A meeting of the Republican County Committee will be held in Rhoem's Hall on Saturday, August 16th, at 11 o'clock A. M.

DEATH OF Thaddeus Stevens.

At midnight, on Tuesday last, in Washington City, THADDEUS STEVENS breathed his last, in the 77th year of his age.

The intelligence was announced by the following telegram:

WASHINGTON, August 12—A. M.—The Hon. THADDEUS STEVENS died at precisely 12 o'clock to-night, at his residence in this city, No. 279 South Street, Capitol Hill.

His nephew, Thaddeus Stevens, Jr., Simon Stevens, and Mrs. Smith, his house-keeper, were at his bedside; also Sisters Loretta and Genevieve of Providence Hospital, Dr. I. Scott Patterson, of the Interior Department, and the servants of his household.

His last hour was one of tranquillity, and when the moment of dissolution came, he passed calmly and peacefully away, as though falling into a sweet slumber.

Thus peacefully and quietly has passed away one of America's noblest and greatest Statesmen, and one of Pennsylvania's ablest and bravest sons, in the full evening of his glory and renown.

Although for some time his disease has been looked upon as an event likely to occur at any time, yet the uncertainty that at last the uncertain thread of life has snapped will send a thrill and a shock throughout the length and breadth of the land.

At this late hour we have neither time nor heart to write further of this great national bereavement.

POLITICAL.

New Albany Election—Republican Gains.

INDIANA, August 4.—At the municipal election in New Albany today, the Democratic candidate for Mayor was elected by 122 votes, a Republican gain of 700 votes.

Mr. Hendricks spoke there at length, on last Saturday, with what effect to-day's election demonstrates. New Albany has always been a famous Democratic stronghold.

Who shall be our Candidate for Congress?

Our Convention on Monday, concurring in the right of our Congressional nomination to York County, instructed our Conference simply to do as will best promote the interest and success of the Republican party.

We hope that we will be pardoned for suggesting that the interest and success of the party in this county will be promoted by the nomination of Mr. SAMUEL SMALL of York.

Everywhere, throughout our district, is he known as a liberal, philanthropic man, and a tried and devoted patriot. On all sides do we hear Democrats say, "nominate Mr. SMALL, of York, and we will vote for him; we will vote down HADDAMAN and corruption, even at the expense of defeating our own candidate."

We sincerely hope that our Conferees will unanimously support Mr. SMALL.

We have received a communication from one of our citizen soldiers, who desires the *Accession* to answer the following interrogatories.

Mr. Cassin.

Do you think a citizen soldier, who served his country in the ranks of the army from 1861 to the close of the war would vote for HONORABLE SEYMOUR for President in preference to his great and glorious leader, ULYSSES GRANT?

Do you think, he, who in defense of his country, laid bare his breast to rebel bullets, could, under any circumstances, vote for HONORABLE SEYMOUR, who called a party of ruffians "his friends," and assured them that he would have the draft suspended and stopped?

Do you really think a good Union soldier should vote for SEYMOUR, who sympathized with the rebels from beginning to end, and at all times denounced the Union authorities, in preference to the great leader of the army, who shared with him alike the perils and hardships of the battle field?

Is it not safer, in the South, to entrust the ballot to an honest loyal negro, than to an unrepentant, threatening rebel?

He desires an answer, and trusts that he will receive it in your next issue.

Our Convention and Ticket.

For weeks and months we have worked earnestly in urging upon our Republican friends the policy and necessity of having a full and enthusiastic Convention; and the formation of a good and strong ticket.

Our labors, we are glad to say, have been amply remunerated by the size and enthusiasm of the Convention of Monday last, and the character and strength of the ticket placed in nomination upon that day.

Never in the history of our party in this county have we had such a strong promise of an active and vigorous campaign upon the part of our friends as we have at this hour.

All along the lines, and do the Republicans seem to be aroused to the duty of the day, and we predict that the result of the pending elections will be such as to inspire increased energy and determination.

Every Township, Borough and Ward in the county was represented in Monday's Convention—a fact as unusual as it is encouraging.

In the formation of the ticket great care was taken to place upon it none but the very best and most active men; and, the result is that we now offer to the voters of Cumberland county the very best array of names that ever solicited their suffrages.

The nomination for Congress and the State Senate rightfully belonging to York county, the Convention simply selected Conference, and instructed them to act as the best interest and success of the Republican party, in their opinion, demanded.

For Assembly, the Convention placed in nomination Capt. J. V. GISH, of Shippenburg.

The Captain, who for a long time Adjutant of the 107th Regiment of Penna. Volunteers, and served with great gallantry and distinction. He is a young gentleman of very considerable talent and of pleasing and affable manners; is a thorough Republican, and by his courteous and gentlemanly deportment has won hosts of warm and active friends.

With proper energy and activity on his part we have no doubt he will make a most satisfactory canvass.

In the nomination of W. B. PARKER, Esq., for District Attorney, we have a candidate who is eminently qualified for the position, and one who will doubtless be able to command a very large number of Democratic votes.

It is certainly unfair that any one young Attorney should be allowed to reap the rewards and fruits of this office for a period of more than three years. It is regarded almost as the starting point in a lawyer's career, and to ask it the second time seems to us little more than an acknowledgment upon the part of the applicant that he is unable or unfit to successfully cope with his fellow-members of the profession.

Mr. MAULAGUIN, the Democratic candidate, has already received the emoluments and advantages of the office for three years, and we sincerely hope that the very large minority who so strongly opposed his re-nomination in the Democratic Convention on this account, will carry their views into practical effect by voting for Mr. PARKER, who is as yet a young lawyer, or, at least, has never enjoyed the advantages of the position.

Mr. W. S. WOODS, our candidate for Commissioner, is so widely and so favorably known that we scarcely feel that it is necessary to make any comments upon his claims for party support or his special fitness for the position for which he is nominated.

That a change for the better is sadly needed in the Commissioners' office, that the ring which now holds sway in the Court House management of our county affairs ought to be broken up, and that some good and determined man who would do these things should be elected, is scarcely any one who, be he a Democrat or a Republican, can be found to deny.

Just the right kind of a man is STEPHEN WOODS. Should he be elected, as we have every reason to believe he will be, there will no longer be pay drawn for three hundred and sixty-six days in a year that is not ten-penny, no longer the distribution of the county funds through favoritism, and no longer the retention of any one man in a position which is in itself a sinecure with good pay, to the exclusion of the claims of all others.

Honest Democrats, who you desire a sound and economical administration of our county affairs, join with us and help elect him Commissioner.

He will always be found at the post of duty, ready and determined that whatever is done shall be rightly and honestly done.

For the position of Director of the Poor we have put in nomination Mr. JOHN S. ADLER, of Mechanicsburg.

Mr. Adler is a gentleman of good administrative ability, and sound and unquestioned integrity. He is just the style and stamp of a man to superintend in a proper manner the affairs of our county Almshouse.

Now that a new building is being erected, at a tremendous expense to the tax-payers of the county, we have especial need of a man who will most scrupulously supervise its erection; and he is just the right man to guard against all improper and needless expenditures.

Again, we say to the tax-paying portion of the Democracy who desire the expenses of the county to be kept as low as possible, help us to elect JOHN S. ADLER, who will never have reason to repent your action.

Our candidate for Auditor, Mr. THOS. MCGUNN, of East Pennsboro, is a thorough-going Republican, who possesses the qualifications requisite for the proper discharge of the duties of the office in a very eminent degree.

JOHN A. LINE, of Dickinson, our candidate for County Surveyor, is a very estimable young man, and should be elected to the position, will discharge its duties in a manner highly satisfactory alike to friend and foe.

We are informed that he is one of the most promising young Engineers in this county.

A Party of Bloodshed.

Since the days of the Tories of the Revolution, there has not existed in this country a party so unscrupulous, wild and unprincipled, as the Democratic Party of today.

Nor has there ever existed a political organization in the world, on whose hands is the blood of so many of their countrymen.

The following is a record of the blood shed by the Democratic party of the United States:

1. Slaves whipped to death, shot, killed by bloodhounds, 5,000

2. Murder of Free State men in Kansas during the attempt of the Democratic party to force slavery upon that Territory, 4,000

3. Killed in the Union Army during the rebellion precipitated upon the country by the Democratic party, 300,000

4. Killed in the rebel Army, by the Democratic party, 250,000

5. Sold into Union men killed by enforcing drafts, 1,000

6. Negroes, and women and children murdered by the Democratic rioters in New York, in 1864, 100

7. Union men killed by the Democracy of the Southern States by the Democratic party, since the close of the war, say, 4,000

8. Staked and otherwise murdered at Andersonville, Salisbury, Florence, and other Democratic prison camps, during the war, 50,000

9. The assassination of the President, ABRAHAM LINCOLN.

The blood of over 600,000 men, women and children is directly or indirectly chargeable upon the so-called Democratic party.

And this party, through its teachings every grade of crime has been committed during the past forty years, is now asking the suffrages of the American people to place it in power.—*March Chalk Gazette*

On motion of Mr. SWARTZ, of Mechanicsburg, Jacob Zehring, of Hampden township, was elected temporary Secretary. The roll of the Townships, Boroughs, and Wards was then called, and the credentials of Delegates presented.

On motion of H. A. Sturgeon, of Mechanicsburg, the Convention voted to sit with closed doors until after the election of Congressional conferees. Mr. Sturgeon then offered the following resolution which after a spirited discussion was passed:

Resolved, That Benjamin Erb, C. P. Humphrey, Esq., and James M. Cannon, be and are hereby chosen as Congressional conferees to meet like conferees from York and Perry counties, and take such action in regard to the Congressional nomination as in their opinion will best promote the interest and success of the Republican party.

A motion was then made by Mr. Swartz that the Convention open its doors. Mr. Erb opposed the motion. It was put, and, upon a call for a division, was voted down. Mr. Sturgeon then offered the following resolution, which with little opposition was passed:

Resolved, That Jacob Bomberger, Wilbur F. Sadler and Geo. W. Criswell be and are hereby appointed Senatorial conferees to meet like conferees from York county, and take such action in regard to the Senatorial nomination as will, in their opinion, best promote the interest and success of the Republican party.

The doors of the Convention were then thrown open. A motion to adjourn was voted down.

The names of Capt. J. V. GISH of Shippenburg, FRANCIS G. WILLIAMSON, of Penn., and Capt. HENRY S. CHIDDER of Newton were put in nomination for the Legislature. The result of the ballot was as follows:

Capt. J. V. GISH, 30
FRANCIS G. WILLIAMSON, 4
Capt. HENRY S. CHIDDER, 15

Capt. GISH having received a majority of the votes cast, the Convention made his nomination unanimous.

For District Attorney the names of WILLIAM B. PARKER, Esq., of Carlisle, and L. J. W. FOWLES, Esq., were placed in nomination. The following was the vote:

W. B. PARKER, Esq., 27
L. J. W. FOWLES, Esq., 22

Mr. PARKER was by resolution declared unanimously nominated.

The Committee on Resolutions, the appointment of which had been committed, was then appointed by the chair. It was com-

On Tuesday, the Teachers and Scholars of the Sunday School of the Methodist Episcopal Church, held their annual celebration in "Hamilton's Grove," a short distance below town.

Besides the teachers and pupils, a large number of the members of the congregation and other citizens were present, and an apt and beautiful supply of the good things of the earth was provided, of which all partook with much relish.

An appropriate address was delivered by Rev. Dr. DAVIDSON, after which the excursionists returned to town, well pleased with the day's proceedings.

On Wednesday last, the Sunday School of the First Lutheran Church held a picnic at the Fair Grounds, and we learn that every thing passed off pleasantly.

An abundance of tables was provided, and nothing was wanting to their advantage.

On Thursday, the Sabbath Schools of the two Methodist Episcopal churches united, and held a picnic in Hamilton's Grove. It was a day of pleasure, health and recreation among the beautiful scenery of that delightful resort, and teachers and scholars, with their friends, enjoyed it greatly.

TO ADVERTISERS.—Persons having real estate for sale or to let, as well as those desiring to purchase or rent, such property, will find it to their advantage to advertise in the HERALD.

Its circulation, as is well known, is the largest by far of any paper in Cumberland county, and it is daily increasing. All classes of readers are reached by it.

BADLY INJURED BY A FALL.—On Thursday morning last, Mr. WM. ELLIOTT, who engaged in painting the dome of the Catholic church in this borough, fell from the scaffolding, a distance of sixty feet, injuring himself so badly that for a time his life was despaired of.

His injuries are of a serious nature, and his physicians pronounce him to be yet in a critical situation.

POST OFFICE CHANGE.—Among the last confirmations of appointments by the Senate before its adjournment, was that of Mrs. MARY ROCKEFELLOW to Post Mistress at Mechanicsburg, in place of ROBERT WILSON, Esq., removed. Mrs. Rockefeller has not yet taken charge of the office.

ANGUST COURT.—The August term of the several Courts of Cumberland county will commence on Monday the 24th inst., to continue one week.

No causes have been put down for trial on the civil list, and no cause there will be no trials in the Common Pleas. It is probable that but little business of importance will be had in the Quarter Sessions.

As doubtless many of our friends will be in town during Court week, such of them as themselves indebted to us for subscription, advertising or job work, are invited to "step into the Captain's office and settle."

DEATH OF DAVID HUME, Esq.—We learn that DAVID HUME, Esq., a well known citizen and Democratic politician of this county, died at his residence near Oyster's Point, on Thursday, the 23d ult., at an advanced age.

Mr. HUME was a practical printer, an active politician, and was for some years the editor of the "Pennsylvania Republican," printed in this borough, at a time when politics run very high. "Acher Hume's final foe he sleeps well."

VALUABLE FARM FOR SALE.—We would call the attention of our readers to the advertisement of Mr. H. M. RUPLEY near West Fairview. The farm offered is one of the finest in the County and the sale will attract much attention.

A PUBLIC BENEFACTOR.—We learn that in several parts of the county, our people were aroused by the loud yelling of a man, riding by their houses, on horseback. He generally passed early in the morning, and when the people inquired the cause, he would shout as he rode for miles that the Drug Store, of Dr. O'NEAL & Co., Newville, is the cheapest Store in the County, of which everybody will be convinced by going there.

STATE SCHOOL CONVENTION.—The State Convention of county, city and borough School Superintendents met in Harrisburg last week. Forty-five counties and cities were represented, including over seven thousand schools.

Among the resolutions adopted, was one that the number of School Directors be reduced from six to three, that they be paid, and that they be sworn to perform their duties faithfully at Holly Springs on Saturday Evening, August 15th at 10 o'clock. A full attendance is earnestly requested.

SOUTH MIDDLETON AWAKE! GRANT AND COLFAX FORMATION OF A CAMPAIGN CLUB.—All those in favor of forming a GRANT AND COLFAX Club, will meet at Holly Springs on Saturday Evening, August 15th at 10 o'clock. A full attendance is earnestly requested.

Public attention is invited to "Household Gas Machine" advertisement in this issue by David Jones, Philadelphia. This Machine commands itself to public favor.

PROMOTED.—The Senate, a few days since, confirmed the nomination of Lieut. Col. SAMUEL D. STRUBBS, 6th Cavalry, U. S. Army, as Brevet Brigadier-General, for gallantry in the battle of Antietam, and Brevet Major-General for distinguished services in the battle of Fredericksburg, Va. Gen. STRUBBS is a native of Shippenburg, in this county, and is a son of the late JAMES STRUBBS, Esq., of that place. He is a graduate of West Point, and joined the army on the breaking out of the Mexican war. Although very young at the time, by his gallantry and good conduct he soon "won his spurs," and his promotion was rapid.

DEATH OF JUDGE DOCK.—Hon. WM. DOCK, a well known and much esteemed citizen of Harrisburg, died at his residence, in that city, on Tuesday last. The funeral took place on Friday last, at 11 o'clock, and was the largest that has been witnessed in that city for a long period.

It was attended by nearly every prominent member of the Bar, and city and county officials, together with a host of friends who had been drawn around, and attached to him in life, and in whose memory his many good deeds, noble traits, and friendship, is still cherished. Judge Dock was for many years a citizen of Cumberland county, where some of his relatives still reside.

PINE GROVE RAILROAD.—Two weeks ago we stated that the construction of the Railroad from Carlisle to Pine Grove had been postponed for this season.

We are glad to learn that that statement was erroneous, as we have just been informed by a friend that in a conversation with Hon. HENRY D. MOORE, President of the South Mountain Company, that gentleman assured our informant that in all probability it would be running as far as Mt. Holly, by January 1st 1869. Success to the movement.

FOR HOUSEKEEPERS.—As this is the season for canning fruits, it will be of interest to housekeepers to know that heating their cans preparatory to filling them with fruit, is entirely unnecessary. They have only to wring a towel out of cold water, lay it up in several thicknesses, and lay it over the table, and set the can upon it (cold), and pour in the hot fruit. Why the cans don't break, we cannot explain, but we have known hundreds of them filled in that way, and never once broken open.

THE PENNSYLVANIA RAILROAD COMPANY.—Reduction of Rates of Fare.—It will be gratifying information to the people of the State to know that on and after the first of August the rates of fare on the Pennsylvania Central Railroad will be reduced about one-half cent per mile, or fourteen per cent. The through rates from Philadelphia and Pittsburg will be ten dollars, and as a ten-dollar rate runs gut in an eastward direction at Green Tree, and in a westward direction at Irwin's the rate from Pittsburg, and all intermediate stations up to Irwin's inclusive, to Philadelphia, and all intermediate stations up to Green Tree inclusive, to Pittsburg, will be ten dollars. The rate per mile for intermediate distances will be three cents per mile and for children between five and twelve years of age, one-half where the rates divide even, and one-half with 25 cents added where it divides uneven. This change applies only to passengers who purchase tickets at the ticket office; all who pay in the car will be required to pay the old rates.—Travelers will see the importance of purchasing tickets before they start.—*Harrisburg State Guard.*

A CARD.

Massachusetts.—The subscribers desire through the columns of your paper to acknowledge the obligations to Mr. John Roll, proprietor of the Pennsylvanian Hotel, and his excellent wife and family, as well as numerous other friends and acquaintances who rendered such timely and valuable aid and sympathy in the care and nursing of our son, who recently sustained a terrible injury. We feel that those acts of Christian kindness can never be fully repaid, but they can be assured that the gratitude of two thankful and overflowing hearts will ever attend them.
