THURSDAY, JANUARY 4, 1871.

We wish all our subscribers a Happy New Year.

The watch meetings were well attended.

Don't forget that next week is the "Week of Prayer."

The regular term of the January Court convenes on Monday next.

SHERIFF FOREMAN will sell several properties at public outcry to-morrow.

Owing to the number of communications which appear in the present issue, several "locals" have been crowded out.

MANY "drunks" were seen on the streets on Monday last. But then New Year's only comes once a year.

Mr. J. H. HENSEN presented us with some delicious shubarby wine of his own manufacture, for which we tender thanks.

REV. AUSTIN GAYLOR, from Scotland, Franklin county, will preach on Sabbath, January 7, in the English Lutheran church, of this place.

Our Carrier heroically tapers his thanks for the liberal manner with which he was patronized by our citizens, on the first instant. "His brightest dreams were realized."

We acknowledge the receipt of a handsomely executed card from the Union-Office, Rock Island, Illinois.

It is particularly requested that every member of Cumberland, Ohio, No. 38, B. U. (H. F.) O. G. A., should be present on this (Thursday) evening. Bro. A. Newman, Grand C. W. of the State of Pennsylvania, is expected to be present and install the officers elect.

AMERICAN HOMES.—The January number of this popular illustrated dollar magazine is a full of good things as a New Year's morn is of good promises. Among the notable articles is one, on "Society in Washington" by Mr. Ramsdell, the well-known Washington correspondent, and there is the usual supply of stories, disquisitions, wit, household articles, a popular song, and departments for Free Masons, I. O. O. F., A. R. C. of P. &c.—the whole forming a rich collection of literature for ten cents. The New York Tribune well says: "that its pictorial embellishments enhance the value of American Homes, and that it will hold its own in many families against more costly magazines."

A new story by George Alfred Townsend is announced for the February number. A perfect copy of the Grand Duke Alexis autograph is sent with the January number, and our specimen shows that it is a valuable memento of the Duke's visit. Chas. B. Taylor & Co., 51 Water street, Boston, are the publishers.

LIST OF PATENTS.—The following patents were issued from the U. S. Patent Office, to citizens of Pennsylvania, outside of Philadelphia, for the week ending December 10, 1870.

The residence of Mr. Joseph Rines, editor of the Mechanicsburg Journal, was destroyed by fire on Thursday, the 2nd inst. We have not been able to obtain any particulars of the conflagration. Mr. R. has our sympathy in this most dreadful calamity which has befallen him.

TRAVEL.—Messrs. Robert Allison & Son, will accept thanks for a tray of fine large oysters received on New Year's morning. If you wish a dish of elegant oysters, served up in splendid style, together with all the delicacies of the season, pay their saloon a visit at an early day.

WHERE you enter the composing room of a newspaper office, do not engage in loud or boisterous conversation; it is not only against the workmen, but is "entirely out of order." A word to the wise is sufficient.

MR. W. A. HENRY, our young and popular friend, at the corner of Haver and Louth streets, has again placed us under obligations for a large quantity of choice loaves. This species of the vegetable kingdom, was raised by Mr. David Miller, in Middlesex township, and certainly reflects great credit on the success which has attended his efforts as a gardener. Mr. Henry has perfected arrangements with Mr. Miller, by which our citizens can obtain fresh loaves at his establishment every day. Give him a call.

The weather during the past 10 days has been "fitful as a maiden in her teens." On Friday and Saturday last, our borough was "ice bound," the pavement and roofs were covered with ice, to the great delight of Young America. "The oldest inhabitant" informs us that it surpassed anything he had ever seen in the shape of frozen rain.

ACCIDENT.—On Saturday evening last, the train going north on the South Mountain, met with an accident when Wednesday, January 2, between Hunter's Run. It was caused by the track spreading, and throwing 2 house cars filled with ice, 2 platform cars and 4 cars down the embankment. Wm. Rhoads, of this place, and another man, who were on the train, were thrown out of their narrow berths. Fortunately they escaped uninjured. Conductor O'Leary, who was on the train, was under control, and was moving at the rate of 10 miles per hour, when the accident happened. Several persons have since been seriously injured.

AYEN'S AMERICAN ALMANAC, for the new year, has arrived for delivery gratis by J. B. Haverstick, No. 5, S. Hanover st., to all who call for it. This little annual has the largest circulation of any book in the world, made by the fact that it furnishes the best medical advice which is available to the people—enables them to determine what their complaints are and how to cure them.—It contains the starting announcement of the conjunction of a comet, or the combustion of one of the stars in the firmament with all its attendant phenomena.

THERE is, probably, no way in which we can benefit our readers more than by recommending to them for general use Johnson's Anodyne Liniment. It is adapted to almost all the pains—croup, family medicine; and as a specific for coughs, colds, whooping cough, soreness of the chest, lumbago, rheumatism, splitting of blood, and all lung difficulties, it has no equal that ever was or heard of.

THE propriety of giving condition medicine to horses, catarrh of the eye, and other ailments, has been discussed and admitted by Messrs. Agricultural societies throughout the State last Fall, and the result is that every owner of a horse should have a supply of Stewart's Cavalry Condition Powders. Good judgment.
