FOR SURVEYOR GENERAL, COL. BOBERT B. BEATH, of Schuylkill. THE STATE - CONVENTION AND

ITS WORK, It is seldom any political party enters a campaign under more favorable circumstances, than those which surround us as we begin the present one. The State Convention, held last week, was largely attended, and an unusual interest manifested in its labors. The ut most harmony prevailed, and all members of the party express their entire satisfaction at the result. The candidates nominated, are in all respects, worthy of the honor conferred upon them, and their records will appeal strongly for the support of all good citizens of the State.

Dr. Stanton is a resident of New Brighton, Beaver county, and is a son of the late Dr. Benjamin Stanton, of C _ He was born in 1829, and when twenty-one years of age removed to his present place of residence and commenced the practice of medicine, a profession he is still actively and profitably engaged in, his evidences of merit and qualifications being apparent in diplomas from the Cleveland Medical College and the University of Pennsylvania. In August, 1861, he entered the service of his country as surgeon of the 1st Pennsylvania Cavalry, and was connected with the Army of the Potomac until promoted to the post of surgeon U. S. V., in November, 1862, from which date until he resigned, in December, 1865, he acted as Superintendent of Hospitals, and as assistant and acting Medical Dia rector of the Northern Department, on the staff of Gens. Heintzelman and Hooker. In 1864 he was breveted lieutenant colonel, and in 1865 was made brevet colonel. The Doctor is of Quaker descent, was an old time Abolitionist and is a near relative of the lamented Secretary of War Stanton, to whom he has a strong personal resemblance.

Col. Robert B. Beath was born in the Third ward of the city of Philadelphia, January 26, 1839, of Scotch parentage. He served an apprenticeship with Merrick & Sons, at their great Southwark foundry. He enlisted from there as private, months' service in Company G. 22d Pennsylvania, and was mustered out as sergeant. On September 5, 1861, he was mustered in as sergeant of Company D 88th Regiment Pennsylvania volunteers, serving as such until promoted to second lieutenant, dating December 18, 1862. He was wounded in the foot at the second Bull Run battle, in which he participated. In August, 1863, he was promoted to be captain of Company A, 6th Regiment with this company and regiment in all

After this affairs of men to be taken at the shood, has now in my judgmont reached us, when the Democratic party of to-day, laying aside the weight and shaking from it the dead body of the past, yet adhering to its ancient principles, can and must at one bound place itself upon the vantage ground of the present, and defy its foes to battle upon the living issues of the hour. It is the purpose of these resolutions to establish the Democratic party of Montgomery county openly upon this firm and impregnable basis. Tacitly and in fact, we have stood upon it for the past two years, and victory has been ours. It is true we have abolished slavery, and engrafted on the Constitution those now proceed to make nominations for principles of justice, freedom and equality, which the Constitution of a free at its birth, had it not been for the inherited curse of human bondage. But it is not enough that we should merely enact these amendments; it will require the administration of a loyal, justice loving party to enforce their observance.

The Democratic party has already roulaimed them null and void, and their Southern masters who are clamoring for their repeal, will force that plank into their platform of the next Presidential campaign. The bloody outrages of the sure thing that if the Democracy stood now proceed to place candidates in Democratic organizations of the South, of daily, or rather nightly occurrence, and their open justification by the Demos cratic press and by their members on both floors of Congress, clearly foretell the issues of seventy-two, and foreshadow the reign of terror which will ensue if we fail in the performance of our sacred duty should they succeed in the accomplishment of their vile purposes. In view of their tremendous, increasing and unscrubulous efforts to regain their lost power, it believes us to be on the alert. We must not permit the reins of power so soon to fall into the hands of those who proved so shamefully recreant to their sacred thust. They must not sucseed in their desire to render nugatory the fruits of the late war which cost so

He leaves a large circle of friends and acquaintances to mourn his death.

BALL'S KRYSTONE REAPER AND MOW-ER -Ball's Keystone Reaper and Mower, with the Johnson Self Rake Attachment, Mellick Manufacturing Co., Phillipsjudges a machine of unsurpassed merit. It is simple in construction, light and strong, and not liable to get out of order. It had an immense sale last year, was thoroughly tested, and gave universal satisfaction. The Mowing and Reaping Attachments are entirely separate, which enables the farmer to change from mowing to reaping in five minutes, making a good single mover and one of the very best combined machines in use. Farmers contemplating the purchase of a Mower and Reaper will do well to examine Ball's Keystone, and we feel satisfied they will make selection of it.
