MISCELLANEOUS.

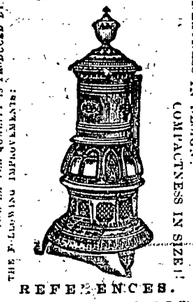
IF YOU WANT TO SEE TH
most perfect Anthracite Stove ever offered
the public, step into

WM. FRIDLEY'S

Stove Store, East Leather Street, in the rear of
Harkness store and see them.

GREAT AMERICAN BASE BURNER

Is open before it is a perfect Parlor and Office
Stove, and will keep fire in from 36 to 48 hours
without attention. Consume less coal than any
other stove of the same size, and is offered to the
public by reliable dealers at less than half the price
charged for small stoves of inferior quality. Call
and see it in actual operation. A simple fire to
start in all its working parts. Just right, on a cold
night, on a landing of the Penna. Railroad, where it can be seen during the winter.
No dust, no gas, no dirt or clinkers.



THE IMPERFECTIONS OF OTHER STOVES ARE THESE:
PERFECTION IN OPERATION!
THE FOLLOWING IMPROVEMENTS ARE PRODUCED BY
THE PECULIAR CONSTRUCTION OF THE
NEATNESS IN DESIGN!
COMPACTNESS IN SIZE!

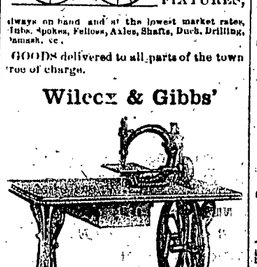
COACH AND WAGON FIXTURES,

always on hand and at the lowest market rates, Hubs, Spokes, Fellows, Axles, Shafts, Duck, Drilling, Tannass, &c.

GOODS delivered to all parts of the town free of charge.

Wilcox & Gibbs'



SEWING MACHINE.

We have secured the Agency of the Wilcox & Gibbs' Sewing Machine, a little family arrangement, not a seems sitting to do without after having seen one in operation. The Wilcox & Gibbs' is a Single Thread Machine and claims superiority over all Double Thread Machines in the following particulars. It is simpler and less liable to get out of repair. It is cheaper. It runs with less noise. It runs faster. It runs faster. It has the best device for preventing the wheel from running backward. It requires less mechanical skill to operate it. It requires less time and instruction to learn to use it. It is the most certain and reliable in its operations. Its needle is straight and less liable to be broken than a curved one. The needle is secured in its place by an ingeniously patented device which renders it self adjusting so that neither skill nor experience are required in arranging it. It sews directly from the spool thus doing away with the tedious operation of winding the thread for adjustment in the "bottle." It makes the Wilcox & Gibbs' or "twist" stitch, a stitch original with this machine and found on no other. The seam is more elastic and stronger than the Lock stitch. The seam is the most even and beautiful; the seam is always exhibited on the right side. The tension is more simple and more easily adjusted. *It is more speedily changed from one kind of work to another, than any other machine in the market.* In the best manner, it has the best filler; it has the best braider, it has the best belt. The Wilcox & Gibbs has been in the market for three more than eight years, during which time upwards of sixty thousand have been made and sold, a number by fifty per cent larger than were sold of any double thread Machine in the same number of the earliest years. Such success is sufficient to warrant the sale of the Machine wherever it has an Agent, without the doubting evidence of testimonials, of which there are enough to fill up the columns of all the Journals in the land. The Machine may be seen on exhibition at our store, No. 26 North Hanover Street, Carlisle, where they may be examined, and they will take great pleasure in explaining anything relating to it.

Respectfully &c.,

MILLER & BOWERS.

NATURE'S GREAT RESTORER.

SCHEETZ'S

CELEBRATED

BITTER CORDIAL.

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the fields, during the months of May and June selected with the most care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Liver, Kidneys, Bowels, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a valuable tonic, and can be taken by either infant or adult with perfect safety, being beneficial results in a certain class of cases. Prepared only at DYSPEPSIA DYSENTERY & DIARRHŒA WELCOME PLANT, DESPERATE COUGHS & COLDS SPITTING, PAINTINGS, INCHILADA CHE &c. For CHILLS and FEVERS it stands unrivaled. It is better and surer than quinine, without any of its pernicious effects. It creates an appetite, gives a powerful digester of food, and will counteract the effects of liquor in a few minutes

PREPARED BY

JACOB SCHEETZ *Sole Proprietor,*

THE GREAT

ZINGARI BITTERS.

A SAFE BLOOD PURIFIER,

A SPLENDID TONIC,

A PLEASANT BEVERAGE,

A CERTAIN CURE AND

PREVENTIVE OF DISEASES,

The ZINGARI BITTERS are compounded from a prescription of the celebrated Italian physician Dr. Cheverus, who, after years of travel and experiment, discovered the *Zingarini Herb*—the most remarkable vegetable production in the earth, perhaps has ever yielded—certainly the most effective in cure of disease. It, in combination with the other valuable properties of which the ZINGARI BITTERS is composed, will cure

Dyspepsia, Fever and Ague, Bilious Fever, Cholic Colds, Bronchitis, Consumption in its first stage, Flatulency, Nervous Debility, Female Complaints, Rheumatism, Dysentery; Acute and Chronic Diarrhœa, Cholera Morbus, Cholera, Typhoid and Typhus Fever, Yellow Fever, Scrofula, Diseases of the Kidneys, Liver, Bladder and Gastrointestines, &c., &c.

In the Prevention and Cure of the above diseases it has never been known to fail, as thousands can at present testify, both of past cures and of the country, will be fully supplied with particular containing testimonials and certificates of those who have been cured after all other means have been pronounced hopeless by our best physicians

First Mortgage Seven Per cent.

INDORSED BONDS.

THE

St. Louis, Vandalia and Terra Haute Railroad Co.

At 90 and ACCRUED INTEREST

These BONDS are for $10.0 each, secured by a first mortgage of only $1,000 per mile on the property and franchises of the Company, redeemable on the first day of January, 1897. Coupons attached, payable on the 1st day of January and July in each year

The payment of the principal and interest is FURTHER SECURED by the indorsement of the Bonds by

The Terra Haute and Indianapolis Railroad Co.
The Columbus, Chicago and Indiana Central Railway Co.
The Pittsburgh, Cincinnati and St. Louis Railway Co.

The indorsement of the two last-named Companies being guaranteed by

The Pennsylvania Railway Co.

The road on which these Bonds consist is a First Lien in 178 miles long, extending from the Terre Haute and Indianapolis Railroad, near Terre Haute, to St. Louis, and is the last and only uncompleted link in the shortest line from St. Louis to Philadelphia and New York. Its immediate construction and equipment are provided for in a contract between the Pennsylvania Railroad Company, and the Companies above named, which contract insures that it shall always be operated in the joint interests of the direct line between St. Louis and the East.

SEVENTY MILES of the road are now completed, and it is confidently expected that the entire line will be op ned for traffic early in 1870

The proceeds for the entire length of the road have been purchased, and sufficient for 100 miles delivered.

The Bonds can be had on application to

DE HAVEN & BROTHER

Bankers & Dealers in Government Securities, Gold, &c.

THE SINGER

SEWING MACHINES

THE SINGER MANUFACTURING CO'S NEW FAMILY MACHINE—No other family Sewing Machine has so rapidly won favor in the household. The very large sales of this popular machine has shown the official returns for several years of any other company, and this, and this alone, has been owing to its real merits—hence its great and growing popularity. It is simple in construction easily understood, easily operated all its parts gliding smoothly and noiselessly along—not liable to get out of order, has capacity for a great range and variety of work, sewing all kinds of cloth and with all kinds of thread and with the numerous attachments for hemming, gathering, tucking, quilting, trimming, binding, braiding, &c., and embroidering of many ingenious, tasteful and difficult design, is the most perfect of all family sewing machines. Any one who will take the trouble to examine the merits of the different machines claiming attention, can soon discover whether we claim too much for ours. It would avail us nothing to make the above assertion if we were not ready to prove them, an all we ask is a trial for observation alone can justly convey a clear impression of the many kinds of work of which our NEW FAMILY MACHINE is capable.

THE FOLDING CASES,

Which open with spacious tables to sustain the work, and which fold into tables of boxes to protect the machines, when not in use from dust, and unbidden fingers are made from choice woods, embellished by placing designs, thus making our new family machine not only an ornamental piece of furniture, but in no part of the more elaborately finished machines, a work of real art.

THE ATTACHMENTS,

Of our new family machines, above referred to, are not only numerous, but highly useful for the purpose for which they were intended. Those need only a trial to show their great values. Among the most recent of these attachments is the

EMBROIDERER.

Of the different *attachments* of our new family machine which have received the attention and approval of our customers that for embroidering, like the Hemmer is one of the few instruments which will most please and satisfy the observer of its real value. It is so simple in structure, that any one who can sew on our machine can use it and without instruction. It may be attached to or detached from the machine in an instant. Without a lengthy description, and even then, it would be difficult to describe the great variety of work that this little instrument will do. The reader must not suppose that what we speak of is a new chain stitch operation, which is sometimes recommended and embroidery. It does not. The colors of any kind of thread may be used at any one time, as the colors or threads may be changed at the will of the operator, by removing the spools in use and putting others in their stead; thus as many or as few colors may be used as the operator wishes, for the embroidering of any garment. A great variety of results are produced by the manner in which the *tensions* are regulated. Ribbons, cords may be put on and while the machine is in motion by simply changing the *tensions*. Results vary according to the length of stitch used. Braids, cords and ribbons of the thread, as well as size of the needles used. The Embroiderer will use any kind of to suit. The most popular material for embroidering purposes is the Corticelli Silk. In order to get a just idea of the valuable attachment it will be necessary to see it in operation.

MANUFACTURING MACHINES—Are a world attraction to our new Rip tooth-ide Machines, which is the only *practical* button-hole Machine claiming public attention. Our manufacturing machines, for other purposes, are too well known to need comment.

MACHINE INSTRUCTORS—We have recently arranged our Silk Stitch Instructor, by J. and finished them with the latest improved in style, while the price is reduced below cost. We know and feel the importance of not only supplying the purchaser with machines, but the good services of all to verify the quality of MACHINE and which we will sell by MEASURE rather than by WEIGHT. The system of selling by weight has given manufacturers the opportunity of so heavily weighting silk in the process of dyeing as not only to greatly injure its quality, but also to conceal its true and exact quantity. In this respect we mean to be honest with you. The manner in which the sizes of silk are graduated is a matter of great importance, but with the greatest possible care that the spools shall be accurately, a cannot. In addition to manufacturing a large quantity of our silks, all of which for symmetry of style, finish, light use, elasticity and *real cheapness*, are unequaled by any of our competitors, we purchase in addition to our own make, a large quantity of the finest Silk manufactured in this country. Write for Circulars, Price Lists, &c., and if you cannot call on us, send for Instructions, and we will forward you a sample of the finest Silk made to order for Retail

ORGANS AND MELODEONS.

The undersigned having been appointed Agent for the celebrated BURDETT ORGANS AND MELODEONS, invites attention to the Instrument now on exhibition at his room, No. 49, East Dickinson College.

These Organs and Melodeons were awarded the *first prize*, a Gold MEDAL at the American Institute Fair in 1867 after five weeks test, and have this year taken the *first prize* wherever they have been put in competition.

Having had considerable experience in the sale of Musical Instruments, I can recommend these with confidence, and guarantee entire satisfaction.

Please call and see the Instrument, and get an illustrated circular.

☞ INSTRUCTIONS given at *moderate charge.*

D. BUEHLER, Jr. Agent.
