The " HERALD " for the Campaign RATES VERY LOW!

Friends, Assist us by Getting up Clubs !

Fully appreciating the vast importance of the pres ent political campaign, and boing aware of the fact that there are many persons in the county-who do not feel themselves justified in subscribing for the full year, we have determined to furnish the HERALD rates so low for the campaign that it will be with the means of every main in the yound you because it the means of every main in the young to secure it. The present campaign is one in which every principle for which the war was waged is at a stake. Already have the robels, through Wade Hampton, declared that their cause is not lost, but, that in some form or other, it will yot triumph. To assist them in securing the triumph he predicts, the Democarcy have united with them hand and heart; have placed in nominatio onstructed the platform in accordance with their dictation

In order that the people may act intelligently in this contest, they should inform themselves theroughly a to the nature of the efforts these traitors are making to secure at the ballot-box what they lost in the field and this they can do only through the medium ound and loyal journals. It will be our effort to p south and royar journals, with both source to pro-south the issues furthfully, and to arouse every patriot to a true sonse of the danger which threatens the country should the robol Democracy succeed in elect-ing their candidate. We will advocate to the best of our ability the great and generous principles of the Republican party, and in so doing will labor earnestly ion of GRANT and COLFAX. Our rates, strictly in advance, from this until after
