it is claimed, being a sovereign cure for one or more of the ills that flesh is heir to. Indeed, we have frequently wondered that people ever died at all, or grew old even when by a small outlay they could furnish themselves with something which would keep disease at bay and defy the assaults of time! Concerning the efficacy of one of these

remedial preparations—and one which has become celebrated of late-we can speak. from personal experience, and conscientiously say it is good. ient outrows the disease and gets well. This is he only way the our consumption.

To these three modicines Dr. J. H. Schen, of Philadelphia, owes his unrelaxed success in the reatment of pulmonary consumption. The Palmonic Syrup ripens the morbid matter in the lungs, nature throws, it off by an easy expectoration, for when the phiegm or matter is ripe, a slight cough all throw it off, and the patient has rest and the ungs begin to heal.

To do this the Seawed Tonic and Mandrake Pills. ings begin to neal. To do this, the Seaweed Tonic and Mandrake Pills ood blood.
Scheück's Mandrake Pillsact upon the liver re noving all obstructions, relax the duct of the galt ladder, the elicatarts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel in deadly polson which is very dangerous to use un-less with great care), that will unlock the gail blad-der and Star, the secrations of the liver like Schenck's.

in deadly poison which is very dangerous to use unloss with great care), that will unlock the gail binder and start the ascerctions of the liver like Schenck's Mandrake Pills.

Liver complaint is one of the most prominent causes of consumption.

Schenck's Seaweed Tonic is a gentle stimulant and atterative, and the alkali in the Seaweed, which that preparatio 's made of assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach. The great reason why physicians don't cure consumption is, they try to do too much: they give medicine to stop the cough! to stop chills, to stop night sweats, heckie isvers and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patients sinks and die.

Dr Schenck, in his treatment does not try to stop a cough, night sweats, chills or fover. Remove the cause and they will all step of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Cancer, Ulcerated Throat unless the liver and stomach are made healthy.

If a person has consumption of course the lungs in somy way are diseased, either turberders, abscesses, brobchial irritation, pleura adhosion, or the lungs that are wasting, but it is the whole bodly The stomach and liver have lost their power to make broad out of tood. Now the only chance to the things the health of the patient will be power to make broad to the stomach, the patient will be give a soon as the health of the patient will be give to make broad the patient gets fleshy and feel. This is the only way to dure consention.

When there is no lung disease, and only liver complaint and Dy appaia, Schenck's Seaweed Conic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all blives complaint, as they are perfectly harmlesc.

I have examined a great variety of Glasses manufactured by Dr. M. Bernbardt, and, in justice to him, must say, that his glasses are of a superior quality, addified to meet the wants of almost every ore, where the vision is in any way imperfect. The Doctor selected for me a pair of his Australian Crystal Glasses, which are of a very superior quality and work maush ip rendering vision very distinct, and almost as perfect as in youth. I yield this testimony in avoy of the Doctor's Glasses most collectfully, as well from my own experience as from the testimonials of many hysicians, clergymen and other gouldenen with woom I om personally lacquainted.

JNO. L. ATLEE, M. D.

I have examined what I conceive to be a complete assertment of spectacles, manufactured from the Australian Crystal, admirably adopted to the various infirmities of that exquisitely delicate organ, the human syc, whether the impaired vision is the result of disease or the natural weakings incident to old age. I regard the specimens of pr. Bernhardt the lyst I have ever seen, and as such cheerfully recommend them.

"I most cheerfully say that I bave examined Prof Bornbard's Leases, and must say that they are better datapted to my sight them any I have seen before and I do most cheerfully and willingly say that every person that has defects of vision, ought to have a pair of his excellent Brazilian Pebble Spectacles, as I fee confident that they will render general satisfaction.'

A. J. Herman. "I have carefully examined the Brazilian Pebble and Australian-Crysia Spectacles manufactured and sold by Dr. M. Bernhardt, of New York, and am using a pair of the former myself with great satisfaction. They are certainly superior totany I have seen. After a full conversation with the Dector, I regard him as accomplished in his profession, and therefore recommend him to my triends and others for patrongs, so far as the peculiar condition of the r sight may require his services."
