

THE RESULT.

At the time of going to press we have not sufficient reliable information to give the details of the elections held in Pennsylvania, Ohio, Indiana and Iowa on Tuesday. How many Republican Congressmen have been elected, and the number in the Legislature of the different States have not been ascertained with certainty. It is certain, however, that we have achieved a substantial Republican victory all around, and that the decision of the people has sustained the Republican party to which the government of the country has been entrusted.

In Pennsylvania we will have a Republican majority in both branches of the Legislature, which will ensure us the control of both the Legislative and Executive departments. We have secured a majority in the Pennsylvania delegation to Congress, although we have most likely lost two, and perhaps three members. In Ohio and Indiana we have accomplished the same results, and in Iowa we have, as usual, swept the board entirely. This makes it certain that we should not lose more than half of these seats in the next Congress, and that the measures of the Administration, which have already achieved so much for our National progress, will be fully carried out. This is a complete vindication of the course of the Republican party, its most justifying to all its members, and most fortunate for the country.

The peculiar condition of many of the Congressional districts, represented by Republicans, made it the most favorable time for a Democratic success. Not less than six Congressional districts in this State gave less than 400 majority for the Republican Congressmen. In such districts the slightest local or personal difficulty might have placed a Democrat instead of a Republican in Congress. That we should not lose more than half of these seats is somewhat surprising, while our gain in the Luzerne District almost compensates for the loss of all the others. When we reflect on the desperate efforts made by the Democracy to carry these districts, we are more than ever convinced that our party in the State remains intact and steadfast to its principles, and the greater assurance we have that we will long continue to control the political fortunes of the Keystone State.

We may also congratulate ourselves that we have secured a defeat at the first election since the adoption of the Fifteenth Amendment. The election that followed the Emancipation Proclamation of 1862, resulted in the defeat of the Republicans in Pennsylvania, Ohio and Indiana. There are always those in our party who are prone to look for the pretext for disorganization and treachery, and there were, doubtless, many of the Republican party who gave their votes to the Democracy, in order to show what they are pleased to call their independence of party. We have succeeded without the aid of any such vote, and we have shown that we are as independent as party, and we will shortly ask for re-instatement into the party they have just deserted.

On the whole, Republican may well rejoice. They have witnessed the final consummation of their policy, and have now the complete triumph of their people. Let them now maintain their organization, remain true to their principles, and to the leaders who have so often led them to victory, and our ascendancy as a party will be of long endurance.

OUR COUNTY.

We have met the enemy and we are tired, and that under the banner of Democracy have carried Cumberland county by at least 700 majority, and the Republicans may console themselves with the reflection, that they have been saved many anxious days in figuring out close results. Disagreeable certainties may not be gratifying, but they are necessary to the merit of saving much labor and anxiety, and in this respect are decidedly preferable to pleasant delusions. We have been whipped thoroughly and effectually, and have had the information of this result with great promptness.

Now how was it brought about? There are many reasons that may be given, with apparent force, if it were desirable to conceal the truth. It rained all day; there were no State officers to elect; we had no active canvass of the county; and the whole spirit of stereotyped excuses offered again, if there were any ones in evading the issue which we have before us; but this would be cowardly and stupid. The main reason for the present large Democratic majority, is that a considerable number of persons, who have heretofore voted our ticket, this year voted for the Democrats, and a much larger number refused to vote at all, for the same alleged reason. This they had an entire right to do if they saw fit, just as every man has a right to follow his whims and take the consequences of folly.

There is no use in denouncing men for doing what appears to be the great majority of their fellows who are equal in intelligence and honesty, an act of great folly. It is much better to reason the matter with them, although that requires the patient and forbearance. We will therefore ask the attention of the Republicans who swelled the Democratic majority last Tuesday to a few facts, which they were supposed to know before.

Previously to this year, since 1861 the Democrats had a clear working majority in this county of 600. This they could give if they tried with us did our level best. When we were careless they would run from 100 to 200 higher; but that was their strength. The Fifteenth Amendment gave us a new registry of about 350, at least 400 of which were certain to be for the Democrats. This was the former strength of the parties remaining made this county a very close count. It was the interest of every man in it, except a very few politicians, that it should be as close as possible, and that other party any other party.

In other words, the county would have shown a close vote this year, the Democracy would have been forced next year to nominate the best ticket they had the material to make one go under. In other words, the county would have been the winner. The Republicans who prevented this last Tuesday have in this matter spied their faces by the loss of their noses, which would matter much if no one found out their names.

But there is a more important matter than this. It is the plain testimony of men of all parties that we have mismanagement, extravagance and heavy taxation beyond endurance, through the Democratic authorities of the county. This is just as certain as

that there is a Commissioners' office, or a new County asylum for the insane, and there are a hundred voters who believe that the Democrats will not be able to do the work of the Democratic party last Tuesday would have reformed this without doubt. Their victory is just an endorsement of all this folly, and a direction for them to continue it. If the court House ring don't confine their plunder to the taxpayers of another year, it will be because they have more good sense and common honesty than those whose votes approved their course. For the blessing of another year of plundering we may thank those Republicans who turned their backs on their party because of the "nigger."

Then on the merits of the candidates, we have this consoling consideration. Mr. Hildeman is a free trader. Every vote he casts to the end of his new term will be against the best interests of the county. Mr. Leiding voted last winter in favor of the greatest aversion ever portended on the tax-payers of the State. Both these gentlemen are triumphantly elected in spite of these things, and also of the fact, that the best men of their own party have publicly declared their both personally must for their offices. This is also a fair credit to the account of recent Republicans. In a word, a small fraction of men have deliberately made a county strongly Democratic, we endorse extravagance, profligacy, debt and war, and we have sent a free trader to Congress, and a tool of railroad corporations to the Legislature, and what?

We will try to tell you. Some loud-mouthed, brass-faced local politician of the Democratic party, who has been calling you an abolitionist, fanatic, traitor, pimp, and a host of other foul names for half a year, in the hope that he may get some petty office for the noise he has been making; has sometimes or other asked you how you would like to vote with a bigger. Of course you were afraid of the man, and you would not have looked admiringly at him while he was objecting to colored votes, and then voted his ticket like a model conservative citizen ought to do. This is all entirely right, if you are pleased with it, but it might be well enough to ask whether you would not prefer to vote with a man who wanted you to vote against Lincoln and Grant, are any safer now.

The York Republican, one of the oldest and most steadfast Republican journals in the State, comes to us under a new management. It has been purchased by Messrs. Chase and Ingram, and is now devoted to the interests of the public. Mr. Chase is well known throughout the State as an eloquent speaker and an able and spirited editor. He has, for many years been an effective advocate of the Republican cause, and his new connection will doubtless be a great asset to our party. Mr. Ingram has been for several years connected with the Harrisburg Telegraph and is a young gentleman of ability and energy. We confidently predict that the Republican will be a more valuable and interesting journal to the public than ever before.

Pennsylvania has gone Republican decidedly. We have a majority in both branches of the Legislature, and have certainly elected seventeen, and perhaps twenty-four members of Congress out of twenty-four.

Cincinnati, October 11-11 p. m. Four wards and two townships give Sherwood (R.) Secretary of State 3,213, majority of 243; Milvaine, (R.) Supreme Court, 1,311, majority of 344; Wilson (R.) Comptroller, 1,312, majority of 343; Hessemer, (R.) Public Works, 1,210, majority of 314.

For Congress—First district, Perry (R.) 965, a majority of 205; Second district, Stevenson, 327, a majority of 120.

Cincinnati, October 11-11 p. m. Six wards and two townships give Sherwood, Republican Secretary of State, 2,968, a majority of 550; M'Adair, Republican Judge of the Supreme Court, 2,928, a majority of 522. For Congress, First district, Perry, Republican, 1,770, a majority of 193. Second district, Stevenson, 327, a majority of 120.

The labor reform ticket is scarcely represented. The highest vote so far as we know has yet been heard from the First district is slightly behind the ticket. The Republican vote, however, shows a gain throughout the State, and so far in the city; but the strongest Democratic wards are yet unheard from.

The result of the Congressional election in Ohio will probably be 11 Republicans and 9 Democrats. The first, third, sixth, seventh and sixteenth districts are doubtful.

COLUMBUS, October 11-12 m. The returns continue to give heavy Republican majorities everywhere. But few counties complete, however, and the Republican majority is placed at 15,000. Republicans have undoubtedly carried the 1st, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

WASHINGTON, October 9-Secretary Boutwell has just issued the following circular with reference to the funded loan of the United States of 1863, 1865 and 1867.

WASHINGTON, D. C. Oct. 8, 1870. The Secretary of the Treasury, in anticipation of the proposals to be issued by him for subscriptions to the national loan of \$300,000,000, authorized July 14, 1870, entitled "An act authorizing the refunding of the national debt," gives notice of the terms and conditions on which such proposals will be issued.

The proposed loan comprises three classes of bonds, namely: 1. Five-year bonds, payable at the pleasure of the United States after ten years from the date of their issue, and bearing interest, payable semi-annually in coin, at the rate of 4 1/2 per cent per annum. 2. Ten-year bonds, payable at the pleasure of the United States after ten years from the date of their issue, and bearing interest, payable semi-annually in coin, at the rate of 5 per cent per annum. 3. Bonds and responsible bankers will be designated for the negotiation of the loan, and paid a commission upon the amounts negotiated by them respectively.

designated for the negotiation of the loan, and paid a commission upon the amounts negotiated by them respectively. Subscribers to the loan will have preference in the following order, namely: First, subscribers for equal amounts of the first and third classes of bonds. Second, subscribers for equal amounts of each class of bonds according to the per cent of premium offered or, at par, in the order of the date of subscribing. When a subscription is made, subscribers will be required to deposit two per cent of the amount thereof, to be accounted for by the Government when the bonds are delivered, and payment may be made either in coin or in the bonds of the United States, known as five-twenties, at their par value.

The coin received in payment will be applied to the redemption of five twenty bonds. The bonds will be registered or issued with coupons, as may be desired by the subscribers, and in denominations of \$50, \$100, \$500, \$1,000 and \$10,000. The interest will be payable in the United States, at the office of the Treasurer, any assistant treasurer, or designated depository of the Government.

The bonds of the several classes aforesaid, and the interest thereon, are exempt from the payment of all taxes or duties, and from taxation in any form or under State, municipal or local authority. After maturity the bonds last issued will be first redeemed by classes and numbers as may be designated by the Secretary of the Treasury.

GEORGE S. BOUTWELL, Secretary.

THE ELECTIONS.

Des Moines, Oct. 11.—Up to midnight but four counties have been heard from in this State at the headquarters of the Republican State Committee. The roads are so bad throughout the State that returns from the towns cannot be got in. Des Moines County gives 600 Republican majority—a large gain; Green county, 800; Cass, 322, and Madison 600 Republican majority.

Polk County, the election returns come in very slowly. The vote has been light everywhere in this region, but little more than a half vote has been polled. In Polk County the vote is much lighter than last year, the Republican majority in it will be about 1,000 relatively larger than the majority for Morrill last year. The Republican majority in Des Moines is over 400.

The merge returns from the contiguous counties indicate that while the vote is light, the Republican majorities are increased in proportion to the previous year. At this hour we have no certain figures from these counties. So far as heard from the vote in this section of the State is largely against a Constitutional Convention, at least 5 to 1.

NEBRASKA. Omaha, Neb., October 11.—The Republican State ticket, Congress and Legislature, all elected by a majority of probably 3,000. This county elects the whole Republican ticket.

NEW JERSEY. Newark, October 11.—The Republicans elect Dawes, Auditor, by about 4,500 majority, Congress and Legislature, all elected by a majority of probably 3,000. This county elects the whole Republican ticket.

OHIO. Cincinnati, October 11-11 p. m. Four wards and two townships give Sherwood (R.) Secretary of State 3,213, majority of 243; Milvaine, (R.) Supreme Court, 1,311, majority of 344; Wilson (R.) Comptroller, 1,312, majority of 343; Hessemer, (R.) Public Works, 1,210, majority of 314.

defeated by the People's ticket. The Congressional contest is sharp, but apparent in Shank's Republican favor. To maintain the vote is altogether light. The Republican majority will likely be within 3,000, and no material change in representation is expected.

The Republicans appear likely to have six and the Democrats five. Indianapolis, Ind., Oct. 11.—The Indiana general election has just been held throughout the State to-day. In most of the counties there were local difficulties which caused considerable fluctuations. The tickets are long. In this county there are 45 names on the ticket, and the county will hardly be completed to-night, but it is believed that the Republicans have carried the county by a thousand majority against 700 two years since. We also have gains at St. Joseph, Florida, Miss., Hamilton, Ind. Lawrence, Mo., 5,000; 2,111; Middle west, State from 5,000 to 8,000. It is believed that Voorhees is defeated for Congress in the 17th District. The politics of the theater districts will remain unchanged.

The election passed off quietly. The vote is not as large as at the last election. It will be late before the returns can be had. Vigo county gives Democratic majority of 10, a gain of over 200. Floyd county gives a Republican gain of 600 by negro vote.

Washington township, Porter county—Republican majority 20; Republican gain, 12. Hancock township, Democratic majority 17; Republican majority, 21.

The result of the Congressional election in Ohio will probably be 11 Republicans and 9 Democrats. The first, third, sixth, seventh and sixteenth districts are doubtful.

COLUMBUS, October 11-12 m. The returns continue to give heavy Republican majorities everywhere. But few counties complete, however, and the Republican majority is placed at 15,000. Republicans have undoubtedly carried the 1st, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

Philadelphia—Sixteenth ward, Moffat for Congress, Democratic majority 414, a Democratic gain over 1869 of 44. There will be no change in the Congressional delegates in the first five Congressional Districts, except probably the last.

The Legislative lists are about the same. The result throughout the State is about the same as last election. The following is the result in this city by wards, for city and county officers:

First ward, Republican majority, 650. Second ward, Democratic majority, 590. Third ward, Democratic majority, 645. Fourth ward, Democratic majority, 450.

Fifth ward, Democratic majority, 755. Sixth ward, Democratic majority, 800. Tenth ward, Republican majority, 1,208.

Eleventh ward, Democratic majority, 555. Twelfth ward, Democratic majority, 69. Thirteenth ward, Republican majority, 403.

Fourteenth ward, Republican majority, 515. Nineteenth ward, Republican majority, 800. Twentieth ward, Republican majority, 605.

Twenty-second ward, Republican majority, 805. Twenty-fourth ward Republican majority, 220.

Twenty-fifth ward Republican majority, 290. Twenty-sixth ward Republican majority, 290. The Seventeenth ward gives 1,045 Republican majority; gain, 538.

Ninth ward, Republican majority, 60; Democratic gain, 70. Madison township, Democratic majority, 482; Republican gain, 29.

Majority in the twenty-second ward is 10. If Bucks county gives the average Democratic majority, Reading will be elected, which will be Democratic gain.

At the last Congressional election Reading received a certificate of election, but that being contested, he was ousted. The returns are scattered, and show a preponderance of Republican gains, although the Democratic vote is large.

The indications are that Killinger, Republican, is elected to Congress by 320 to 200 majority.

Chestnut Hill, Twenty-second ward, Philadelphia, eighth precinct, Reading, Democrat, 44 majority.

A. C. Harmer, Republican candidate for Congress, is reported to have received 300 votes.

Reading elects its Mayor by 300 to 200 majority. No official figures yet.

LANCASTER. Lancaster, Oct. 11.—Dickey's majority for Congress will be about 3,000, being one-third less than in 1869. The whole Republican ticket is elected by reduced majorities.

ST. CLAIR. St. Clair district, Killinger, Republican majority, 216. Reading, Killinger, Republican, 246; Republican loss, 10.

Thirteen districts, including these, give a Democratic gain of 23. Schuylkill county will probably give a Democratic majority of over a thousand for Congress. If this should be the case, it will be a Republican gain of 1,500 majority to elect Killinger.
