REPUBLICAN NOMINATIONS.

Freemen, Republicans, Voters of Cumberland County!

Let every Republican examine well his ticket before voting. We have information which leads us to believe that the fraud-loving Democrats will endeavor to palm off spurious tickets on next Tuesday.

- ELECTORS: G. Morrison Conates, Thomas M. Marshall, William H. Barnes, William J. Pollock, Richard Wilder, George W. Hill, Watson P. Magill, John H. Bringham, Frank C. Hooton, Isaac Eckert, Maria Hoopes, David M. Rank, William Davis, Windrop W. Ketcham, Samuel Knapp, Benjamin F. Wagenseller, Charles K. Mullin, George W. Elder, John Stewart, Jacob Grafius, James Sill, Henry C. Johnson, John K. Ewins, William Frew, Alexander W. Crawford, James S. Rattan.

LAST RALLY!

A GRANT AND COLFAK meeting will be held in RHEEM'S HALL, TO-MORROW (SATURDAY) EVENING, at 7 1/2 o'clock.

There are many good men in the Democratic party who have no business there. They will be always welcome to the Republican ranks.

It is not really necessary that any Democrat should lose his vote, his honor or his patriotism. There is that option. But by voting for GRANT every one will save what is sure to be lost otherwise.

Be Vigilant!

This being the last issue of our paper prior to the termination of the great national contest in which the people of this land have been engaged for the last four months, we desire to urge upon our friends for the last time the necessity of polling every Republican vote in the county.

It is to be forewarned is to be forearmed. Beware of sluggishness. Let not your victory, great as it is, induce inaction. On the other hand, it should stimulate to greater effort.

Our Campfires are burning brightly. Let us keep them burning. Let there be a grand rally at Rheem's Hall on Saturday night, then a last rally at the Palls on Tuesday.

The Last Grand Rally at the Palls!

Freemen, Republican, Voters of Cumberland County! On Tuesday next you will be again called upon to exercise your most inestimable right, that of suffrage, and it behooves you to do it with a thorough conviction of its importance.

What they failed to do by force, they hope to accomplish by fraud. For this purpose they mean to resort to the ballot-box, and by the success of Seymour and Blair to regain their ancient supremacy.

Mr. Johnson has published an unofficial proclamation, addressed to Ex-Governor Seymour, but designed for general use, in which he expresses his warmest sympathy with the Democratic candidate, encourages him in taking the stump, and directs his attention to the expenditures of money and the "encroachments of despotic power, now ready to enter the very gates of the citadel."

The despotic trait in which the Democratic party is placed—their loss of every State that has voted, and the mutiny that has broken out in their camp—has compelled the Democratic managers, as a last resort, to start Governor Seymour on a stuping tour, to arrest the panic.

Seymour & the Democracy Convicted of Inciting Draft Riots.

We have heretofore printed some what lengthy extracts from the speech delivered by Horatio Seymour in New York on the 17th of July, 1863, from which, we think we conclusively showed that the subsequent draft riot took its rise.

The Louisiana Tigers were perhaps the worst regiment in the rebel army. From the battle of Bull Run to the bloody struggle at Gettysburg, they were always called upon to perform the most dangerous and most desperate feats of arms that the extreme fanaticism of the rebellion demanded.

No stronger proof of the falsity and absurdity of the Volunteer charges can be required than a simple reference to the following sentence, which appeared in his article of yesterday:

Mr. Suller, the Secretary of the Society, is simply ridiculous to even intimate that he (Mr. Suller) had anything whatever to do with the control of its finances. In this connection we are authorized, on behalf of Mr. Suller, to state, that he is willing and ready to make a full exhibit of all his transactions with the Society, as proposed by Mr. Kennedy, and names Mr. John B. Bratton of the Volunteers as the gentleman to be named on the part of himself.

"We don't know what Blair means. Omniscience itself may not always be able to solve that well-known insoluble problem—but Mr. Blair says we can faithfully report. We know that he uttered exactly the words reported by us, and can bring more Democrats to testify to that fact than would suffice to convict any man of any crime, before an intelligent jury."

The despotic trait in which the Democratic party is placed—their loss of every State that has voted, and the mutiny that has broken out in their camp—has compelled the Democratic managers, as a last resort, to start Governor Seymour on a stuping tour, to arrest the panic.

The Agricultural Society.

We are glad to learn that the Secretary of our Agricultural Society refuses to notice the villainous article in this week's "Toben," feeling that he did his full duty to the Society in his communication in our last issue.

"After speaking of the fact that the Herald has done the greater portion of the printing of the Society for the past three years, the writer says: "Our readers will bear us witness that not one word of complaint on this score ever appeared in our columns."

Grant's Democracy.

We take the following seasonable article from a late number of the Philadelphia North American:

It is a favorite idea of the Democrats that General Grant is not a Republican at heart; that he is still a Democrat, as he was before the war, and that he is with the Republicans as a matter of expediency, and that he is not bound to the principles of the party.

"The despotic trait in which the Democratic party is placed—their loss of every State that has voted, and the mutiny that has broken out in their camp—has compelled the Democratic managers, as a last resort, to start Governor Seymour on a stuping tour, to arrest the panic.

Official Vote of Pennsylvania.

Table with columns for counties and years 1867 and 1868. Lists names of counties like Adams, Allegheny, Berks, etc., and corresponding vote counts.

In the official return of Cumberland County there is an error of twenty-five in favor of the rebel Democracy.

In reading the return, the vote of Upper Southampton was counted as the entire vote of the Shippensburg District, and the return made to the Office of the Secretary of the Commonwealth before the error was detected.

The spirit of enterprise exhibited in our sister town of Mechanicburg is truly remarkable, pervading every department of business.
