A PACIFIC RAILWAY

GOLD LOAN,

$6 500,0000

We beg leave to announce that we have accepted the agency of the

KANSAS PACIFIC RAILWAY COMPANY

For the sale of its

New Seven Per cent.
Thirty Years Gold Loan free from Tax.

This loan amounts to $6,500,000.

First Mortgage Land-Grant and Sinking Fund Bonds,

secured upon the extension of the Railway from near Sheridan in Kansas to Denver, Colorado, a distance of 212 miles of which 12 miles are completed, and the rest is under construction. It is also a Western line upon the Road, the Rolling Stock and Franchise of the Eastern Railway, besides now running the only line across the State of Kansas.

And in successful operation for 137 miles

west of the Missouri River, and earning already enough to pay all its expenses and existing obligations, besides

More than the interest on the new Loan.

In addition to this the Bonds are also secured by a first mortgage of the

Government Land Grant of

Three Million Acres

extending in alternate sections on either side of the line, from the 39th mile post in Kansas to the 400th mile post in Colorado, including a coal field and pinery. The Company also holds as an asset another tract of

Three Millions of Acres in the State of Kansas.

and although not pledged as security for this loan, it increases the assets largely to the Company's wealth and credit. We estimate the

Value of the Company's property, covered by this mortgage, at $23,000 000 net, while the Loan is merely $6,500 000.

The Bonds have

THIRTY YEARS TO RUN,

from May 1, 1869, and will pay

Seven Per Cent. Interest in Gold.

semi-annually on May 1 and Nov. 1 and are

Free from Government Taxation,

the Company paying the tax.

The principal of the loan is made payable in GOLD, in the city of New York, but each Coupon will be

Payable in Frankfort, London or New York.

at option of the holder, without notice, at the following rates:

on $1,000 Bonds in New York Sold, each half year
" " Frankfort, $7 80 "

The Agent of the Loan, before accepting the trust for the sale of the Bonds, and of the country through which it runs carefully examined. They are ready to give the loan an emphatic endorsement as a

FIRST CLASS INVESTMENT,

in every respect perfectly sure, and in some essential respects

Better than Government Securities.

The Bonds will be sold for the present at

90, and accrued Interest, both in currency,

the Agents reserving the right to advance the rate.

The attention of investors is invited to these well secured Bonds, which we consider a most attractive investment for the money.

Government Securities are continually advancing, and this loan will undoubtedly soon command a higher price than the present low prices.

WHEELER & WILSON'S

HIGHEST PREMIUMS

SEWING MACHINES!

At the great Exposition, Paris, 1867.

Awarded the Highest Premiums

over 82 Competitors.

THE PEOPLE'S VERDICT.

THE SALE OF THIS WORLD RENOWNED MACHINE AGE 100,000 GREATER THAN ANY OTHER.

THE GRAND TRIAL—

Daily in a Thousand of the world, we every where meet with universal preference when the two machines, the Wheeler & Wilson stands triumphantly, the Champion of Peace, over all competitors by the verdict of the people.

We claim no merit that is not fully sustained by living and reliable witnesses. We stand upon our own RECORD, without shrinking against other competitors. We claim to have large accounts for sewing that we keenly guard as sacredly, and in many points that no other company does compete with. No other company can show so many machines that have been in daily use for the length of time as we can. For the proof of this, look at this number that we enclose in machine. The Wheeler and Wilson Sewing Machine is the Rich Man's Best Friend, and the Poor Woman's Truest and Comfortable, for no other company can sell on as liberal and easy terms as we.

The poor woman can get herself a Machine, and afterwards pay for it. No Machine is paid for until parties are fully satisfied. Constant use only increases the worth of OUR MACHINES.

Several in the town of Carlisle who have used our machines from six to twelve years, say "They consider them better to a every point than when new, and there is not a garment worn in the family, from light and delicate to heavy and durable, that they have not made." One lady says "I have sewed for three years and never broke a needle." We can furnish names and residence of responsible parties who can sustain all we claim.

The undersigned are Agents for all kinds of SPRING AND SUMMER Goods bought to Carlisle since the war. Owing to the great decline in prices during the last few weeks, I am now enabled to offer to present customers and to cash buyers as the entire stock has been purchased at the present low prices

FURNACES, FURNACES,

This is entirely new heater. It is constructed so as to economize all the general heat, from a combination of wrought and cast iron. It is very simple in construction, and is perfectly air tight; therefore, has nothing to injure or burn out and clean. It is also arranged with upright flues, so as to produce a more eminent heat from the ashes, and not from the body, as is generally the case. The large fire capacity is of course so practical by any one as to warrant or guarantee with it, also demonstrate that it is the
