SEWING MACHINES

THE SINGER MANUFACTURING CO'S NEW RAMILY MACHINE.—No other family, Sewing Machine has so rapidly won favor in the household. The very large sales of that popular machine has shown by official returns, far exceed these of any other company, and this fact or result has been owing to list real morits—hence its great and growing popularity. It is simple in construction, easily understood, easily operated all its parts yilding smoothly and noisolessly along—not liable to get out of order, has expacity for a great range and variety of work, sewing all kinds of ocith and with all kinds of thread and with the numerous attaching the most perfect of all family sewing machines. Any one who will take the trouble to examine the merits of the different machines claiming attention, can soon discover whether we claim too much for ours. It would avail us nothing to make the above assertions if we were not ready to make the above assertions if we were not ready to make the above assertions if we were not ready to move they man all we ask is a trial, for observation alone can justly convey a clear impression of the many kinds of work of which our new rassur. THE FOLDING CASES,

Which open with spacious tables to sustain the work, and which fold into tables or boxes to protect the machines, when not in use, from dust and meddlesome fingers are made from choice woods, subbollished by pleasing designs, thus making our new family machine not only an ornamental piece of furniture, but in some of the more elaborately finished machines, a work of real art. THE ATTACHMENTS.

of our new family muchines, above referred to, are not only numerous, but highly useful for the pur-ose for which they were intended. They need only trial to show their great value. Among the most ecent of the attachments is the EMBROIDERER.
