GALLANT PHIL. SHERIDAN'S platform has but a single broad plank in it. LOVES HIS COUNTRY SHOULD VOTE FOR GRANT!"

Don't forget our Mass Meeting to-day. Gen. Joseph R. Hawley Ex-Gov. of Connecticut, and President of the late Chicago Convention, will positively be on hand and addressthe meeting.

WHY A PATRIOT SHOULD VOTE AGAINST SEYMOUR.—Gen. Burnside gives the following as the reason why down from his Bench and swore in subevery truly loyal man should vote against Seymour: "Ishall vote against Mr. Seymour, because I think he was an enemy to his country when it was when the Chief Instice of the State for

"Push Things;" said Gen. Grant in a despatch to his friend, Phil. Sher idan, when the latter was brilliantly operating against the rebels in the val ley of the Shenandoah. We say the same to our Republican friends in Cumberland county. You have a good cause, good candidates, and a good country to save from anarchy and civil war. Let no Republican vote remain unpolled at the October election. See that every man is out!

THE taxes removed have all be from domestic industry, from cotton, from agricultural products, from miaerals, from petroleum, and the fax upon whisky has been reduced seventy-five per cent., and upon tobacco twenty-five per cent. This was the work of a Rez publican Congress, while Gen. JOHN F. HARTRANFT, Republican Auditor General, was mainly instrumental in securing a repeal of the tax on real es tate. Farmers, if Hartranft is defeated, there is a likelihood of, the tax on rea estate being re-levied.

Since the war closed, in a period of about three years, the public debt has been reduced between \$200,000,00 and \$300,000,000. Give the Democ racy power again to encourage th Southern aristocrats to rebel against a government of caughties, as they di under the rule of Buchanan, and instead of this reduction we will have an annual increase of the debt, to suppor another great army, of \$300,000,000 These are important facts for voters.

Rebell Proscription.—Two mem bers of the Arkansas Legislature, County Clerk, and a United States Collector of Revenue, have been driven from the State on account of having contributed to the building of a school house for freedmen. In Lafayette county, three white Unionists and eighteen colored men have been murdered within a few days by Frank Blair's friends.

THE WAY THINGS NOW LOOK .-Fresh evidences are brought to light every day that the South is as ready for a second war as it was at the firing of Sumter. Put Seymour in the chair and he will prove a second Buchanan, ready to their hand. What is more he will have a Cabinet not a whit be hind such thieves and revolutionists as were Floyd and Cobb: No lover of his country, not absolutely insane, can vote for Seymour and Blair, if he will only reflect for a moment. "Jeff. Davis" treason and Buchanan's treachery or cowardice have inflicted untold misery and expense upon the people of the Union. Let not Seymour and Blair have a chance to renew the calamity.

This clause is to be found in the last IF a Democratic politician denie part of section 42 of the election laws. that the Convention Phich nominated as published and compiled by the Sec Seymour and Blair, favored the taxaretary of the Commonwealth, under tion of houses, farms, horses, sheep, authority conferred by a resolution of flour, wheat, etc., ask him if he denies the Legislature, passed last winter, to that those articles are property. of the matter. EVERY active Republican, in every district in the county, should see that the slow and the dilatory are brought to the polls on Tuesday next. Every Republican vote should be polled on that day, for we may rest assured that every Copperhead vote will be polled. A full Republican vote in Pennsylvania is equal to a Republican majority of TWENTY THOUSAND. But to reach those figures, the full vote must be out. Let this truth be borne

in mind.

Naturalization Frauds. From the testimony taken before Alderman Beitler, in Philadelphia, it is fully proven that the officers of the Supreme Court are fraudulently issuing naturalization papers. Think of a tir stave of the Court swearing from two to four thousand persons, and on such oaths issuing the papers. Such are the fruits of electing Judge Sharswood. Stay at home Republicans, remember that your absence from the polls last as will effectually rebuke the authors thre you strike another blow at treason of these stupendous frauds.

THE HERALD .- ITS ENLARGEMENT -The reader, doubtless, has not failed t perceive that within a few weeks past the and otherwise improved, it having now nine columns to the page, thus making it a therty-six column newspaper, the largest ever yet issued in the County of Counte land. This enlargement was rendered absolutely necessary by our large and steadily increasing advertising patronage and to keep pace with the improvemen of the day. As it is, we even now feel on clvessomewhat hampered for elbow room and it is with difficulty we can accomm date our advertising patrons and at the same time lay before the reader anything like an abstract of the news. After the elections are over, we mean to devote morspace to literary and local matter, to give a synopsis of thingressional and Legislative proceedings (when those bodies are in session), to keep the reader informed of latest general and domestic news, as well as the current political topics of the day. We will; also, furnish weekly accurate reports In making this enlargement, we hav een at considerable expense, and we hope

The amount each one dollis small, but taken in the aggregate it makes very large sum, the cancelation of which just now would materially benefit us in our business. To those who have stood by us so long and so faithfully, as subscribers to our paper or as advertising patrons, w lender our most hearty thanks, and shall endeavor to deserve a continuance of the same.
