600 MILES OF THE NION PACIFIC

RAILROAD ow finished and in operation. Sixty miles of has been laid tals spring, and the work along hole line between the Atlantic and Pacific 8 is being jour ed forward more rapidly than before. More than twenty thousand men are oyed, and it is now possible that the entire track. Omaha to Sacramento, will be finished in 1805 that energy, men and money can do to second the total GREAT NATIONAL WORK,

The UNION PACIFIC RAILROAD COMPANY receiv II.—A Government Grant of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation and will be a source of large rerenue in the future and will be a source of large revenue in the future ill.—A Government Grant of United States Thirty ear Bonds, amounting to \$10.00 to \$48,000 per mile according to the difficulties to be surmounted on the various sections to be built. The Government takes a second m rigage as security, and it is explored that act only the interest, but the principal amount intry be paid in service rendered by the Company in transporting troops, mails, &. The interest is now much more than paid in this way, besides securing a grant saving in time and moiney to the Government.

IV.—Aggregment Grant of the wich the contract of the state of the contract of the state o

IV.—A.Government Grant of the right to issue it own FIRST MORTOAGE BUNDS, to aid in building the road, to the same amount as the U. S. Bonde issued for the same purpose, and no more. The Government Permits the Trutenes of the Firs Mortgage Bondholders to deliver the Bonds to the Company only as the road is compiete, and after it has been examined by the United States Cum missioners and pronounced to be in all respect. missioners and pronounced to be in all respect a fret-class Railroad, laid with a heavy Trail and completely supplied with depots, stritons turnouts, carshops, locomotives, cars, &c.

VI.—Not Cash Earnings on its Way. Business, that already amount to More Than The interest on the First Mortgage Bonds. These deroilings are no indication of the wast through traffic that must follow the opining of the lines to the Pacific, but they certainly prove that FIRST MORTGAGE BONDS pon such a property, costing nearly three times the

Are Secure-beyond any Contingency. The Company have abundant means in their trea-ury, and make no appeal to the public to purchase their Bonds, as the daily subscriptions are entirely attests or; but they submit that, for online security and librai returns, there is certainly no better in and libral returns, there is certainly no better inrestment in the market.

The Union Facilic Bonds run thirty years, are for
5,000 each, and have coupons attached. They bear
simual interest, payable on the first days of January
und July at the Company's office in the City of New
Nork, at the rate of six per cent. In gold. The principal is payable in gold at minurity. The price is
102, and at the present rate of gold, they pay a figstal income on their cest.

The Company believe that these Bonds, at the praent rate, are the cheasest security to be market, and The Company bolleve that these Bonds, at the preent rate, are the cheapest security, in she market, and
reserve the right to advance the price at any time.
subscriptions will be received in Now York.
Parties subscribing will remit the par value of the
bonds and the accrued interest ic' currency at the
rate of six per cost. per annum, iroin the date on
which the hast coupon was paid. Subscriptions will,
be received in Carlisle by

A. L. SPONSLER, and in New York At the Company's Office, No. 20 Nassau Street,

ad by the Company's advertised agents throughouthe United States. He United States,
Remittances should be made in drafts or other fiver in New York, and the Bonds, will be sent free
harpe by return express Parties subscribing the
coal oughts, will look to them for their sufe delivery. A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction and the Value of the Bonds, which will be sent free on application at the Country traversed by the Road, the Means for Construction and the Value of the Bonds, which will be sent free on application at the Country of the advertised a ents.

JOHN J. CISCO, Treasurer, New York. 29may-68. CHARLES WILLIAMS HEATING AND VENTILATING WAREHOUSE,

PHILADELPHIA Has an entirely new heater. It is constructed as to at once commond itself to governal favor, being a combination of wrought and cast from It is very simple in its construction, and is perfectly are tight; self-cleaning, having no pipes or drums to be taken out and cleaned. It is so arranged with upright flues as to produce a larger amount of heat from the same weight of coal than any turnace now in use. The hygrometic con ition or the air as produced by my new arrangement of evaporation, will at once demonstrate that it is the only Internation of the air as produced that it is the only Internation of the air as produced that it is the only Internation of the air as produced that it is the only Internation of the air as produced that it is the only Internation of the air as produced that it is the only International International

that will produce a pertectly healthy atmosphere. I um now making five sizes of PORIALES, and four for Masonry.
