AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

VOR PURIFYING-THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which and truly marvelous. Inveterate cases of Seconiulous discases, where the system recently saturated with expupition have been purified and error by the expupition have been purified and error by its gravated by the scrowless contamination until they were patiently affilicting have been radiently they were patiently affiliation to the informed of its virtue ser uses.

Serofulous polion is one if the most destructive enemies of our race. Often, this unseen and us fit tenant of the organism undeemins the constitution, and invites the attack of enferbling or latal diseases, without excling a suppliction of its presence Again, it seems to breed intection throughput the body, and thus, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the later, tubercless may be suddenly deposited in the lumps or heart, or tumers formed in the liver, or it shows its presence by cruptions on the skin or foul ulcerations on some parts of the bidy lieue, the occasional use of a bottle of this Saraparille is advisable, even when no active symptems of disease appear. Persons afflicted with the following complaints get orally tind immediate relief, and, at length, cure, by the use of this SARSAFAHILLA: St. Anthony's Fire, Rose or Erysipelas, Tette Sall Rheum. Sould Head, Ringworm, Sire Eyes, Sore Ears, and other cruptions or visible forms of Scrafulous disease. Also in the more concealed forms, as Dyspepsia. Drepty, Heart Disease, Mis. Esterpy, Neuralija, sitá the various Utierous affections of the muscula and nervous systems. NOTICE. Saled proposals will be received at this office and 100 clock, a.m., on Monday, May 23, 1870, f.r. hernolding the "Command" at Carlide Harracks Pennad with GOOD FRESH BEEF, for six months, from and after the first day of June, 1870, or ruch less time as the Commissing General of Sub-istence, U. S. A., may direct. Proposals for Fresh Buch, and must contain the numes of two responsible persons, who will sign the bond and be one responsible or the fauthful performance of the contraint raot Persons who bid are requisited to be present at the opening of the proposals. The dovernment reserves be right to reject any or all lides which they may smaller unreasonable, or for any other suitclent cause. First Lightenaut 20th Infanty; brevet Captain, S. A., Acting Commissity of Subsistence. OVERTIEFE WYCHTZE MORKE! F. GARDNER & CO.

CUMBERLAND VALLEY REAPER AND MOWER We are now building and will bringing for the ha va tof 1870, the New Parent Cumbertaint Valley Combined RUAPER AND MONER, with SELF Combined MANER AND MOYEL, with SELF RANE, and all other late piaprox ements. It will be built in the box's side, and warranted to work satis-facio by. The was to fa home made Respective hoselong been felt, and we expect to the ability to offer to the Larmers of Cumberheed and adjoining equation a machine which shalf be a complete and perfect har-vester, equal to the best brought from a distance Farmers are requested to call and examine it. NOVELTY HAY BAKE.

We are building this senon, only a fluited number of Hay Raves. The Nove ty has the Sept Acting grangengact, or can be worked by hand, on the old principle. It will be made of the floor gracerials in hands one style, and warranted to give sardage floor sould in your orders early. THE OUM SPRING GRAIN DRILLS. THE GOB SPRING GRAIN DRILL.

We continue building the original Willoughly Patent Gum Steing Grain Drill, so well known, and reputhar amongfarmers. No good farmer en afford to do without the Willoughly, for it burgely increase, and importes his proofs, at gen pays for its, if Wa make it as a Grain indelfens So der alone, or with Patent, Gan o Attachment for soul gibresphet s or gatane. We also will the Willoughly with the shovels, in staight rank or zigr zag, as farmers may prefer.

VARIOUS FARM IMPLICATED. We are manufacturing a variety of negleultural implements, such as house powers and three hers, elder mills, Star and shullers, three sizes, announcider unthe Store and shollers, thirds sizes, a minor name include, Eurocki older cutter, and keopathurys on hand the National Foother cutter, three sizes, with various often far ming fulpriment. We also make British of the far and the size of the analysis of the far and the left of the size of the analysis of the size of the si STEAM ENGINE AND MILL WORK.

As here blue, we give particular latient on building STE OM ENGINES, and for dishing HAI ING, DEARING: PULLIES, and every larg of t ING, UBARTING, PULLIES, and every are of the machinery connected with Paper mitte, Flour pulli, Saw mills, Farmeries, &c., Our pattons by setam eightes are from two up of the weight five hose power, combining simplicity of construction with all modern improvements, and turnshelf six is emissionally in the construction with all modern improvements, and turnshelf six is emissionally indeed by a set of the construction of the notice. The index stationary engines now expland and or sale of building materials.
