w in the State is given as 64,077; and

The advantage of insurance in safe ife companies is indisputable; and we believe it is a fact that no purely Life Insurance Company has ever been known o fail. At all events, there are plenty f companies that are undoubtedly safe and those wishing to insure need not go

wrong. The following statement which we cut from the Philadelphia Insurance Reporter, a reliable journal of its kind, and a standard authority in such matters, shows what an immense amount of noney was paid out to the families o deceased persons during the year 1869 The Reporter says :

It is uscless to underrate the import ince , and usefulness of an institution which is doing as much service to the general-public as that of life insurance. While they are undoubtedly many de fects in the proper administration of the different companies, the general features of these institutions appear as solid, and the officials are usually as substantial men as can be found occupying positions in any other monied institutions. Twen ty millions of dollars distributed in one car among the families of deceased pol-

icv holders, is no inconsiderable amount We have the evidence of what we assert in the official statement filed by these companies. Sixty-one companies, | tory came his emancipation from bond transacting business in New York alone paid \$15.888,746 ! In addition to this,: onfessed that the vote seems very high, fifty companies more, from which we out even at these considerable figures th have no reports as get, are to be counted | Ilis contracts were enforced as those o applications made for his services are and paying less than five millions of dolory many more than he can meet. It lars, which is a moderate estimate. The s the estimate at which the public rates importance of an institution scattering
