

New cabbage in our markets. Farmers have made their appearance in large numbers.

POTATOES.—We noticed the first new potatoes of the season offered on Saturday morning last. They were disposed of readily, at twelve cents per quart.

CHEERFUL.—The first instalment of this delicious fruit have made their appearance in our market. They command only twenty cents per quart, stems in the bargain.

DOG DAYS.—The dog days, or heated time is fast approaching. They commence on the twelfth of July, and end on the twenty-fifth of August. Our readers had, therefore, better prepare themselves for six weeks of very warm weather.

MUSICAL.—Owing to the rainy, disagreeable weather, the last two Saturday evenings, the Carlisle Brass Band has been unable to discuss their sweetest strains, much to the regret of our music-loving citizens.

DEMOCRACY.—The American Mechanics of Boiling Springs contemplate dedicating their new hall on tomorrow (Friday) with appropriate ceremonies. We are informed that the councils from Mechanicsburg, Pottsville, Shippensburg and Carlisle have promised to be present and participate on this occasion.

NOT ACCORDING TO HOPE.—But according to Har's almanac, old Sol is the reigning planet this week, and he is very plenty; he is predicting a dry and large term through the months of July and August. They also assert that persons possessed of hot and fiery temper will be more red-hot and fiery than ever. Well, "we will see what we will see."

THE RECENT RAIN.—Has swollen the Conococheague very considerably. The followers of Isaac Walton are playing their vocation with more than usual activity, within the past week, as the waters in the condition for aquatic sport. Fish appear to be very plenty; we noticed, the other evening, a party of young men returning with several very fine strings of the fluky tribe.

RAINY SUNDAYS.—There is an old, but well-known prediction connected with Whitsunday, but we cannot touch it. It always proving that if it rains on that day, it will rain seven successive Sundays. We will here mention for the benefit of our lady readers, that "the rains, and the winds all blow," on last Sunday morning. If in this case, therefore, proves true in the present, we may expect several rainy, disagreeable Sundays in succession.

WHITSUNDAY.—This day, we believe, is more generally observed, as a public holiday in Lancaster county, than in any other section of our Commonwealth. Our Lancaster exchanges, of the present week, inform us that the day was celebrated in the usual manner, the city being thronged with strangers from the rural districts, who stray from all labor for the day, gave themselves up to the enjoyment of Whitsunday.

DEATH.—Mr. George Weiser, for a long time Superintendent of the Carlisle Gas and Water Company, and who had been suffering from consumption, died on Saturday morning last. His remains were interred in Ashland Cemetery on Sunday evening last, and were followed by a final resting place by the Masons and Odd Fellows of this place, of which Orders he was a member, and who performed their impressive burial services at the grave.

POSTER.—The Third Annual Picnic of Harrisburg Typographical Union No. 14, which had been announced to take place at Marysville, on Saturday last, was postponed on account of the "heavy dews" which visited us last week, will take place on next Saturday, June 14. Gentlemen of the staff and rate you will be heartily accepted thanks for the complimentary; but as much as we should be highly pleased to be one among "that happy throng," press of work compels us to forego that great pleasure.

WANTED.—Any person possessed of information relative to the whereabouts of Union officers and soldiers interred in different cemeteries and burying grounds in this county, will confer a great favor by imparting or transmitting such desired information to Henry C. Hodges, Breves Lieutenant Colonel and Quarter-master United States Army, No. 119 Broadway, Philadelphia. The information thus obtained may become very useful, and in this way it is probable that a record of all soldiers' graves may be obtained. All persons who take an interest in such matters, are requested to communicate such information as they may possess.

THIS CENTURY.—Who has received the appointment of census taker for this district or borough? This is the perplexing question that now puzzles the brain of the majority of our citizens. We think we are not exaggerating when we mention the fact that we hear this question propounded almost every hour in the day. According to the law on the subject, the first of June was the specified time for operations to commence. But we have been unable, as yet, to gain the desired information. Who can enlighten us? We await the answer in anxious suspense, not that we are an applicant for the position, but for the gratification of the thirty applicants.

AMERICAN MEMORIAL FAIR.—Carlisle Council, No. 205, O. U. A. M., purpose holding a fair, to be held in Rhoem's hall, commencing on Saturday evening, June 18, and to continue one week. A large variety of articles, both useful and ornamental, will be sold, and chances offered during its progress. The following are some of the principal articles to be disposed of: A Cabinet Organ, twenty-five yards of superior home-made Cappel, an American-Silver Watch, and a pair of officers' regalia. This regalia is to be voted for by the sister councils, and the council obtaining the highest number of votes, will be deemed the victor. The services of the U. S. Garrison Band have been secured, so we can speak for persons attending the fair a rich, musical treat.

The Mechanics purpose having a grand street parade on the opening evening, and they have extended an invitation to Mayor Council, No. 88, Jr. O. U. A. M., which has been accepted. Price of admission ten cents; season tickets fifty cents.

COMMEMORATION WEEK.—The Commemoration exercises at Dickinson College, for this subject of interest for this week, in this borough. The time fixed for this year is some two weeks earlier than usual, and our citizens found Commemoration week upon them before they were aware of it. The exercises of the week consisted of the following: A sermon by the Society of Religious Friends, Sunday, at 10 o'clock, a. m., by Bishop James.

Baccalaureate exercises, Sunday evening, at 7 o'clock, p. m., by President Dashiell. Class Day exercises of the Senior Class on Tuesday, at 10 o'clock, a. m. Lecture on the subject of the Literary Societies, Tuesday, 8 o'clock, p. m. Poem—T. G. Chittie, M. D.; Orator—William H. Allen, J. L. D., President of Girard College.

Annual Meeting of General Belles Lettres and Union Philosophical Societies, Wednesday, 8 o'clock, p. m. Orator before the Alumni Association, Wednesday, 8 o'clock, p. m., by Charles W. Carrigan, of the Class of 1847. Commemoration exercises, Thursday, at 10 o'clock, a. m.

The anniversary exercises of the Societies took place on Wednesday evening. Bishop James had for his text Malachi fourth chapter and second verse: "But unto you that fear my name shall the Sun of righteousness arise with healing in his wings."

We regret that we were unable to be present at the services, but the sermon is highly spoken of by those present as being one of the best to which they had ever listened.

The Baccalaureate Address was delivered in Rhoem's hall on Sunday evening, by the Rev. R. D. Dashiell, D. D., President of Dickinson College, in the presence of a large and appreciative audience. It was an effort worthy of his reputation as an orator and scholar. It dealt with the important, practical, and essential issues of life, and was replete with sound advice to the students who were just quitting the shades of their Alma Mater for the storm and stress of the world.

On Monday evening President Dashiell gave a dinner to the graduating class, to which were invited the Trustees and Faculty of the College, and many prominent citizens of Carlisle. At eight o'clock in the afternoon the guests began to arrive. The time was pleasantly in social converse. At seven o'clock the line was formed. President Dashiell and Bishop James leading, when the visitors marched to the dining room, and were seated at tables. After a blessing had been asked, all hands "to the work, and we speak knowingly, when we say that by gone were the good things of the past. Even as we write, visitors of turtle soup, spring chicken, lobster salad, roast beef, fish, cream and rice, cakes, pies, and fruits are constantly rising before us, and interfering with the writing of this article. At seven o'clock the regular toasts of the evening commenced. The first—

First toast—Dickinson College, Responded to by Dr. Hudson. Faculty of Dickinson College, Responded to by Prof. Himes. Class of '70, Responded to by J. H. Hargis, Va. E. M. Wilmer, Md. E. W. Biddle, Carlisle, Pa. C. G. Biggs, Md. Clerical Profession, Responded to by Bishop James, of Philadelphia. The Law, Responded to by W. H. Miller, esq., of Carlisle, Pa. Medical Profession, Responded to by Dr. Dunning, of Dover, Delaware. The Press, Responded to by W. Kennedy, esq., of Carlisle, Pa. Alumni of the College, Responded to by J. H. Wright, Class of '34. Prof. Biddle, '38. W. H. Miller, '32. M. C. Herman, '62. John Corman, '65. J. H. Graham, '67. Mr. Bailey, '69.

The Rev. Dr. Payne, a graduate of the Wesleyan University, and Pastor of a church in Philadelphia, being called on, made some remarks. The Rev. Dr. Kenny, of Philadelphia, one of the best of visitors of the College, and the Rev. Dr. Battome, of New York, followed. Dr. Dashiell made a few remarks to those present, after which the guests retired for the night, each looking forward to his home, well pleased with the entertainment of the evening, and fully convinced that the President's dinner had been a grand success.

The gentlemen who responded to the toasts of the evening did well, and many happy hits were made, all relieving the majority of the audience. On Tuesday forenoon quite an audience gathered in Rhoem's Hall to hear the speaking of the class of '70. The following was the order of exercises:—

Motto—"Devil take the hindmost." Presiding Orator—T. P. Cannon, Bridgeville, Delaware. Marshal—Edwin M. Wilmer, Baltimore, Maryland. ORDER OF EXERCISES at Rhoem's Hall, at 10 o'clock, a. m. Prof. Biddle, '38. Dwyer—Parson J. H. Hargis, Oak Hill, Virginia. Music. Orator—J. H. McKeehan, Philadelphia. Poem—C. N. Robinson, Anne Arundel county, Maryland. Music. History of the Class—G. G. Biggs, Sharpsburg, Maryland. Music. Prophecy—William R. Fisher, West Haverford. Benediction—J. P. Bobb, Mechanicsburg. We have not the space to give a synopsis of each speech; but we can only say that each and all acquitted themselves creditably, and won thousands of applause from the audience, which was large and select. At the afternoon the following exercises took place at the Campus, at 4 o'clock:—

Address at Class—T. G. Chittie, M. D., Anne Arundel county, Md. Music. Presentation—E. W. Biddle, Carlisle.

ANNIVERSARY.—Keeney Lodge, No. 159, Knights of Pythias, of Chambersburg, will celebrate their sixtieth anniversary on Thursday, the sixteenth instant, by a public parade in the afternoon, in full regalia, and a supper in the evening.

BAQUET.—Cumberland Circle, No. 88 B. U. (H. P. C. of A.), will give a banquet on Thursday evening, the sixteenth instant. Captain Karp, of the American House, has been engaged to prepare the repast for the occasion. Tickets one dollar, to be procured of the members.

TALL OATS.—Mr. Joseph Dairy, of Monroe township, informs us that he has a patch of oats, from a new kind of seed that is now three feet in height, out in heads, and well filled. It will be ready to cut out in about three weeks. Who can beat this?

LOST.—On Tuesday morning last, either in Rhoem's Hall during the exercises, or in the immediate vicinity, a plain gold ring, encircled with five pearls. As it is very highly prized by the owner, the person finding it will confer a great favor by returning the same to THE HERALD OFFICE.

PURE HARVEST WHISKY.—Our friends from the rural districts, who consider whisky an essential during the season of hay-making and harvest, can procure a superior article of the best brands, and at the lowest possible rates, from Jacob Livingston, No. 27 North Hanover street, Carlisle, Pa., one door north of the American Hotel.

THE PROCESS OF CENSUS TAKING.—The census taker is an employed assistant of the United States Marshal, and his first duty is to number the dwelling houses in the order of visitation, and to number the families contained therein in like manner. He records the name of every person whose place of abode on the first day of June, 1870, was in a given family. A description of each person is taken, including his age, sex, age at last birthday, but if under one year the months are simply given. Furthermore, the sex must be stated, if male with the letter "M," if female with the letter "F." The color of the person is thus recorded: If white with "W," if black with "B," if mulatto with "M," if Chinese with "C," and if Indian with an "I." That covers the ground in obtaining the census of population, but professions, occupations and trades are also inquired into. Other inquiries relate to the value of real estate and personal property owned by a person—not the value assessed by Government for taxes, but the value put upon such property either by the owner himself or by the market. For example—a person may own a house and lot worth ten thousand dollars, but his real estate tax assessed upon it may be only four thousand dollars. It should be noted that the value at the first named figures to the census takers, so that it may be ascertained what was the cash value of all the real and personal property in the county, State and throughout the republic on the first of June, the present day. A number of persons are employed, relating to profession, occupation or trade, and to educational attainments. It would seem to be optional to persons whether to state if their parents were foreign born, if they attended school in this country, if they were ever married, and what their constitutional relations are. A table, which will be of value to medical men, relates to social statistics. A schedule is devoted solely to a list of persons who died during the year ending June 30, 1870. As in the case of the previous census, the names of the persons who died during the year whose place of abode at the time of death was in this family. The age at last birthday, when an infant the number of months, the sex, color and condition—that is, whether single, married or widowed, are noted. A number of dogs have been killed in Harrisburg, several persons having been bitten, and one death resulting from them. If we have no law on this subject, let the President of the Town Council call a special meeting, and issue an ordinance ordering all unlicensed dogs to be killed when found running at large.

MEZZA YOUR DUES.—You carelessly wrote a paper without seeing an emblem of a death from hydrophobia. Carlisle is filled with worthless curs, and the best thing to do with them would be to shoot them at once. If you have a valuable dog muzzling until all danger is past, a proper "mad dog" law has been killed in Harrisburg, and one death resulting from them. If we have no law on this subject, let the President of the Town Council call a special meeting, and issue an ordinance ordering all unlicensed dogs to be killed when found running at large.

MOUNT HOLLY SPRINGS.—This beautiful summer resort is now open for the reception of visitors, and is rapidly filling up with guests from a distance, and from the large cities. The Messrs. Mullin have the third story finished, and have painted the entire building a uniform color, which has added greatly to its appearance. From present indications, there will be a unusually large number of guests at the Springs during the present season, as indeed there should be, possessing, as they do, so many attractions during the heated term. Of course, a poor editor cannot think of taking his place often to a place of this kind, but yet he looks forward to an occasional drive to the Springs as the greatest of pleasures.

ANOTHER DISASTER'S FINIS.—LARGE BANK BARN DESTROYED.—Between one and two o'clock, on Friday afternoon last, the large, new bank barn of Mr. C. H. Biddle, situated about one-fourth of a mile north of Carlisle, was burned to the ground. The barn was leased and occupied by Mr. Biddle's son-in-law, Mr. William Morett, who sustained considerable loss by the conflagration. His loss can be estimated as follows: A copper, worth \$175; thrashing machine, worth \$100; a large number of bundles of oats; a lot of clover and a large load of hay, and five or six sets of new horse gear. Fortunately, there was no live stock in the barn at the time, and it was, therefore, saved from inevitable destruction. His loss is fully \$500, on which there is no insurance. We did not learn whether Mr. B. had any insurance on the barn, or what is the extent of his loss, which must be very considerable. The origin of the fire is unknown.

COURT PROCEEDINGS.—A regular meeting of the Town Council was held on Friday evening last, at seven o'clock. The following is a synopsis of the proceedings: The President called the meeting to order, when the minutes of the preceding meeting were adopted. Bills to the amount of \$150 were presented, and were drawn for their payment. Civil and criminal cases were placed on the calendar of Dickinson alder and the Public Square. Sixty gas lamps were ordered to be erected on East Main street, between East street and the residence of J. W. Bader, the expense to be paid by J. W. Bader. The bond of Joshua J. Bader, as tax collector, was presented and approved. An ordinance repealing the ordinance in regard to horses, cattle, &c., running at large in the borough, was presented and ordered to be laid on the table. An ordinance authorizing the street commissioner to be authorized to clean the spring immediately, and also to cap North street, between West and College streets, and to extend the same to the Public Square, was presented and approved. No other business being before them for action they adjourned.

WHITSUNDAY.—Sunday last was Whitsunday in Germany, "Pangsten." The festival is said to commemorate the descent upon what is known in the New Testament as the day of Pentecost. In the primitive Church, newly admitted members, or those recently baptized, wore white garments on Whitsunday, to signify that they were clean and pure in some parts of the country. Whitsunday comes at times in the month of May, and at times in the month of June, but always seven weeks or fifty days after Easter. The name "Whitsunday" comprehends the entire octave of the feast, which follows Pentecost Sunday; but the word is more strictly applied to the Sunday, Monday, and Tuesday of that week. The two latter days, down to a very ancient date, were observed in the Roman Catholic Church as holidays of strict obligation. Many feasts and observances and depictions were anciently practiced in connection with the Whitsunday holidays, which in England and Protestant countries; still subsist, having outlived the religious associations in which they originated.

It has been the custom for many years in the Pennsylvania Commonwealth, in this Commonwealth, to keep the day following Whitsunday as a holiday, on which occasions our friends from the rural districts usually flock to our markets, at twenty-five cents per dozen.

SWARM OF BEES.—Yesterday noon a hive of bees belonging to Mr. Jacob Rhoem swarmed, and after flying around for a considerable length of time, alighted upon the upper part of Judge Graham. The "Major" donned a wire frame, to protect his head, and marched bravely in among them, and proceeded to capture them, which was finally accomplished. John Corman, esq., who was assisting him, received several marks of affection on the face, from the little garrulous of honey.

TRUCKS.—The Agent of the Rochester Nurseries of M. B. Dusenberry, is now in town, stopping for some days at the National Hotel, where he will be happy to see any of our citizens who wish to buy fruit trees, vines, ornamental trees, or shrubbery. The reputation of the Rochester nurseries has been so well established, for years, in the Cumberland Valley, that no recommendation from us is needed, to ensure a book full of orders on the part of the agent. The horticultural nursery is no small, and persons may rely on getting the trees and shrubbery which they order.

IMPRESSION.—On last Sabbath afternoon fourteen persons were baptized by immersion, in the spring at the foot of Pomfret street, by the Rev. J. Hunter, pastor of the Bethel church of this place. It was estimated that over four thousand persons were present. The utmost order and decorum was observed, and all were impressed with the solemnity of the exercises. A number of persons were converted, and a number of persons were baptized on Sunday evening.

MEZZA YOUR DUES.—You carelessly wrote a paper without seeing an emblem of a death from hydrophobia. Carlisle is filled with worthless curs, and the best thing to do with them would be to shoot them at once. If you have a valuable dog muzzling until all danger is past, a proper "mad dog" law has been killed in Harrisburg, and one death resulting from them. Biddle, situated about one-fourth of a mile north of Carlisle, was burned to the ground. The barn was leased and occupied by Mr. Biddle's son-in-law, Mr. William Morett, who sustained considerable loss by the conflagration. His loss can be estimated as follows: A copper, worth \$175; thrashing machine, worth \$100; a large number of bundles of oats; a lot of clover and a large load of hay, and five or six sets of new horse gear. Fortunately, there was no live stock in the barn at the time, and it was, therefore, saved from inevitable destruction. His loss is fully \$500, on which there is no insurance. We did not learn whether Mr. B. had any insurance on the barn, or what is the extent of his loss, which must be very considerable. The origin of the fire is unknown.

COURT PROCEEDINGS.—A regular meeting of the Town Council was held on Friday evening last, at seven o'clock. The following is a synopsis of the proceedings: The President called the meeting to order, when the minutes of the preceding meeting were adopted. Bills to the amount of \$150 were presented, and were drawn for their payment. Civil and criminal cases were placed on the calendar of Dickinson alder and the Public Square. Sixty gas lamps were ordered to be erected on East Main street, between East street and the residence of J. W. Bader, the expense to be paid by J. W. Bader. The bond of Joshua J. Bader, as tax collector, was presented and approved. An ordinance repealing the ordinance in regard to horses, cattle, &c., running at large in the borough, was presented and ordered to be laid on the table. An ordinance authorizing the street commissioner to be authorized to clean the spring immediately, and also to cap North street, between West and College streets, and to extend the same to the Public Square, was presented and approved. No other business being before them for action they adjourned.

WHITSUNDAY.—Sunday last was Whitsunday in Germany, "Pangsten." The festival is said to commemorate the descent upon what is known in the New Testament as the day of Pentecost. In the primitive Church, newly admitted members, or those recently baptized, wore white garments on Whitsunday, to signify that they were clean and pure in some parts of the country. Whitsunday comes at times in the month of May, and at times in the month of June, but always seven weeks or fifty days after Easter. The name "Whitsunday" comprehends the entire octave of the feast, which follows Pentecost Sunday; but the word is more strictly applied to the Sunday, Monday, and Tuesday of that week. The two latter days, down to a very ancient date, were observed in the Roman Catholic Church as holidays of strict obligation. Many feasts and observances and depictions were anciently practiced in connection with the Whitsunday holidays, which in England and Protestant countries; still subsist, having outlived the religious associations in which they originated.

It has been the custom for many years in the Pennsylvania Commonwealth, in this Commonwealth, to keep the day following Whitsunday as a holiday, on which occasions our friends from the rural districts usually flock to our markets, at twenty-five cents per dozen.

NEW TOMATOES, bright and red, are now offered in our markets, at twenty-five cents per dozen.

SWARM OF BEES.—Yesterday noon a hive of bees belonging to Mr. Jacob Rhoem swarmed, and after flying around for a considerable length of time, alighted upon the upper part of Judge Graham. The "Major" donned a wire frame, to protect his head, and marched bravely in among them, and proceeded to capture them, which was finally accomplished. John Corman, esq., who was assisting him, received several marks of affection on the face, from the little garrulous of honey.

TRUCKS.—The Agent of the Rochester Nurseries of M. B. Dusenberry, is now in town, stopping for some days at the National Hotel, where he will be happy to see any of our citizens who wish to buy fruit trees, vines, ornamental trees, or shrubbery. The reputation of the Rochester nurseries has been so well established, for years, in the Cumberland Valley, that no recommendation from us is needed, to ensure a book full of orders on the part of the agent. The horticultural nursery is no small, and persons may rely on getting the trees and shrubbery which they order.

IMPRESSION.—On last Sabbath afternoon fourteen persons were baptized by immersion, in the spring at the foot of Pomfret street, by the Rev. J. Hunter, pastor of the Bethel church of this place. It was estimated that over four thousand persons were present. The utmost order and decorum was observed, and all were impressed with the solemnity of the exercises. A number of persons were converted, and a number of persons were baptized on Sunday evening.

MEZZA YOUR DUES.—You carelessly wrote a paper without seeing an emblem of a death from hydrophobia. Carlisle is filled with worthless curs, and the best thing to do with them would be to shoot them at once. If you have a valuable dog muzzling until all danger is past, a proper "mad dog" law has been killed in Harrisburg, and one death resulting from them. If we have no law on this subject, let the President of the Town Council call a special meeting, and issue an ordinance ordering all unlicensed dogs to be killed when found running at large.

MOUNT HOLLY SPRINGS.—This beautiful summer resort is now open for the reception of visitors, and is rapidly filling up with guests from a distance, and from the large cities. The Messrs. Mullin have the third story finished, and have painted the entire building a uniform color, which has added greatly to its appearance. From present indications, there will be a unusually large number of guests at the Springs during the present season, as indeed there should be, possessing, as they do, so many attractions during the heated term. Of course, a poor editor cannot think of taking his place often to a place of this kind, but yet he looks forward to an occasional drive to the Springs as the greatest of pleasures.

ANOTHER DISASTER'S FINIS.—LARGE BANK BARN DESTROYED.—Between one and two o'clock, on Friday afternoon last, the large, new bank barn of Mr. C. H. Biddle, situated about one-fourth of a mile north of Carlisle, was burned to the ground. The barn was leased and occupied by Mr. Biddle's son-in-law, Mr. William Morett, who sustained considerable loss by the conflagration. His loss can be estimated as follows: A copper, worth \$175; thrashing machine, worth \$100; a large number of bundles of oats; a lot of clover and a large load of hay, and five or six sets of new horse gear. Fortunately, there was no live stock in the barn at the time, and it was, therefore, saved from inevitable destruction. His loss is fully \$500, on which there is no insurance. We did not learn whether Mr. B. had any insurance on the barn, or what is the extent of his loss, which must be very considerable. The origin of the fire is unknown.
