Philadelphia Politics.

According to their own papers, the Philadelphia Democracy is in a bad fix. We clip the following from the *Sunday Mercury*, which seems to be a very fair reflection of the general feeling among the intelligent portion of the party in the city:

"The Democratic Conventions held in this city last week were eminently discreditable in all respects. From bodies composed of the worst material, nothing but the worst possible action could be reasonably expected. With an exception or two, a weaker ticket than that presented could hardly have been made, while the disorder, violence, dishonesty, and blackguardism which marked the proceedings of every one of the nominating bodies, but especially those of the City and County Convention, were perhaps, never exceeded, if equalled, on any similar occasion. This is particularly remarkable insomuch as it was never before more desirable that the Conventions of the party should be rightly constituted and their conduct harmonious, respectable and intelligent. The Democratic papers, too, all earnestly exhorted to a choice of proper delegates, regularity of procedure in the performance of the trust reposed in them, and the best practicable nominations. The result shows how utterly vain where all such considerations and appeals. As usual the important business of selecting candidates for the party was committed to persons having neither the sense nor the virtue so requisite for that duty; It would be both an insult and a lie to say that they represent the mass of the Democracy in this city. They really represent nobody but themselves and the wretched 'roughs' and rowdies who elected them as delegates and who invariably compose the entire constituency of the nominating conventions of both political parties in Philadelphia. Nor is there any good grounds to hope for better results hereafter from like bodies, so chosen, so organized, and so managed. This is especially true when it is seen that the papers of both political parties, after vainly protesting against the repetition of past irregularities, follies and corruptions, and conconjuring to the adoption of purer and wiser action, not only acquiesce in all that is done in defiance of their expostulation, however, outrageous and disgraceful, but actually applaud the bad work of bad men as if it were indeed altogether worthy of every decent citizen's endorsements. We confess that we are not of those who can urge decorous and prudent action to-day, and commend fraud, indecency, and violence to-morrow. Without saying that the recent Republican conventions and behavior were any better, we will and do say that the Democratic conventions and their conduct were the very opposite of what the people had wished and demanded, that they should be and we are moreover sincere and independent enough to declare that no such persistent and audacious violation of every principle of party policy and public decency shall any longer receive our toleration. The fact of a once great and glorious party, with great principles at stake, being not only ruled but ruined by devils in human shape, is enough to make every respectable citizen sink even of the name of Democracy."

The Golden Eagle

FURNACE.

This is an entirely new heater. It is constructed so to overcome all itself to general favor, being a combination of wrought and cast iron. It is very simple in construction, and is perfectly air-tight; self-cleaning, having no pipes or drums to be taken out and cleaned. It is so arranged with upright flues as to produce a larger amount of heat from the same weight of coal than any furnace now in use. The hygrometic condition of the air as produced by my new arrangement of evaporation will at once demonstrate that it is the

HOT AIR FURNACE

that will produce a perfectly healthy atmosphere. I am now making five sizes of *Portables*, and four for Masonry.

RANGES.

Special attention is also called to my NEW GOLDEN EAGLE COOKING RANGES, as I feel assured there is nothing in use that can compare with them as regards their durability, economy and efficiency, with a large assortment of Low Down Grates, Wire Place Stoves, Registers and Ventilators. Send for illustrated circular.

THE GREAT

ZINGARI BITTERS.

A SAFE BLOOD PURIFIER,

A SPLENDID TONIC,

A PLEASANT BEVERAGE,

A CERTAIN CURE AND

PREVENTIVE OF DISEASES,

The ZINGARI BITTERS are compounded from a prescription of the celebrated Egyptian physician Dr. Canavaro, who, after years of trial and experiment, discovered the *Zingarini Herb*—the most remarkable vegetable production, the earth, perhaps, has ever yielded—certainly the most effective in cure of disease. It, in combination with the other valuable properties of which the ZINGARI BITTERS is composed, will cure

Dyspepsia, Fever and Ague, Bilious Fever, Cholic Colds, Bronchitis, Consumption in its first stage, Flatulency, Nervous Debility, Female Complaints, Rheumatism, Dysentery; Acute and Chronic Diarhœa, Cholera Morbus, Cholera, Typhoid and Typhus Fever, Yellow Fever, Scrofula, Diseases of the Kidneys, Habitual Costiveness, &c., &c.

In the PREVENTION and CURE of the above diseases, it has never been known to fail, as thousands of our most prominent citizens throughout all parts of the country, will testify. Let the afflicted send for circular containing testimonials and certificates of those who have been cured after their cases have been pronounced hopeless by our best physicians.
