RITOTE R. S. Hundreds of Thousands bear Testimony to their Wonderful Curative Effects. WHAT ARE THEY! They are not a vile Fancy Drink, made of pool tum, Whisky, Proof Spirits, and Refuse Liquors, dustored, spised, and aweetened to please the taste,

called

APPETIZERS. to., that lead the tippler on to drunken ness and and that are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifler, and a Life-Giving Principle, a perfect Renovator spill in vigorator of the system, carrying off all possenous matter and restoring the blood to a healthy condimeans, and the vital organis wanted beyond the poin

Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fovers, Dissages of the Blood Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused to Vitiated Blood, which is generally produced by d sful. Such Diseases are caused by angement of the Digestive Organs.
Dyspepsia or Indigestion, Headache, Pain in the lders, Coughs, Tightness of the Chest, Dixmine Sour Erustations of the Stomach, Pad taste in th ammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms e the effsprings of dyspensia. They invigorate the Stemach and stimulate the and liver and bowels, which render them of ur

rities, and imparting new life and vigor to the thole system. Billous, Remittent, and Intermittent Fover, which are so provalent in the valleys of our great sivers throughout the United States, especially those of the Mississippi, Missouri, Illinois, Tennessee, Cumber and, Arkansus, Red, Colorado, Brazos, Pearl, Ala ma, Mobile, Sayannah, Roanoke, James, and many thers with their vast tributaries, during the Sum er and Autumn, and remarkably so during season of thusual heat and dryness, are invariably accom-panied by extensive derangements of the stemach and liver, and other abdominal viscera. These are lways more or less obstructions of the liver, a weak less and irritable state of the stomach, and great orpor of the bowels, being clogged up with vitiated occumulations. In their treatment, a purgative xerting a pewerful influence upon these various gang, is essentially necessary. There is no cathafor the purpose equal to Dr. J. Walker's Vinegas tiers, as they will speedily remove the dark-co. ored viscid matter with which the Bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the benthy functions of the digestive organs. The universal

ect to missmatic influences, is sufficient syldance o ts nower as a romedy in such cases. For Skin Diseases, Eruptions, Tetter, Salt Rhen Blotches, Spots, Pimples, Pustules, Boils Carbun Itch, Scurfs, Discolorations of the 2kin, Humors an Diseases of the Skin, of whatever name or nature

are literally dug up and carried out of the system is a short-time by the use of these Bitters. One bottle is such cases will convince the most incredujous o their curative effect. Cleans the Vitlated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse It when you find it ob-tracted and sluggish in the volus; cleanse it when it is foul, and your feelings will to I you when. Keep the blood pure and the health of the system wil

Piu. Tape, and other Werms, lurking is the sys tem of so many thousands, are effectually destroyed and removed. For full directions, read carefully the dreular around each bottle, printed in four lanages-English, German, French, and Spanish WALKER, Proprietor, R. II, MODONALD & CO. Druggists and Gen. quarroled here. Toledo Blade. EDITORS OF THE CARLISLE HERALD Gentlemen : Having read with great satisfaction, the following article of Dr. Hills, in The Hahnemannian Monthly for April, 1871 published in Philadelphia on the subject of external applications; in disease, I feel confident you will do the too common use of such applications has been of serious injury to many contitutions. Very respectfully yours. WM. H. Cook, M. D.

THE EXTERNAL APPLICATION OF REMEDIAL AGENTS. BY ALPRED K. HILLS, M. D. O. The external manifestation of disease is one symptom of disease pervading the whole organism. No external symptoms organism is in possession of the dynamic ower or disease or medicine. We find. after the introduction of the vaccine

before the external manifestation.

period, in order to gain sufficient power to manifest its presence externally.

The topical application of medicine to a diseased organ, is a prescription based upon one symptom only, and consequently

CARLISLE, PENN'A., THURSDAY, MAY 4, 1871

should not be made.

The application of substances exter nally may be sometimes admissible on bygienic grounds, when absolutely neces sary to cleanliness; as medicinal agents a NEVER, excepting in primary condition from traumatic causes.

External symptoms are secondary.

dependent upon and subordinate to the internal organism.

All neurishment and growth is from within, and external symptoms will not continue long to manifest themselves when the requisite to their existence shall have ceased whence, external symptoms will not show themselves, unless

the nourishment is of a character to

The natural elimination of disease i from within outward, following the course of nutrition, and not from without inward, the said a single Numerous instances of fatal results

from external treatment of disease can be given; they are so common, all must have become familiar with some such What observer in our profession has

And the next that I remember was when we lost a not seen or heard of cases of endocarditis following the treatment-of rheumatism doses of iodide of potassa? or tuberchlosis licarse driver creturning from Finchley were done a talkin', we toth of us following the healing, by external in- Cemetery, that with a blind confidence, fluences, of an alcerated os ? or the many secondary symptoms that follow the treatment of a chance by the cautery or and climbing into, the receptade; but excessive doses of mercury? These cases are so common that a volume might and the said I was mean and stingy and hadn't sny be filled with their details. The sequelor: Whichitarst stipulating form temporary. of badly treated or neglected cases of exchange of hata; and clonks, I did, to scarlet fever, measels, mumps, &c., the admiration of all Camden town; teach us with what case metastasis ob the mutes attendant on the sad cortege are. In justice to this phild of fortune, tains.

By the local applications of medicines to external symptoms, an impenetrable obscurity is thrown over the treatment, for our most important symptom may have been removed, so that a complete picture of the case will be obtained with pleased to denominate "a taste for low far greater difficulty, if at all. If the true remedy has not been found before I only thirst for knowledge), the person strong.

And least their kindesi service for to help the thing the local symptom was destroyed, the whom I am going to tell you about was, case becomes still more obscure on ac- par excellence; the strangest and the count of the uncertainty and inconstancy of the symptoms that remain, and the proper time for its use is now lost to us the removal of this indicator.

The pathological symptom of disease which becomes an objective symptom by development, if treated both internally and externally, will often mislead us, from the fact that medicinal substances applied directly to the organs affected is rather perplexing; but as the whole expend themselves more rapidly, so that the external symptom which really was in important one, from the fact that it when, in the intervals of prowas positive evidence of disease within, lisappears faster than the internal, and when we suppose our patient is cured, it | chosen to preserve it in its entirety, in appears to be only a suppression of one- memory of the most extraordinary man ymptom, and we are unable to definitely Lever met. tell whether or not the internal disease is cured.

The scarus will not plant itself in soil nadapted to its development, and although we may be dextrous enough with police to anger by his sublime indifour needle to exterminate the animal life, unless we purify the soil at the same ime, and make it untenable to the invaders, our patients must continue to uffer from the constitutional disease which is the guarantee of their existence.

the whole organism has to do with their cceptance or rejection. be sufficient to cure, simultaneously, isle" from the stigma of slavory; and fight till we get there, and then let's the general bodily disease and the local the writer, tired of doing nothing, had affection; which proves to us that the also taken service under the "lone star" local evil is dependent upon a malady of | flag, and was appointed second in comthe entire organism, and should be looked | mand of the expedition, which had the picture, and one of the most marked and

rominent symptoms of the general dis-.The local application of medicines to suppress the disease. by stopping up the outlet which nature has made through which to drain the system of impurities. will not say that radical cures never ocur under this treatment, but I am of the opinion that the risk of metastasis is too great for our justification in attempt-

We can but see that if an agent acting tob powerfully upon a diseased surface is applied, before the system is in order, through the attempt of nature to place it so, and the avenue of exit closed. either the system must continue to suffer from the presence of this poison, which was the primo cause of the externalsymptom, or else other parts must be in-

aded, with the same end in view. Opposition to the natural course of isease will promote rather than retard it, by adding to its volume from pressure of defeat or confinement, when seemngly impregnable breastworks are car-

ied with great case. When the natural elimination of illscase is obstructed, the result will be such the same as when a mighty river s stopped in its course; if there be a weak spot in its banks, it will surely be found, with imminent danger to whatover may come in its way. At this juncture we find complications

that had never been thought of before; such wanton destruction of tissue and utter demoralization of the surround the renders of your valuable paper a ings, that we begin to look around to unon which to build, and then begin to If the system like not too far degenerated we may still be lible to bring it up,

embering that we may have a constitution which must not be violated; provide nutrition that will be assimilated of disease will occur until the whole in a healthy mantier by the aid of medicines, if necessary, but of his mount Physiology has taught us the source and end of nutrition, with the intimate velopment of the pustule, which is ovi- organism with its centre through the dence that the whole system is affected circulation, and how easily the whole in the drawling quiet tone so common to us a tidy lot before we handed. My pal, before the external manifestation.

System becomes contaminated from subthe venereal poison, contagion, and stances placed upon sensitive nervous the Captain besefed by a Fonian, reflectively;, but suddenly remembering

MARY AND HER LITTLE LAMB. THE TRUTH OF THE STORY AT LAST. BY JINGO.

Mary had a little lamb That did caross and fawn her, He followed her to Sunday School, The teacher tried to put him out, But Mary at him flew, Said she "how dere you tough thist lamb!"

New Mary's lamb would buttilike din, 1000 ? None knew him but to foar; He quickly broke the teachers's back, Then "shalked off on his car." And then he pulled down all the books That lay upon the shelf, 'no Thou blested out in thunder tone Then Mary hugged her little lamb

And bade the schubl good byd,

And patting him upon the back.

"ME AND MY PAL."

A TALE OF THE CUBAN REBELLION. My associates through life have been many and various. I have hobnobbed with "noblemen, gentlemen of property, pay, and other responsible parties" (see niary advertisements in the Army and Nacy Gazette); and I have fraternized with grooms, gamekeepers, jockeys, trainers and touts. Nay, on one occasion, being belated in a heavy, snowstorm at the Bald-faced Stag at Firehley, born of our host's good run, the thrust whip and reins into my astonished hands, ago. (1917) and dimbing into the receptade; but Mr. Jonas Baxter, therefore, was good adventures." me to pilot his sombre chariot home.

following, appropriately, speechlessly, drunk, in a four-wheeler, But of all the strange companions into whose seciety I have ever been thrown by a perverse fate, or whose companionship I have sought from what my friends are life" (no idea could be more erroneous most inscrutable. I am going to tell you a tale without a hero. Its "leading gentleman" (if such a torm be applicable) is alluded to in my title under "the first person singular, nominative case-me. (Mr. Squeers is my authority for this grammar); and the identity of myselfmoi qui vous parle-is mergod in the endearing epithet of "my pal." This title forms an expression which constantly fell from the revered lips of

.His name was Jones Baxter, and he was the most intropid, desperate, and skilful burglar that ever laughed at Scotland yard, or goaded the New York ference to the terrors of the Tombs.

At the time of which I write (very country for his country's good," and arrived in New York via Adstralia. I think the fact that all persons are after holding a temporary position under not susceptible to inflection, from mias- her Majesty's Government in that colony. matic influences, is sufficient proof that When my story opens, Mr. Webster appears before the public as a filibuster, having (with a view to insular depreda-The internal administration of a single tions) volunteered to aid the oppressed ose of the indicated remedy will often Cubans in redcoming the "ever faithful at P___are \$6,000,000 in gold.. Let's upon as an inseparable part of the wholes honor of numbering that true patriot,

Mr. Baxter, in its ranks. I was ignorant, however, of the greatpess thrust upon me by this enfolment liseased organs, may, and often does, had left New York, when I had reason very heartily to be thankful for his mutual aggrandizement. To, my sur- occupied one side of the principal place, enlistment.

Of these the most unruly and the most thoroughly brutal were the Irish Americaus the sweepings of New York, the in the "down-town" spirit stores of the intense annoyance, almost terror, of the commandant's wife (a Cuban ladt). ordered the ruffian to gotforward. Excited by whisky, he turned on me, and our discipline with the men was, I was pressed it, "taking the whole pile." bound to punish him, and I accordingly ordered him to be confined. Immediately drawing his formidable knife, the rascal (as the Yankees say) "went for see me faked out in these here togs." me.". I was standing on the after-hatch quite unarmed; having left my sword and pistols in the cuddy; and, providentially, as he hurled himself on to me, his great favor by laying it before them, as see if we really have a constitution left foot tripped on the combings of the the exploits of former warriors of the hatchway, and he fell almost at my feet, think of what we call "constitutional the murderous weapon, aimed at my breast just grazing my thigh. Howas had pleased his fancy ito invest me by up again in an instant, with arm uplifted for a second and more fatal stab, when "Do you remember," said he, when providing we do not again stop the a crack like the smash of a carriage the D- mail was robbed of £00,000 in natural course of elimination, and re-panel was heard, and Private Felix specie? "ATwas I that did ft. Sevente O'Gorman dropped with a fractured four times did I travel down first-class skull on the deck before a blow from a by that very train from Victoria station handspike, wielded by Mr. Jonds Baxter, before I got the chance I wanted. There burglar and Cuban patriot. There was were four of us in it; and a very few and mistaking the man's intionality for a more journeys would lieve broke us for moment, even before he spoke.
