection of the stomach, which would eventually in Dyspepsia, Headache, Liver Complaints, Night Sweats, Consumption, Death. Plantation Bitter will prevent these premonitory symptoms, and keep the blood pure and the health good.

While they invigorate the system, they calm the mind.
