HAIR VIGOR, For restoring Gray Hair to its natural

soon restored to its origi-nal color with the gloss and freshness of youth. Thin bair is thickened, falling hair checked,

though not always, dured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or baldness. Free from those deleterious ubstances which make some preparations langerous and injurious to the hair, the Vigor can only benefit but not harm it.

If wanted merely for a othing else can be found so desirable. Containing neither oil or dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and and a grateful perfume. Prepared by Dr. J. C. Ayer, & Co.,
