Stearns, TEUBENVILLE (O.) FEMALE Having seen your preparations extensively advertised. I consulted with my family physician in regard to using your Extract Buchu.

I did this bucause I had used all kipds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies herenter unless I knew of the ingredients. It was this that prompted me to use yobr remedy. As you advertised that it was composed of buchu, cubebs, and juniper borries, it occurred to me and my physician as an excellent combination, and, with his advice, after an excellent combination, and, with his advice, after an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing yru a full sratement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would be of greater value to you, and more sati-factory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Burhu being devoid of any unpleasant tasts and dor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.
