A YER'S HAIR VIGOR. HAIR VIGOR HAIR VIGOR. HAIR VIGOR.

For restoring Gray Ilair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin bin'ris thick ened, falling hair checked, and buldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouting the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the bair from turning gray of falling off, and consequently prevent falling off, and consequently prevent buldness. Free from those deleterious substances which make some preparations

langerous and injurious to the hair the Vigor can only benefit but now harm at If wanted merely for a in the country. Its officers and directors "mean business," and have organized with the ylow of HAIR DRESSING. nothing else can be found so destrable Containing neither oil or dye, it does no soil white cambric, and yet hats long on the hair, giving it a rich glossy lustre and and a græeful perfume. -Prepared by Dr. J. where many other inhellines require six and eight horses.

The Cumberland Valley Threslier and Cleaner was tried on the grounds of the Cumberland County Agricultural Society at the Fair of 1870, a large crowd of farmors being present to witness its operation. The trial was completely successful, and the machine proved its ability to thresh, clean, and separate grain in the most satisfactory manner. All who witnessed the trial expressed their approval in the warmest terms. The Committee on Agricultural Implements also gave the machine a special notice in their report, ströngly recommending it. The Cumberland Valley Thresher and Separato has also been recently, used by Col. William M. Henderson, at his farm near Carlisle, in threshing and cleaning a large crop. So fully is he satisfied of its great merist hat he allows us to use his name as a reference. Farmers who wish further, and fuller, particulars as to the working qualities of this new machine are therefore respectfully referred to Col. Henderson, one, of the most widely known farmors of Cumberland county.
